Introduction

The Florida Department of Revenue (FDOR) provides import functionality for Insurance Premium Tax on our website.

This functionality allows the submission of information to FDOR. The output file created using this specification will allow you to meet the insurance premium tax filing requirements for Schedule 12 and/or Schedule 13 of the DR-908 annual return.

We encourage you to read the specifications thoroughly prior to creating your import file to help ensure accuracy and successful import of your data.

In order to access the website, go to the FDOR home page at: <http://dor.myflorida.com/dor/>, select “File and pay taxes and fees”, select “Insurance Premium Tax” below “Step 3: E-file and e-pay taxes and fees using the Department’s website”.

We provide the ability to check your import file format on the main menu of the FDOR Insurance Premium Tax website. This option is for test purposes only, and does not cause a submission.

You can contact us with questions regarding the use of this import application at e-services@dor.state.fl.us.
