Important Information Concerning Application for Fuel Tax Refund
Municipalities, Counties and School Districts
A Power of Attorney, Florida Department of Revenue Form DR-835,
must be properly executed and included if this application is prepared by your representative.

1. Permit holders are entitled to a refund of the fuel sales tax levied under sections (ss.) 206.41(1)(b) and (g) and 206.87(1)(a) and (e) of Chapter 206, Florida Statutes (F.S.), on gasoline, gasohol and diesel fuel purchased. The applicable tax rates are entered by the Department and are published annually in Taxpayer Information Publications and on the Department's website at floridarevenue.com/taxes/rates.

2. Applications are to be used only for the quarter indicated on the face of this application. Only original refund applications are acceptable. Application forms may be requested from the Department's Refund section at 850-617-8585.

3. Refund permits are renewed on an annual basis only if the permit holder files quarterly claims during the year.

4. Claim must be filed quarterly, no later than the last day of the month immediately following the end of the quarter. The filing date may be extended one additional month when a justified excuse is submitted in writing and the last preceding claim was filed timely.

*A:Amended application for prior quarter must be received by current quarter's deadline. Example: You must submit an amended March quarterly application by July 31.

5. Each permit holder must maintain records to substantiate:
   • Fuel was used by a qualified applicant
   • Fuel taxes were paid on the refundable gallons
   • Gallons reported as Beginning and Ending Inventory
   • Fuel was used in an eligible manner
   When copies of your records are required to determine the amount of refund due, the Department will issue a written request to you within 30 days of the receipt of your application. Your application for a refund is not complete until the requested records are received by the Department.

6. The Schedule of Purchases (Page 3), detailing the information listed below, may be submitted instead of original invoices. Include only one product type listed at the top of the Schedule of Purchases. Separate schedules must be used for each product type. However, first time filers of this form must submit tax paid invoices with their initial refund request.

A. Name and address of supplier that you purchased motor fuel from.

B. Department of Environmental Protection storage tank facility identification number of the tank where the motor fuel was stored prior to purchase or the federal employee identification number of the seller.

C. Type of motor fuel you purchased using the product types listed at the top of the schedules.

D. Sales invoice number.

E. Date that you took possession of the motor fuel from the supplier (must be within this calendar quarter).

F. County in which you took possession of the motor fuel from the supplier.

G. Total price you paid for the motor fuel purchased.

H. Number of gallons of motor fuel you purchased.

7. In the event of overpayment of any refund, the Department of Revenue will refuse to make further refunds and advise the payee of the amount to be reimbursed.

8. Gallons that you purchased during the previous year and consumed during the current quarter will not be eligible for the full refundable rate for the current year. Instead, these gallons should be multiplied by last year's rate. This adjustment will compensate for any inventory that was assessed at last year's rate and carried forward to the current calendar year.
