Florida Fuel or Pollutants Tax Information

Who must register?

Businesses or individuals that must have a license under Chapter 206, Florida Statutes (F.S.), include those who:

- blend taxable with non-taxable fuel
- blend any product with motor or diesel fuel outside the bulk transfer/terminal system for personal use
- export or import product
- sell product defined as motor, diesel, or aviation fuel, unless at retail
- operate a terminal registered with the Internal Revenue Service
- sell natural gas at retail
- deliver fuel

Note: It is a third degree felony to operate without a license.

Use this application to request one or more of the following licenses:

**Blender** - Any person who blends any product with motor or diesel fuel and who has been licensed or authorized by the Department as a blender.

**Carrier** - Every railroad company, pipeline company, water transportation company, private or common carrier, and any other person transporting motor or diesel fuel, casing-head gasoline, natural gasoline, naphtha, or distillate for others, either in interstate or intrastate commerce, to points within Florida, or from a point in Florida to a point outside Florida.

**Exporter** - Any person who has met the requirements of section (s.) 206.052, F.S., and who is licensed by the Department as an exporter of taxable motor or diesel fuels either from substorage at a bulk facility or directly from a terminal rack to a destination outside Florida.

**Importer** - Any person who has met the requirements of s. 206.051, F.S., and is licensed by the Department to import motor fuel or diesel fuel upon which no precollection of tax has occurred, other than through bulk transfer, into Florida by common carrier or company-owned trucks.

**Local Government User of Diesel Fuel** - Any county, municipality, or school district licensed by the Department to use untaxed or dyed diesel fuel in motor vehicles.

**Mass Transit System Provider** - Any licensed local transportation company providing local bus service that is open to the public and travels regular routes.

**Pollutants** - Any person who imports or produces a pollutant. Pollutants include any petroleum product, as well as crude oil, pesticides, ammonia, chlorine, and solvents. A pollutant does not include liquefied petroleum gas, medicinal oils, waxes, or products intended for application to the human body, for use in human personal hygiene, or for human ingestion.

**Retailer of Natural Gas** - Any person who sells or supplies natural gas fuel to an end user, for use in the fuel supply tank of a motor vehicle. “Natural gas fuel” is defined as any liquefied petroleum gas products, compressed natural gas products, or a combination thereof for use in a motor vehicle.

You are not required to obtain a retailer of natural gas license if:

- You only have facilities for placing natural gas fuel into the supply system of an internal combustion engine fueled by individual portable containers of 10 gallons or less and the natural gas is used for an exempt purpose.
- You have a residential refueling device for natural gas that is located at your primary residence and the gas is for personal use only.

**Terminal Operator** - Any person who owns, operates, or otherwise controls a terminal. A terminal operator that owns the motor or diesel fuel that is transferred through or stored in the terminal, must also be licensed as a terminal supplier.

**Terminal Supplier** - Any position holder who has been licensed by the Department as a terminal supplier, has met the requirements of ss. 206.05 and 206.90, F.S., and is registered under s. 4101 of the Internal Revenue Code for transactions involving the bulk transfer and transfer of taxable motor or diesel fuels.

**Wholesaler** - Wholesalers are persons who purchase gasoline, gasohol, diesel, or aviation fuel (undyed kerosene, aviation gasoline, or jet fuel) from terminal suppliers or other wholesalers outside the bulk transfer system, place fuel into storage, and sell fuel to terminal suppliers, other wholesalers, retail dealers, or end users.

A licensed wholesaler must get a separate license to import or export fuel into or out of Florida.

How do I get a Fuel or Pollutants Tax license?

Follow the five-step process below:

**Step 1. Application Process** – Complete a separate Florida Fuel or Pollutants Tax Application (Form DR-156) for each business activity or group of activities operating under one Federal Employer Identification Number (FEIN). Those businesses with more than one fuel activity may apply for different license classifications on one application.

**Step 2. Background Check** – Applicants requesting a terminal supplier, importer, pollutants, exporter, blender, carrier, terminal operator, wholesaler or retailer of natural gas fuels license must undergo a background check conducted by the Florida Department of Law Enforcement (FDLE), the Federal Bureau of Investigations (FBI), and the Department of Revenue.

- Department of Revenue Investigative Background Information - Complete questions 37 through 49 on the Florida Fuel or Pollutants Tax Application (Form DR-156).
This information will be used by the Department of Revenue to determine the financial standing of the applicant.

- Florida Department of Law Enforcement (FDLE) and the Federal Bureau of Investigation (FBI) – Information on how to initiate an external background check will be provided by the Department of Revenue upon receipt of your Florida Fuel or Pollutants Tax Application (Form DR-156).

Persons required to undergo a background check include:

- The license holder.
- The sole proprietor of the license holder.
- A corporate officer or director of the license holder.
- A general or limited partner of the license holder.
- A trustee of the license holder.
- A member of the unincorporated association license holder.
- A participant in a joint venture of the license holder.
- The owner of any equity interest in the license holder, whether as a common shareholder, general or limited partner, voting trustee, or trust beneficiary.
- An owner of any interest in the license or license holder, including any immediate family member of the owner, or holder of any debt, mortgage, contract, or concession from the license holder, who is able to control the business of the license holder.

Note: Publicly held corporations that are traded on a national securities exchange, mass transit system providers and local governments are exempt from undergoing a background check.

Step 3. Bonding – Florida law requires you to file one or more bonds with the Florida Department of Revenue before a terminal supplier, wholesaler, importer, exporter, or pollutants license may be issued. Other than an importers license, the bond must equal three times the estimated average monthly gallons purchased times the total tax levied, not to exceed $300,000. An importer's bond must equal 60 days of tax liability. There is not a maximum bond amount for an importers license. A separate bond is required for each product type. If the average is less than $50, no bond is required.

Complete the Bond Worksheet (Form DR-157W). Provide the required Fuel or Pollutants Tax Surety Bond (Form DR-157), Assignment of Time Deposit (Form DR-157A), Fuel or Pollutants Tax Cash Bond (Form DR-157B), or Irrevocable Letter of Credit located at floridarevenue.com/forms.

Step 4. Enrolling to File and Pay Electronically – Terminal suppliers, wholesalers/importers, blenders, terminal operators, petroleum carriers, and exporters are required to file and pay electronically. In addition to all other penalties, Florida law imposes a monthly penalty of $5,000 for failing to file and pay electronically. Enroll to file and pay electronically at floridarevenue.com/taxes/eEnroll or by completing an Enrollment and Authorization for e-Services (Form DR-600).

Step 5. Submitting your Application - Mail your application (Form DR-156) and bond worksheet (Form DR-157W) to:

Fuel Unit - Account Management MS 1-5730
Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0160

How much is the license?
A registration fee is not required to obtain a fuel or pollutants license.

When are licenses issued?
The Department will mail the Fuel/Pollutants License (Form DR-114) to you when all application requirements have been met. A Fuel/Pollutants License authorizes you to begin conducting business for the activities listed on the license. If you do not send the required form(s) to the Department and complete the background investigation(s), we will not be able to approve your application. Licenses are typically issued within two weeks.

A Fuel/Pollutants License (Form DR-114) is valid for one year (January 1 – December 31) and must be renewed annually. The Department mails annual renewal forms to all registered certificate holders beginning in October. Be sure to notify the Department of business address changes so that you will receive information and renewal forms. If you do not annually renew your Fuel/Pollutants License, you will be required to submit a new registration application and undergo another background investigation.

When do I begin filing tax returns?
Tax returns must be filed monthly, beginning with the month your business opens. A return must be filed even if no tax was collected. A retailer of natural gas is not required to report or pay tax on natural gas fuel purchases until January 1, 2024.

What if I am already doing business and have not applied?
The business owner should immediately stop operating and contact the Account Management Fuel Unit to properly register and make arrangements to calculate and remit any taxes or penalties due.

When do I need to contact the Department of Revenue?
- If you move.
- If you need assistance.
- If you close your business.
- If you change your contact person.
- If you change or add a licensable business activity.

How do I get more information?
- For assistance with this application or general information about fuel tax, call Taxpayer Services at 850-488-6800, Monday through Friday, excluding holidays.
- Information and forms are available on the Department’s website at floridarevenue.com/forms.

Note: Due to federal security requirements, we cannot process international ACH transactions. If any portion of the money used in payments you will make will come from financial institutions located outside of the US or its territories for the purpose of funding these payments, please contact us to make other payment arrangements. If you are unsure, please contact your financial institution.
Section 6 – Enrollee Authorization and Agreement

This is an Agreement between the Florida Department of Revenue, hereinafter “the Department,” and the business entity named herein, hereinafter “the Enrollee,” entered into according to the provisions of the Florida Statutes and the Florida Administrative Code.

By completing this agreement and submitting this enrollment request, the Enrollee applies and is hereby authorized by the Department to file tax returns and reports, make tax and fee payments, and transmit remittances to the Department electronically. This agreement represents the entire understanding of the parties in relation to the electronic filing of returns, reports, and remittances.

The same statute and rule sections that pertain to all paper documents filed or payments made by the Enrollee also govern an electronic return, or payment initiated electronically according to this enrollment.

I certify that I am authorized to sign on behalf of the business entity identified herein, and that all information provided in this document has been personally reviewed by me and the facts stated in it are true. According to the payment method selected, I hereby authorize the Department to present debit entries into the bank account referenced at the depository designated herein (ACH-Debit), or I am authorized to register for the ACH-Credit payment privilege and accept all responsibility for the filing of payments through the ACH-Credit method.

Florida law requires you to file one or more surety bonds or other form of security with the Florida Department of Revenue before a terminal supplier, importer, exporter, or pollutant license may be issued. Instead of a surety bond, you may submit an assignment of time deposit, cash bond, or an irrevocable letter of credit.

To compute the bond(s) required for your license classification(s), complete the attached bond worksheet and include it with your Florida Fuel or Pollutants Tax Application (Form DR-156). If you have questions, please call the Account Management - Fuel Unit at 850-488-6800.

### Worksheet Instructions

**Step #1:** Fuel Product Type (COLUMN 1). Identify the table(s) associated with the license type(s) that require a bond or other security. Identify the fuel type(s) that you will deliver or import into Florida or export out of Florida.

- **Terminal Suppliers**
  - Table A1

- **Wholesaler With EFT Authority**
  - No Import Activity: Table A1
  - With Import Activity: Table A1 and Table B
  - Export Activity: Table A1

- **Wholesaler Without EFT Authority**
  - No Import Activity: Table A2
  - With Import Activity: Table A2 and Table B
  - Export Activity: Table A1

- **Pollutants**
  - Table C

- **Exporters**
  - Table A1

*EFT Authority* — Allows wholesalers to withhold payment of tax to a terminal supplier until the 19th day of the following month in which the fuel was purchased.
**Step #2:** Tables A1 and A2 - Terminal Suppliers, Wholesalers, and Exporters: For each fuel type, estimate the average monthly gallons of fuel to be purchased for delivery in Florida or for export.

Table B - Importers: For each fuel type, estimate the average daily gallons of fuel to be purchased for delivery in Florida.

Table C - For each pollutant, estimate the average monthly gallons first removed from storage in Florida or first sold in Florida.

For each type of fuel or pollutant, enter the estimated number of gallons in COLUMN 2 of the applicable Table(s).

**Step #3:** Multiply the estimated gallons from (COLUMN 2) by the tax rate(s) shown in (COLUMN 3). Enter the result in (COLUMN 4). Tax rates are published annually in Tax Information Publications posted on the Department’s website at [floridarevenue.com/taxes/tips](http://floridarevenue.com/taxes/tips) or [floridarevenue.com/taxes/rates](http://floridarevenue.com/taxes/rates).

**Step #4:** Multiply the result in COLUMN 4 by the number in COLUMN 5. Enter the result in COLUMN 6. This is your bond amount.

**Step #5:** Attach the completed Bond Worksheet to your completed application (Form DR-156).

**Bonds and Security**

To satisfy bond requirements, you must provide one or more of the following for each bond required.

- *Fuel or Pollutant Tax Surety Bond* (DR-157)
- *Assignment of Time Deposit* (DR-157A)
- *Fuel or Pollutant Tax Cash Bond* (DR-157B)

An irrevocable letter of credit may be submitted to the Department of Revenue instead of a surety bond. An irrevocable letter of credit must contain the following:

- The Florida Department of Revenue must be the beneficiary
- The expiration of the letter of credit must automatically be extended without amendment for a one-year period unless otherwise authorized in writing by the Department

If the letter of credit is to cover more than one fuel product type, a cover letter of explanation must be provided.

At least 60 days prior to any expiration or termination of the letter of credit, the bank or savings association must notify the Department of the expiration or termination.

The Department annually publishes the state and local motor fuel tax rates for each county and posts them at [floridarevenue.com/taxes/rates](http://floridarevenue.com/taxes/rates) in Tax Information Publications (TIPs) on Fuel Tax Rates. Exhibit B contains the motor fuel tax rate in the “Total Tax Imposed” column and the “Local Option Above Minimum” rate for each county. The annual TIPs are posted on the Department’s website at [floridarevenue.com/taxes/tips](http://floridarevenue.com/taxes/tips). Use the most recent annual TIP to determine the applicable tax rates for purposes of calculating the bond amount.
