Florida law requires the Florida Department of Revenue to approve allocations of tax credits available under the Florida Individuals with Unique Abilities Tax Credit Program on a first-come, first-served basis. Applying online will allow you to:

- create a secure, online account where your application information will be stored;
- quickly complete your application and receive a confirmation number with the date and time of submission; and
- view a summary of your applications and the status of each application.

If you are required to file Form F-1120 (*Florida Corporate Income/Franchise Tax Return*) by electronic means, you must apply for a credit online under the Florida Individuals with Unique Abilities Tax Credit Program.

For taxable years beginning during calendar years 2024-2026, Florida law provides a credit against the Florida corporate income/franchise tax imposed by Chapter 220, Florida Statutes (F.S.), to a qualified taxpayer that employs a qualified employee during the taxable year.

A **qualified taxpayer** means a taxpayer who employs a qualified employee at a business located in Florida.

A **qualified employee** means a person who has a physical or intellectual impairment that substantially limits one or more major life activities; a person who has a history or record of such an impairment; or a person who is perceived by others as having such an impairment, **and** the person has been employed for at least 6 months by a qualified taxpayer.

The credit is equal to one dollar for each hour the qualified employee worked during the taxable year, up to 1,000 hours. The maximum tax credit available to a qualified taxpayer is \$10,000 each year. Complete the requested credit computation schedule on page 2 of this form. Additional schedules may be attached if you have more than 10 qualified employees.

A separate application is required for each taxable year.
