CERTIFICATION PER SECTION 120.695(2)(c)1., FLORIDA STATUTES

I, Leon Biegalski, Executive Director, Department of Revenue, pursuant to the authority delegated to me by the Governor and Cabinet under Rule 12-3.007(1)(h), Florida Administrative Code, do hereby certify that the Department of Revenue has conducted a review of its rules as required by section 120.695, Florida Statutes. This review was performed to identify rules that regulate a business, occupation, or profession, and that, if not complied with, may result in a disciplinary penalty. The review did not identify any rules which impose a disciplinary penalty, other than rules applying statutorily-required penalties. Statutorily-required penalties are not "agency action," within the meaning of section 120.695(2), Florida Statutes; and, therefore, do not meet the requirements to be deemed a minor violation. Accordingly, the Department does not have any rules to certify at this time.
