IN AND FOR THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR ORANGE COUNTY, FLORIDA

HOST INTERNATIONAL, INC., A Delaware corporation,

CASE NO .:

Plaintiff,

V.

AMY MERCADO, as Property Appraiser for Orange County, Florida; SCOTT RANDOLPH, as Tax Collector for Orange County, Florida; and FLORIDA DEPARTMENT OF REVENUE, a state agency of the State of Florida.

Defendants.

COMPLAINT

The Plaintiff, HOST INTERNATIONAL, INC. ("the Taxpayer"), sues the Defendants, and alleges:

- This is an action for declaratory relief, contesting the legality and validity of the
 2022 assessments of leasehold property located in Orange County, Florida, and the taxes arising from those assessments.
- 2. This action is brought pursuant to Sections 26.012(2)(e), and 68.01, Chapter 86, and Parts II and III of Chapter 194, Florida Statutes (2022). It involves taxes assessed against a nongovernmental lessee of government property under the provision of Section 196.199(2). This Plaintiff is in doubt about its legal obligations to pay taxes based upon the assessments imposed by the Defendant Property Appraiser and is in further doubt whether the legal protection afforded taxpayers under Florida law is being applied by this Defendant, and by Defendant Tax Collector.

¹ All references to the Florida Statutes are to the current (2022) Florida Statutes.

- 3. The Taxpayer is a Delaware corporation authorized to do business in Florida. It is the party responsible for paying the taxes on the subject property as the lessee of a nongovernmental leasehold. The property is identified in paragraph 7 of this Complaint. The Taxpayer/Plaintiff is a subsidiary of HMSHost Corporation, and continues to do business under the name "HMSHost." The Taxpayer is responsible for payment for the tax as set forth in Section 194.181(1)(a), Florida Statutes.
- 4. AMY MERCADO ("the Appraiser") is the duly constituted and elected Property Appraiser of Orange County, Florida, and this action is brought against her in that official capacity.
- SCOTT RANDOLPH ("the Collector") is the duly constituted and elected Tax
 Collector of Orange County, Florida, and this action is brought against him in that official capacity.
- 6. FLORIDA DEPARTMENT OF REVENUE ("DOR") is a collegial agency of the State of Florida. Its head is the Governor and Cabinet. Service of process on DOR is effected by serving a copy of this Complaint on its Agency Clerk. DOR is included as a party only to the extent it is required to be under Section 194.181(5), and the Taxpayer is not asserting any violation of the State Constitution except to the extent the Defendant Property Appraiser has failed to assess the subject property at "just value" as she is required to do under that Constitution.
- 7. The Taxpayer leases space in the Orlando International Airport terminal where it provides food and beverage and retail service to visitors to the Greater Orlando area and to airport and airline employees. This leasehold includes food and beverage, as well as retail service facilities at a number of locations throughout the main and airside terminal structures. The Appraiser has assigned thirteen separate parcel identification numbers to this leasehold, reflecting the separate operations. In 2015, the Appraiser's predecessor quadrupled (x4) the assessment of these parcels from his 2014 assessments, and sextupled (x6) them from those of his predecessor in office (in

2012). The total assessment was adjusted downward, overall, by 3% to 4% for 2016 and then, inexplicably, increased slightly for each subsequent year, but inconsistently between parcels. Those tax levies subject to the assessment increase limitations ("caps") imposed under Article VII, Section 4(h) of the Florida Constitution, and Section 193.1555, were increased at least the full 10% each year, and in some instances, more, thereby exceeding the constitution assessment limits.

| 2012 | \$179,138 | \$179,138 |

8. In doing so, the Appraiser has assigned erroneous assessments to these parcels, beginning in 2015, indicating an enormous increase in value, for 2015, a small decrease from that value in 2016, and then fluctuating upwards for 2017, 2018, 2019, 2020, and 2021 absent any detectable change in the actual market during any of this period. There was a grudging acknowledgment of the Global Covid-19 pandemic, but patently inadequate for the actual economic devastation of the travel and aviation industries in 2020, as reflected in real values as of 1 January 2021. Her error is so egregious as to be arbitrary and capricious. Her actions reflect a value increase by a factor of 4 to 6 times previous determinations of market or just value. The Appraiser's assessments disregard the requirements of Section 193.011 and depart from professionally accepted appraisal practices. The Appraiser has assessed the property many multiples of its just value. Further, the Appraiser's assessment is arbitrarily based on appraisal practices that are different from the appraisal practices generally applied by this Appraiser to comparable property in Orange County, as well as by all other Florida appraisers in assessing food and beverage leaseholds at other Florida airports. Consequently, the assessment is unlawful, unjust, excessive, arbitrary, invalid, and illegal.

9. The Taxpayer has paid to the Collector the amount which it admits in good faith to

be owing and due and the Collector has provided his receipts, which are attached as Composite

Exhibit "A." Accordingly, the requirements of Section 194.171(3) have been met.

10. The Collector is made a party to this action because the Court must have jurisdiction

over him to ensure compliance with the requirements of Section 194.171(3) and the Florida

Administrative Code ("Rules") of DOR governing "good faith" payments in litigation to that

statute, and to order issuance of a refund.

WHEREFORE, the Plaintiff prays that this Court grant the following relief:

A. Set aside the assessments for the subject property made by the Appraiser for 2022.

B. Establish the 2022 just value of the subject property, taking into consideration all

criteria set out in Section 193.011, Florida Statutes, professionally accepted appraisal practices,

and utilizing the appropriate appraisal methodology applicable to the subject property as of

January 1, 2022.

C. Tax against the Defendants the costs of this suit, as determined by the Court.

D. Grant such other relief as shall be deemed appropriate to provide full relief for the

Plaintiff.

Date: December 13, 2022.
