**Status of Progress Toward Completion:** The expected response will provide an estimated percentage of improvement over the previous year or since the deficiency was initially identified.

**Identification of Challenges and Constraints:** Describe in detail the barriers preventing compliance and whether those barriers are because of staffing or budget limitations or are because of other causes.

**Description of Why Additional Time Is Needed to Comply with Roll Submission Standards:** The expected response will identify why the data cannot be in compliance by the April 1 submission due date.

**Plan for Collecting, Entering, and Reporting the Data Layer:** This should be a detailed plan of action describing the steps that will be taken during the process of bringing the data layer into compliance.
