b. Must be reduced by the difference in federal corporate income tax due computed with the credit and without the credit; ~~and,~~

c. Must be added back to taxable income in determining Florida corporate income tax due. For tax years beginning on or after January 1, 2018, if the amount of a credit taken under Section 220.1875, F.S., is added to federal taxable income on the Florida corporate income/franchise tax return in a previous tax year and is taken as a deduction for federal tax purposes in the current tax year, the amount of the federal deduction is not required to be added to federal taxable income on the Florida corporate income/franchise tax return in the current year. This provision ensures that the amount of the credit taken under Section 220.1875, F.S., is added to federal taxable income in the applicable tax year and does not result in a duplicate addition in a subsequent tax year.

(f) Contributions to an ~~SFO eligible nonprofit scholarship funding organization~~ are not payments of estimated tax or installment payments of tax. (b) ~~A separate application to carry forward an unused tax credit is required for each beverage license issued by the Division for which a separate return to report and pay the excise taxes on liquor, wine, and malt beverages is filed with the Division.~~

(c) ~~Within ten days of receipt of the application, the Department will send written correspondence regarding the amount of the credit carryforward, or the reason the carryforward request could not be approved. For excise tax on liquor, wine, and malt beverages, the Division must approve the carryforward before the Department will issue such correspondence. No request will be approved when the application for a credit allocation carryforward is submitted for a period beyond five years from the year in which the credit allocation was approved.~~

The allocation period for a calendar year is closed for all taxes and all taxpayers on October 1 of the third year following the January 1 opening of the allocation period, regardless of whether the annual tax credit cap has been reached November 30 of the subsequent calendar year. For example, the allocation period beginning January 1, 2018, for the state fiscal year beginning July 1, 2018, closes for all taxpayers on October 1, 2020.

You may apply for this credit allocation using the Department's website at floridarevenue.com/taxes/sfo. When applying for a tax credit allocation, a separate application is required for each nonprofit scholarship-funding organization (SFO), each separate beverage license, each sales tax certificate number, and each tax credit cap year. The tax year for insurance premium tax is the current calendar year. For corporate income tax, you must specify the applicable tax year. For all other taxes, you must specify the applicable state fiscal year.

Once you complete the online application you will receive a confirmation number that you can print out. The screen will display the information entered and confirm receipt of the electronic application for credit allocation. The Department will send you written correspondence. The Department will either approve an amount of tax credit allocation or explain why a credit allocation could not be approved.

In accordance with s. 1002.395(5)(f), F.S., the SFO indicated on the application will be provided a copy of your approval or denial letter.

Who May Apply?

The following taxpayers may participate in the Florida Tax Credit Scholarship Program for contributions to nonprofit SFOs:

- Florida oil and gas production taxpayers (ss. 211.02 and 211.025, F.S.).
- Taxpayers who pay sales tax under a direct pay permit (s. 212.183, F.S.).
- Corporate income taxpayers (Chapter 220, F.S.).
- Taxpayers who pay excise tax on liquor, wine, and malt beverages (ss. 563.05, 564.06, and 565.12, F.S.).
- Insurance premium taxpayers (s. 624.509, F.S.).

Oil and Gas Production Tax

One hundred percent of an eligible contribution is allowed as a credit, but the amount of the credit taken may not exceed fifty percent of the tax due on the return. A copy of the certificate of contribution from each nonprofit SFO must be attached to the return when claiming the credit.

Sales and Use Tax Due From a Direct Pay Permit Holder

One hundred percent of an eligible contribution is allowed as a credit. Before a credit can be claimed on a sales and use tax return, the taxpayer must submit a copy of the certificate of contribution from each nonprofit SFO to:

Florida Department of Revenue
Revenue Accounting
PO Box 6609
Tallahassee, FL 32314-6609

The Department of Revenue will respond with specific instructions about how to claim the credit on your sales and use tax return. In accordance with s. 1002.395(5)(f), F.S., the nonprofit SFO indicated on the application will be provided a copy of all letters or correspondence of acknowledgement generated by the Department with respect to the credit for sales and use tax from a direct pay permit holder.

Corporate Income Tax

One hundred percent of an eligible contribution is allowed as a credit. The credit granted must be reduced by the resulting decrease in federal income tax when considering this credit and the overall impact it has on the federal income tax due. The amount of credit taken must be added back to taxable income only once. A copy of the certificate of contribution(s) from each nonprofit SFO must be attached to the return when claiming the credit.

Excise Tax on Liquor, Wine, and Malt Beverages

One hundred percent of an eligible contribution is allowed as a credit against any tax due under s. 563.05, 564.06, or 565.12, F.S., except excise taxes imposed on wine produced by manufacturers in this state from products grown in this state. The amount of the credit taken may not exceed ninety percent of the tax due on the return. A copy of the certificate of contribution from each nonprofit SFO must be attached to the return when claiming the credit.

Insurance Premium Tax

One hundred percent of an eligible contribution is allowed as a credit against any tax due under s. 624.509, F.S., after deducting from such tax:

1. Deductions for assessments made pursuant to s. 440.51, F.S. (workers' compensation administrative assessments),
2. Credits for taxes paid under ss. 175.101 and 185.08, F.S. (firefighters' and police officers' pension trust funds), and
3. Credits for income tax paid under Chapter 220 F.S., and the salary credit allowed under s. 624.509(5), F.S., as these are limited by s. 624.509(6), F.S. (the sixty-five percent limitation).

A copy of the certificate of contribution from each nonprofit SFO must be attached to the return when claiming the credit.

Program Information

If the credit is not fully used in the applicable tax year (for corporate income or insurance premium tax) or state fiscal year (for excise tax on malt beverages, wine, and liquor; oil and gas production tax; or sales tax), the unused amount carries forward for a period not to exceed 10 years. However, if the applicable tax year begins before January 1, 2018, the unused credit cannot be carried forward more than 5 years. The credit cannot be conveyed, assigned, or transferred to another entity unless the other entity is a member of the taxpayer's affiliated group, or all of the assets of the taxpayer are conveyed, assigned, or transferred in the same transaction. For transfers to another member of the taxpayer's affiliated group, use Form DR-116200 [incorporated by reference in Rule 12-29.003, Florida Administrative Code (F.A.C.)].

Contributions must be monetary and must be made to eligible nonprofit SFOs. The Department of Education establishes the eligibility of the nonprofit SFOs. A list of nonprofit SFOs is available from the Department of Education's website at fldoe.org/schools/school-choice. Their phone number is 800-447-1636.

Once you receive written confirmation and approval for the credit allocation from the Department, you are expected to

make such contribution within the tax year or state fiscal year for which the credit allocation was approved. For corporate income tax years beginning on or after January 1, 2018, the contribution must be made on or before the due date of the Florida corporate income/franchise tax return, or the extended due date of the return if validly extended.

Upon receiving a contribution, a nonprofit SFO will issue a certificate of contribution to the taxpayer. This certificate will contain the following information:

- Contributor's name
- Contributor's FEIN
- Contributor's license number issued by the Division of Alcoholic Beverages and Tobacco
- Amount of contribution
- Date of contribution
- Name of nonprofit SFO

An officer or authorized representative of the nonprofit SFO will sign the certificate. You must attach a copy of the certificate(s) of contribution to your tax return when filed; or for sales tax direct pay permit holders, submit a copy of the certificate to the Department before claiming the credit.

All other requirements of s. 1002.395, F.S., must be met to claim this credit.

The letter granting approval of the credit allocation will indicate the time frame in which the contribution must be made, and express that the credit is contingent upon an eligible contribution being made and accepted by the nonprofit SFO.

If the nonprofit SFO listed on the approval letter is unable to accept a contribution or part of a contribution because of its obligations under s. 1002.395, F.S., and it provides a written statement declining the contribution, the taxpayer may make the contribution or partial contribution to another eligible nonprofit SFO. The taxpayer must keep the written statement for its records to support the credit claimed. Contributions must be made during the year specified in the approval letter. For corporate income tax years beginning on or after January 1, 2018, the contribution must be made on or before the due date of the Florida corporate income/franchise tax return, or the extended due date of the return if validly extended.

Contributions to a nonprofit SFO are not payments of estimated tax or installment payments of tax. Taxpayers must make installment payments to the Department of Revenue in accordance with ss. 220.34 and 1002.395(5)(g), F.S., and Rule 12C-1.034, F.A.C., for corporate income tax; ss. 624.5092 and 1002.395(5)(g), F.S., and Rule 12B-8.001, F.A.C., for insurance premium tax; and s. 212.11, F.S., and Rule 12A-1.056, F.A.C., for sales and use tax. For corporate income tax and insurance premium tax, penalty and interest applies to an underpayment of estimated tax unless the amount due under the prior year exception is timely paid. The installment amounts that must be paid to meet the prior year exception for corporate income tax and insurance premium

tax are decreased by the amount of the Florida tax credit scholarship program credit earned. Contributions must be made on or before the installment due date to decrease the amount that must be paid to meet the prior year exception. For corporate income tax years beginning on or after January 1, 2018, the contribution must be made by the due date of the Florida corporate income/franchise tax return, or the extended due date of the return if validly extended. All contributions that earned a credit for that tax year beginning on or after January 1, 2018, will apply to the first installment due for that tax year under the prior year exception.

Program Guidelines.

For corporate income tax, applications for allocation of tax credit can be submitted beginning on the first business day in January for contributions to be made in tax years that begin in the same calendar year through the day before the due date, or if extended, the day before the extended due date of the Florida corporate income/franchise tax return.

For insurance premium tax, applications can be submitted beginning on the first business day in January for contributions to be made in insurance premium tax years that begin in the same calendar year through the end of the insurance premium tax year.

For the excise tax on liquor, wine, and malt beverages, applications can be submitted beginning on the first business day in January for contributions to be made in the state fiscal year beginning the following July 1.

For the oil and gas production tax and sales tax paid under a direct pay permit, applications can be submitted beginning on the first business day in January for contributions to be made in the state fiscal year beginning the following July 1.

The allocation of each state fiscal year's allotted amount begins on the first business day in January.

Applications are accepted until the allotted amount is reached or until no more applications can be submitted for that tax year, whichever occurs first.

Example 1 - A corporate income tax taxpayer applying for a credit allocation for its tax year beginning on January 1, 2018, may submit an application on January 2, 2018, through the day before May 1, 2019, and if the return is validly extended, the application may be submitted through the day before November 1, 2019, assuming the annual allocation is not exhausted before the time of application. In this example, the taxpayer must contribute to the nonprofit SFO between January 1, 2018, and May 1, 2019, unless the return is validly extended, in which case the contribution must be made by November 1, 2019. If the credit is not fully used on its December 31, 2018, tax year, the unused credit can be carried forward up to 10 tax years.

Example 2 - A corporate income tax taxpayer applying for a credit allocation for its tax year beginning on December 1, 2018, may submit an application on January 2, 2018, through the day before April 1, 2020, and if the return is validly extended, the application may be submitted through the day

before October 1, 2020, assuming the annual allocation is not exhausted before the time of application. In this example, the taxpayer must contribute to the nonprofit SFO between December 1, 2018, and April 1, 2020, unless the return is validly extended, in which case the contribution must be made by October 1, 2020. If the credit is not fully used on its November 30, 2019, tax year, the unused credit can be carried forward up to 10 tax years.

Example 3 – An insurance premium taxpayer applying for a credit allocation for its tax year beginning on January 1, 2018, may submit an application between January 2, 2018 and December 31, 2018, assuming the annual allocation is not exhausted before the time of application. In this example, the taxpayer must contribute to the nonprofit SFO between January 1, 2018 and December 31, 2018.

Example 4 – A sales taxpayer or oil and gas production taxpayer applying for a credit allocation may submit an application between January 2, 2018 and June 30, 2019, assuming the annual allocation is not exhausted before the time of application. In this example, the taxpayer must contribute to the nonprofit SFO between July 1, 2018 and June 30, 2019, and the credit can be claimed after the contribution is made and before June 30, 2019. If the credit amount is not fully used before June 30, 2019, the unused credit can be carried forward up to 10 years.

Example 5 – A taxpayer who pays excise tax on liquor, wine, and malt beverages applying for a credit allocation may submit an application between January 2, 2018 and June 30, 2019, assuming the annual allocation is not exhausted before the time of application. In this example, the taxpayer must contribute to the nonprofit SFO between July 1, 2018 and June 30, 2019, and the credit can be claimed after the contribution is made and before June 30, 2019. If the credit is not fully used before June 30, 2019, the unused credit can be carried forward up to 10 years.

Instructions for Completing Form DR-116100

You may apply to the Department for rescindment of all or part of a previously approved allocation of tax credit under the Florida Tax Credit Scholarship Program using the Department's website at

floridarevenue.com/taxes/sfo. You must submit a separate application for the rescindment of each previously approved credit allocation.

Once you have entered the requested information, a confirmation screen with a confirmation number will appear. This screen will display the information entered and confirm receipt of the electronic application for rescindment. You can print this screen or simply record the confirmation number to prove that you submitted an application for rescindment.

If you don't have your original confirmation number contact the Revenue Accounting section at 850-617-8586.

The Department will send written correspondence regarding the approved rescindment amount or the reason the rescindment request could not be approved.

The Department will approve the rescindment unless:

- (1) You have claimed the credit amount to be rescinded on a previously filed tax return.
- (2) The allocation year is closed for all taxpayers. The allocation for a particular year is closed for all taxpayers on October 1st of the third year after the January 1 opening of the allocation period. For example, the allocation year beginning January 1, 2018, for the state fiscal year beginning July 1, 2018, closes for all taxpayers on October 1, 2020, regardless of whether the annual allotment has been reached because October 1, 2020, is the extended due date of the last tax year beginning in the 2018 calendar year (tax year beginning December 1, 2018, and ending November 30, 2019, with a due date of April 1, 2020, and extended due date of October 1, 2020).

Notice of Intent to Transfer a Tax Credit**

To transfer a tax credit or a tax credit allocation under the Florida Tax Credit Scholarship Program both parties to the transfer must be members of the same affiliated group of corporations.

The transferring member must notify the Department of any tax credit transfer prior to the receiving member reporting the tax credit on a tax return. PO Box 6609
Tallahassee FL 32314-6609

The Department of Revenue will send written approval regarding the amount of the tax credit transferred after receipt of a completed notice. You must have a letter from the Department approving the credit transfer prior to claiming the tax credit on a tax return.

The following tax allocations or tax credits may be transferred from one member of an affiliated group to another member of the same affiliated group:

- Tax credit allocations prior to making a contribution to an eligible nonprofit scholarship-funding organization.

- Tax credit allocations for which contributions have been made to an eligible nonprofit scholarship-funding organization, but the tax credit has not been claimed on a tax return.
- Carryforward tax credit amounts that have not been claimed on a tax return.

A transferred tax credit may only be used against the same tax as the original tax credit approved by the Department. For example, if the transferring member received a sales and use tax credit allocation, the receiving member may only use the transferred tax credit as a sales and use tax credit.

Members receiving a tax credit allocation must make a contribution to an eligible nonprofit scholarship-funding organization during the same period that the transferring member was required to make the contribution. The contribution must be made before the member may claim the tax credit.

A transferred tax credit may only be taken by the receiving member of the affiliated group during the same period that the transferring member was approved to take the tax credit.

A transferred carryforward amount may only be taken as a tax credit during the same time period as the transferring member was authorized to take the carryforward tax credit amount.

STATE OF FLORIDA
DEPARTMENT OF REVENUE
CHAPTER 12A-1, FLORIDA ADMINISTRATIVE CODE
SALES AND USE TAX
REPEALING RULE 12A-1.0143
AMENDING RULES 12A-1.070, 12A-1.087 AND 12A-1.097

SUMMARY OF PROPOSED RULE

Section 288.1083, F.S., previously provided for a refund of tax to certain manufacturing and spaceport entities under an investment incentive program. This program expired July 1, 2013, and taxpayers are no longer eligible for a tax refund. The purpose of the proposed repeal of Rule 12A-1.0143, F.A.C., is to remove obsolete provisions related to this incentive program.

The state sales tax rate is set by the Legislature and is subject to change from year to year. The 2018 Legislature reduced the state rate for leases of real property from 5.8% to 5.7%. The purpose of the proposed amendment to Rule 12A-1.070, F.A.C., is to adjust the state sales tax rate to match the statutory change.

Section 36, Chapter 2018-118, L.O.F., made three changes to applicable aquaculture businesses. First, the exemption for butane gas, propane gas, natural gas, and liquefied petroleum gas was expanded to apply to the production, packing, or processing of aquacultural products, either on or off the farm. Second, the exemption for electricity was expanded to apply to packinghouses where fish are packed or prepared for shipment. Third, a new exemption was added for industrial machinery and equipment purchased for use in aquacultural activities. The purpose of the proposed amendments to Rule 12A-1.087, F.A.C., is to provide guidance on how

businesses can document and receive these exemptions.

The purpose of the proposed amendments to Rule 12A-1.097, F.A.C., is to adopt, by reference, changes to forms currently used to administer sales and use tax. Chapter 2018-6, L.O.F., established two new sales tax scholarship programs under Chapter 212, F.S. Changes to existing forms provide a method for taking a credit under the new tax scholarship programs. In addition, a new form is being promulgated to administer the exemption provided by Section 56, Chapter 2018-118, L.O.F., for equipment used to generate emergency electric energy at nursing homes and assisted living facilities.

FACTS AND CIRCUMSTANCES JUSTIFYING PROPOSED RULE

The purpose of the proposed amendments to Rules 12A-1.0143, 12A-1.070, 12A-1.087 and 12A-1.097, F.A.C. are as follows: Rule 12A-1.043, F.A.C., is repealed based on obsolescence. Rules 12A-1.070 and 12A-1.087, F.A.C., are being updated to reflect changes made by the 2018 Legislature. Rule 12A-1.097, F.A.C., contains updates to sales and use tax rules and forms based on statutory changes made by the 2018 Legislature.

12A-1.087 Exemption for Power Farm Equipment; Suggested Exemption Certificate for Items Used for Agricultural Purposes

12A-1.097 Public Use Forms

PURPOSE AND EFFECT: The repeal of Rule 12A-1.043, F.A.C., is necessary due to obsolescence. Changes to Rules 12A-1.070, 12A-1.087, and 12A-1.097, F.A.C., are necessary to implement statutory changes.

SUMMARY: Section 288.1083, F.S., previously provided for a refund of tax to certain manufacturing and spaceport entities under an investment incentive program. This program expired July 1, 2013, and taxpayers are no longer eligible for a tax refund. The proposed repeal of Rule 12A-1.0143, F.A.C., removes obsolete provisions related to this incentive program.

The state sales tax rate is set by the Legislature and is subject to change from year to year. The 2018 Legislature reduced the state rate for leases and licenses of real property from 5.8% to 5.7%. The proposed amendment to Rule 12A-1.070, F.A.C., adjusts the state sales tax rate to match the statutory change.

Section 36, Chapter 2018-118, L.O.F., made three changes to applicable aquaculture businesses. First, the exemption for butane gas, propane gas, natural gas, and liquefied petroleum gas was expanded to apply to the production, packing, or processing of aquacultural products, either on or off the farm. Second, the exemption for electricity was expanded to apply to packinghouses where fish are packed or prepared for shipment. Third, a new exemption was added for industrial machinery and equipment purchased for use in aquacultural activities. The proposed amendments to Rule 12A-1.087, F.A.C., provide guidance on how businesses can document and receive these exemptions.

The proposed amendments to Rule 12A-1.097, F.A.C., adopt, by reference, changes to forms currently used to administer sales and use tax. Chapter 2018-6, L.O.F., established two new sales tax scholarship programs under Chapter 212, F.S. Changes to existing forms provide a method for taking a credit under the new tax scholarship programs. In addition, a new form is being promulgated to administer the exemption provided by Section 56, Chapter 2018-118, L.O.F., for equipment used to generate emergency electric energy at nursing homes and assisted living facilities.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: 1) no requirement for the Statement of Economic Regulatory Costs (SERC) was triggered under Section 120.541(1), F.S.; and 2) based on past experiences regarding rules of this nature, the adverse impact or regulatory cost, if any, do not exceed nor would exceed any one of the economic analysis criteria in a SERC, as set forth in Section 120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

12A-1.0143 Manufacturing and Spaceport Investment Incentive Program Tax Refunds.

Rulemaking Authority 212.17(6), 212.18(2), 213.06(1) FS. Law Implemented 213.255, 215.26, 288.1083 FS. History—New 6-6-11, Repealed.

12A-1.070 Leases and Licenses of Real Property; Storage of Boats and Aircraft.

(1) through (3) No change.

(4)(a) No change.

(b) The tax shall be paid ~~at the rate of 5.8 percent~~ on all considerations due and payable by the tenant or other person actually occupying, using, or entitled to use any real property to his landlord or other person for the privilege of use, occupancy, or the right to use or occupy any real property for any purpose. The amount of tax due must be calculated with the use of the applicable effective sales tax brackets ~~(Form DR-2 LLRP, Florida Sales Tax Brackets Effective on all Leases and Licenses of Real Property Transactions Taxable Under Section 212.031(1)(c), F.S., incorporated by reference in Rule 12A-1.097, F.A.C.)~~.

(c) through (d) No change.

(e) No change.

1. Example: Landlord owns a building with 5 offices and common areas. All offices are the same size. Landlord uses one office and leases the other four. The lease agreement provides that the utility charges are “additional rent” and failure to pay such utility charges when required will cause the lease to terminate. All offices use approximately the same amount of utilities. Utility services are sold by City Utilities to Landlord. Landlord’s total utility bill is \$1,900. Of that total, \$150 was non-taxable water, garbage, and sewage charges.~~City Utilities’ service bill to Landlord is as follows:~~

| | |
|---------------------------------------|---------------|
| Electrical energy | \$1,000.00 |
| Gas energy | 500.00 |
| Gross Receipts Tax (\$1,500—2.5%) | 37.50 |
| Subtotal—subject to sales tax | 1,537.50 |
| Sewage & garbage service | 100.00 |
| Water service | 50.00 |
| Florida sales tax | 92.25 |
| Municipal utilities tax (\$1,500—10%) | <u>150.00</u> |
| Total Amount Due | \$1,929.75 |

Landlord charges each tenant \$2,000 rent and 1/5 of Landlord’s total utility bill with no mark-up. Tenant owes tax on the rent and on his portion of the utility charges not taxed to Landlord, ~~which includes the tenant’s use of the common areas, in addition to the tenant’s pro rata share of utilities, including sales tax on utilities, gross receipts tax~~

on utilities and municipal utility tax based on Landlord's cost. Of the above total charges that add up to \$1,929.75, the charges for services of sewage, garbage, and water service are not utility service charges on which tax was paid by Landlord. Consequently, only the portion of each tenant's \$385.95 share of the total charge billed by City Utilities (\$1,929.75) which represents the tenant's share of non taxable charges is taxable as rent. Therefore, the invoice to the tenant for the month should read:

| | |
|--|---|
| Rent | \$2,000.00 |
| Tenant's one-fifth share of charges <u>not taxed to Landlord</u> for sewage, garbage, & water (\$150 * 20%) | 30.00 |
| Total subject to sales tax | \$2,030.00 |
| Florida (5.7% 5.8%) sales tax | <u>115.71</u> 117.74 |
| Reimbursement for one-fifth share of utilities on which tax was paid by Landlord <u>(\$1,900 - \$150 * 20%)</u> | <u>350.00</u> 355.95 |
| Total Amount Due | <u>\$2,495.71</u> \$2,503.69 |

2. Example: Same facts as above, except Landlord marks up Tenants' share of the total of City Utilities' service bill by 10 percent, ~~resulting in a total charged to the tenants for utilities of \$2,122.73, instead of the \$1,929.75 actually paid by Landlord for the utilities.~~ Thus each tenant's one-fifth share of utilities would be \$418.00 ~~\$424.55~~, instead of \$380.00 ~~\$385.95~~. Again, if Landlord separately states the utility charges on the tenant's invoice, Landlord should compute the tax as follows:

| | |
|--|---|
| Rent | \$2,000.00 |
| Tenant's <u>one-fifth</u> share of utilities not taxed (total utilities <u>\$418.00</u> \$424.55 , less utilities on which Landlord paid tax, <u>\$350.00</u> \$355.95) | <u>68.00</u> 68.60 |
| Total subject to tax | <u>\$2,068.00</u> \$2,068.60 |

12A-1.087 Exemption for Power Farm Equipment; Electricity Used for Certain Agricultural Purposes; Suggested Exemption Certificate for Items Used for Agricultural Purposes.

(1) through (7) No change.

(8)(a) The following sales and uses of liquefied petroleum gas, diesel, and kerosene are exempt when:

1. through 4. No change.

5. Sold for use in any tractor, vehicle, or other farm equipment that is used directly or indirectly for the production, packing, or processing of aquacultural products, whether on or off the farm.

(b) No change.

(9)(a) Electricity used for the production, packing, or processing of agricultural products on a farm or in a packinghouse is exempt. The exemption does not apply to electricity used in buildings or structures where agricultural products are sold at retail. "Packinghouse" means any building or structure where fruits, vegetables, or meat from cattle or hogs or fish are packed or otherwise prepared for market or shipment in fresh form for wholesale distribution. The exemption only applies if the electricity is separately metered from the electricity used for nonexempt purposes. If the electricity is centrally metered and is used for both tax-exempt and taxable purposes, the purchase of the electricity is subject to tax. The indirect use of electricity, such as in employee break rooms or restrooms, repair facilities, or administrative offices located on a farm or in a packinghouse, qualified for the exemption. However, when a retail establishment is located on a farm and the electricity is not separately metered from the electricity used elsewhere on the farm, the electricity is subject to tax.

(b) No change.

(c) The exemption will not be allowed unless the purchaser furnishes its utility a written certificate stating that the electricity is used on a farm for the production, packing, or processing of agricultural products, or in a packinghouse, and qualifies for the exemption under Section 212.08(5)(e)2., F.S. The following is a suggested format of an exemption certificate to be issued to a utility company to make tax-exempt purchases of electricity used for this purpose:

(12) Industrial Machinery and Equipment Used in Aquaculture

(a) Industrial machinery and equipment, including parts and accessories, purchased for use in aquacultural activities at fixed locations is exempt. For the purposes of this rule, the following definitions apply:

1. "Industrial machinery and equipment" means tangible personal property that has a depreciable life of 3 years or more and that is used as an integral part in the manufacturing, processing, compounding, or production of tangible personal property for sale. A building and its structural components, including heating and air-conditioning equipment are included.

2. "Aquacultural activities" means the business of cultivating aquatic organisms. Such businesses must be certified by the Department of Agriculture and Consumer Services. Aquacultural activities must produce an aquaculture product, defined as "aquatic organisms and any product derived from aquatic organisms that are owned and propagated, grown, or produced under controlled conditions. Such products do not include organisms harvested from the wild for depuration, wet storage, or relay for purification."

(b) Suggested Exemption Certificate for Industrial Machinery and Equipment Used in Aquaculture.

1. Any person who purchases items that qualify for the exemption must issue an exemption certificate to the selling dealer to purchase such machinery or equipment tax-exempt. The exemption certificate must contain the purchaser's name and address, the reason for the exemption, and the signature of the purchaser or an authorized representative of the purchaser.

2. The selling dealer is only required to obtain one certificate for sales made for the purposes indicated on the certificate and is not required to obtain an exemption certificate for subsequent sales made to the same purchaser for

the exempt purpose indicated on the exemption certificate. The selling dealer must maintain the required exemption certificates in its books and records until tax imposed by Chapter 212, F.S., may no longer be determined and assessed under Section 95.091(3), F.S.

3. Dealers who accept in good faith the required certificate from the purchaser or lessee will not be assessed sales tax on sales of qualifying machinery and equipment. In such instances, the Department will look solely to the purchaser or lessee for any additional sales or use tax due.

4. Selling dealers may contact the Department at (850)488-6800, Monday through Friday (excluding holidays) to verify the specific exemption specified by the purchaser or lessee. Persons with hearing or speech impairments may call the Florida Relay Service at 1(800)955-8770 (Voice) and 1(800)955-8771 (TTY).

5. The following is a suggested format of an exemption certificate to be issued by any person purchasing or leasing industrial machinery or equipment qualifying for exemption under Section 212.08(5)(t), F.S. The Department does not furnish the printed exemption certificate to be executed by purchasers or lessees when purchasing tax-exempt machinery or equipment.

SUGGESTED EXEMPTION CERTIFICATE
EXEMPTION FOR INDUSTRIAL MACHINERY AND EQUIPMENT FOR USE IN AQUACULTURAL
ACTIVITIES

I certify that the machinery and equipment purchased on or after _____ (DATE) from _____ (SELLER) is exempt from sales tax pursuant to Section 212.08(5)(t), Florida Statutes (F.S.), and will be used as an integral part in aquacultural activities in manufacturing, processing, compounding, or production of tangible personal property for sale. I understand that I must produce an aquaculture product as defined as “aquatic organisms and any product derived from aquatic organisms that are owned and propagated, grown, or produced under controlled conditions and that such products do not include organisms harvested from the wild for depuration, wet storage, or relay for purification.”

I understand that if the machinery and equipment purchased does not qualify for exemption under Section 212.08(5)(t), F.S., I will be liable for sales and use tax, interest, and penalties due on the purchase price of the items.

I further understand that when any person fraudulently issues, for the purpose of evading tax, a certificate or statement in writing to a vendor or to any agent of the state in which he or she claims exemption from the sales tax, such person, in addition to being liable for payment of the tax plus a mandatory penalty of 200% of the tax, will be liable for fine and punishment provided by law for conviction of a felony of the third degree, as provided in s. 775.082, s. 775.083, or s. 775.084, Florida Statutes.

Under penalties of perjury, I declare that I have read the foregoing certificate and that the facts stated in it are true.

Due Dates, Electronic Filing and Payment, and Other Filing Information

Electronic Filing and Payment: Consolidated sales and use tax returns and tax payments must be filed and paid electronically. You can file and pay sales and use tax by using the Department's website or you may purchase software from a software vendor.

Due Dates: Tax returns and payments are due on the 1st and late after the 20th day of the month following each reporting period. If the 20th falls on a Saturday, Sunday, or a state or federal holiday, your tax return must be received electronically on the first business day following the 20th.

Due Dates for Electronic Payments: To avoid penalty and interest, you must **initiate your electronic payment and receive a confirmation number no later than 5:00 p.m., ET, on the business day prior to the 20th**. Keep the confirmation number in your records. For a list of deadlines for initiating electronic payments on time, visit floridarevenue.com/forms, select the e-Services section, and then select the current year *Florida e-Services Calendar of Electronic Payment Deadlines* (Form DR-659).

Vendor software: You may purchase software from a software vendor to file and pay sales and use tax electronically. While you may use purchased software to file your sales and use tax electronically, you may not use software to create paper (alternative or substitute) returns to file with the Department. If you use vendor software to prepare a "tax calculation worksheet," do not file the worksheet with the Department as a tax return. To ensure proper credit to your account, be sure to transfer information from the worksheet to your personalized return.

Amended Returns: If you discover that your original return was incorrect, call Taxpayer Services at 850-488-6800 Monday

through Friday, excluding holidays, for assistance amending your returns.

Keep records that support all transactions for at least three years from the date you file your return or the date it is required to be filed, whichever is later.

Florida Annual Resale Certificate

Registered sales and use tax dealers are provided a Florida Annual Resale Certificate to make tax-exempt purchases or rentals of property or services for resale. You may provide a paper or electronic copy of your current Florida Annual Resale Certificate or the certificate number to any seller when making purchases or rentals of property or services that you intend to resell or re-rent as part of your business. You may provide your Florida Annual Resale Certificate or certificate number for either the consolidated number (80-code number) or for an active location reported under the consolidated number. If you purchase or rent property or services that will be used in your business, your Florida Annual Resale Certificate should **not** be used.

As a dealer, you have an obligation to collect the applicable amount of sales and use tax and discretionary sales surtax when you resell or re-rent the property or service at retail. If you need help determining what you may buy or rent tax exempt for resale, the *Florida Annual Resale Certificate for Sales Tax* brochure (Form GT-800060) is available on the Department's website.

Sellers who make tax-exempt sales or rentals for purposes of resale or re-rental must document the exemption using any one of these methods:

- Obtain a paper or electronic copy of your customer's current Florida Annual Resale Certificate.
- For each tax-exempt sale, use your customer's Florida sales tax certificate number to obtain a transaction authorization number.
- For each tax-exempt customer, use your customer's Florida sales tax certificate number to obtain a vendor authorization number.

Sellers may verify a Florida Annual Resale Certificate number and obtain an authorization number:

- Online: Visit floridarevenue.com/taxes/certificates
- Phone: **877-357-3725**
- Mobile app: Available for iPhone, iPad, Android devices, and Windows phones.

Proper Collection of Tax

Collecting the right amount of tax is important because mistakes will cost you money. Florida's general state sales tax rate is 6%; however, there is an established "bracket system" for collecting sales tax on any part of each total taxable sale that is less than a whole dollar amount. Additionally, most counties also have a local option discretionary sales surtax.

Bracket rates are available at floridarevenue.com/forms.

[State Sales and Use Tax Rate] + [Surtax Rate] = [Total Tax Rate]

Calculate the total tax to be collected on the total amount of the sale. The total tax collected must be shown on each invoice. The sales tax and discretionary sales surtax may be shown as one total, or each tax can be shown separately. In many cases, the actual tax you collect is more than a straight percentage of the sales or use tax and surtax. You must use the bracket system to calculate the tax due when any part of each total sale is less than a whole dollar amount.

Example: A customer purchases a taxable item that sells for \$60.67 (before tax) in a county with no discretionary sales surtax. To calculate the correct amount of Florida sales tax, the seller first multiplies \$60 by 6% (state sales tax rate) to determine the sales tax on the whole dollar portion of the sale (\$60 x 6% = \$3.60). Using the bracket system, the seller then determines that the correct amount of sales tax on the amount less than a dollar (\$.67) is \$.05. Therefore, the total sales tax due on this transaction is \$3.65 (\$3.60 + \$.05 cents).

Line-by-Line Instructions

The electronic consolidated sales and use tax return contains one *Consolidated Summary Sales and Use Tax Return* (Form DR-15CON) and a *Consolidated Sales and Use Tax Return* (Form DR-7) for each business location reported under the consolidated sales tax filing number. First, complete the return (Form DR-7) for each business location. When you have completed all the business location returns, the amounts reported will be automatically totaled and transferred to the appropriate lines and columns on the consolidated summary (Form DR-15CON).

If your consolidated sales and use tax return is missing a *Consolidated Sales and Use Tax Return* (Form DR-7) for one or more of your business locations, call Taxpayer Services for assistance at 850-488-6800, Monday through Friday, excluding holidays. The additional locations must be registered with the Department and must have the same federal employer identification number as your consolidated sales tax filing number.

Line A. Sales/Services/Electricity

Line A is used to report the total of all wholesale and retail sales transactions and certain untaxed purchases or uses as follows:

- Sales, leases, or licenses to use certain property or goods (tangible personal property).
- Sales and rentals, admissions, amusement machine receipts, and vending machine receipts (except food and beverage sales reported on Line E). The amount of taxable sales from amusement machines is also separately reported on Line 19.
- Sales of services including nonresidential interior pest control, nonresidential interior janitorial and cleaning services, residential and nonresidential burglar and other protection services, and detective services.
- Sales and untaxed purchases or uses of electricity taxed at the rate of 6.95% (2.6% imposed under Chapter 203, Florida Statutes [F.S.], and 4.35% imposed under Chapter 212, F.S.), plus surtax. You must also report this amount on Line 17.
- Sales and untaxed purchases of dyed diesel fuel used in vessels or off-road equipment taxed at the rate of 6% sales tax, plus surtax. You must also report this amount on Line 18.

Note: Registered Florida motor vehicle dealers may use the method described in *Tax Information for Motor Vehicle Dealers* (Form GT-400400) to report tax on sales of motor vehicles to out-of-state residents.

Column 1. Gross Sales - Enter the total amount of gross sales.

Do **not** include:

- tax collected;
- fuel sales reported on a Florida fuel tax return; or
- lottery ticket sales.

Column 2. Exempt Sales - Enter the total amount of tax-exempt sales included in Line A, Column 1. Enter "0" if none. Some examples of tax-exempt sales are sales for resale, sales of items specifically exempt, and sales to organizations that hold a *Florida Consumer's Certificate of Exemption*.

Column 3. Taxable Amount - Subtract total exempt sales from gross sales and enter the taxable amount. You must also report the total amount of sales that are subject to sales tax but are exempt from discretionary sales surtax, on Line 15(a) or Line 15(b). You must report on Line 15(c), the total amount of sales for which you collected discretionary sales surtax at a rate different than the rate of the county in which you are located.

In addition to reporting the Taxable Amount on the front of your return, remember to complete the back of the return for the following:

- Taxable sales and untaxed purchases or uses of electricity on Line 17.
- Taxable sales and untaxed purchases of dyed diesel fuel used in vessels or off-road equipment on Line 18.
- Taxable sales from amusement machines on Line 19.

Column 4. Tax Due - Enter the total amount of tax due, including discretionary sales surtax due. You must also report the total amount of discretionary sales surtax due on Line 15(d).

Amusement and Vending Machine Sales - You must be registered in each county where you operate vending or amusement machines. For each county in which you operate machines, you must report the gross sales and the tax due from amusement machines and from vending machines dispensing items other than food and beverages. Use the gross receipts from each type of machine that you operate and the tax rate divisor for the county where the machine is located to compute the amount of gross sales and tax due.

Total machine receipts ÷ Tax Rate Divisor = Gross Sales.

Total machine receipts - Gross Sales = Tax due, including discretionary sales surtax.

Gross Sales × Surtax Rate = Discretionary Sales Surtax due.

- If you operate vending machines containing food or beverage items, complete Line E.
- If you operate amusement machines, include receipts in Line A and also complete Line 19.

| Sales/Surtax Rate | Amusement Divisor | Other Vended Items Divisor |
|-------------------|-------------------|----------------------------|
| 6.0% | 1.040 | 1.0659 |
| 6.5% | 1.045 | 1.0707 |
| 7.0% | 1.050 | 1.0749 |
| 7.5% | 1.055 | 1.0791 |
| 8.0% | 1.060 | 1.0833 |

Example: The total receipts from an amusement machine(s) in a county with a combined sales and surtax rate of 6.5% total

\$100.00. Total receipts divided by the amusement machine divisor for the 6.5% rate equals gross sales. Total receipts minus gross sales equals tax due, including discretionary sales surtax due. Gross sales multiplied by the surtax rate equals discretionary sales surtax due.

$\$100 \div 1.045 = \95.69 (gross sales)
 $\$100 - \$95.69 = \$4.31$ (tax due, including surtax due)
 $\$95.69 \times .005 = \0.48 [surtax portion to be reported on Line 15(d)]

Line B. Taxable Purchases - Use Tax

You owe "use tax" on taxable purchases of goods or services you have used or consumed that were:

- **Internet and out-of-state purchases not taxed by the seller and NOT purchased for resale.**
- Out-of-state or local purchases not taxed by a supplier and **NOT** purchased for resale whether ordered online, from a catalog, or by telephone.
- Taxable items, originally purchased untaxed for resale, which you, your business, or employees used or consumed.

Include use tax and discretionary sales surtax on the return for the reporting period during which you purchased, used, or consumed the item(s).

Column 1. Gross Sales - Not Applicable

Column 2. Exempt Sales - Not Applicable

Column 3. Taxable Amount - Enter the total amount of purchases used or consumed that were not taxed by suppliers and not for resale. **If you report purchases exempt from discretionary sales surtax, also complete Line 15(a) or Line 15(b).**

Column 4. Tax Due - Enter the total amount of use tax due, including discretionary sales surtax due.

- **You must also report all discretionary sales surtax due on Line 15(d).**
- **If you paid sales tax to another state at a rate less than 6%,** enter the total amount of Florida use tax, plus any applicable discretionary sales surtax on Line B, Column 4, and claim a credit for the tax paid to the other state on Line 6. When claiming a credit for sales tax paid to another state, make sure it is legally imposed. When in doubt, contact the tax agency in the state where the tax was paid.

Line C. Commercial Rentals (5.7% Plus County Surtax Rate)

Commercial rentals include the renting, leasing, letting, or granting a license to use or occupy real property. Sales tax at the rate of 5.7%, plus discretionary sales surtax, is due on the total consideration charged for commercial property. The consideration charged may include charges for property taxes (whether paid to the landlord or directly to the county tax collector's office), or common area maintenance. Rentals, leases, and licenses to use or occupy real property by related persons are also considered commercial rentals (e.g., a corporate owner leases property to his or her corporation). **The \$5,000 limitation for discretionary sales surtax does not apply to commercial rentals.**

Column 1. Gross Sales - Enter the total amount of consideration for commercial rentals. Do not include tax collected in the amount reported.

Column 2. Exempt Sales - Enter the total amount of consideration for tax-exempt commercial rentals included in Line C, Column 1. Enter "0" if none. See section 212.031, F.S., and Rule 12A-1.070, Florida Administrative Code (F.A.C.), for exemptions specifically available to commercial rentals.

Column 3. Taxable Amount - Subtract the amount reported in Column 2 from the amount reported in Column 1 and enter the difference (the taxable amount).

Column 4. Tax Due - Enter the total amount of tax due, including discretionary sales surtax due. You must also report all discretionary sales surtax due on Line 15(d).

Line C(a). Less Sales Tax Scholarship Credits

Report the amount of any state tax credit authorized by the Florida Sales Tax Credit Scholarship Program and taken by your tenant(s) against the total sales tax and surtax due on commercial rentals. The amount of sales tax credit reported may not exceed the state sales tax due and reported in the amount on Line C, Column 4 (Commercial Rentals Tax Due). This credit is not available for any discretionary sales surtax due on commercial rentals. For more information on the Florida Sales Tax Credit Scholarship Program, visit floridarevenue.com/taxes/sfo.

Line D. Transient Rentals

Transient rentals are leases or rentals of living, sleeping, or housekeeping accommodations, such as hotels, motels, single-family dwellings, multi-unit dwellings, apartments, rooming houses, condominiums, timeshare resorts, vacation houses, beach houses, mobile homes, or any other living, sleeping, or housekeeping accommodations. Transient rental taxes must be collected and paid on all rental charges, including any rental charges that are required to be paid by the guest as a condition of the use of the accommodation, unless the rental charge is specifically exempt. See Rule 12A-1.061, F.A.C., for more information on what constitutes a "rental charge" and which rental charges are specifically exempt.

Some counties impose one or more local option taxes on transient rentals. Many counties self-administer these local option taxes. Contact your county taxing agency to determine whether your county imposes one of these taxes and if you are required to report and pay the taxes directly to your county taxing agency or to the Department of Revenue.

Form DR-15TDT, available on the Department's website, provides a listing of county local option transient rental rates and whether the local option tax is collected and administered by the county or by the Department of Revenue.

Column 1. Gross Sales - Enter the total gross amounts (rental charges) charged for transient rentals only. Do not include tax collected in gross sales.

Column 2. Exempt Sales - Enter the total amount of tax-exempt transient rentals included in Line D, Column 1. Enter "0" if none.

Column 3. Taxable Amount - Subtract total exempt transient rentals (Column 2) from total gross transient rentals (Column 1) and enter the difference (the taxable amount).

Column 4. Tax Due - Enter the total amount of tax due, including any discretionary sales surtax due and any local option tax (for example, tourist development tax) administered by the Department of Revenue. **You must also report all discretionary sales surtax due on Line 15(d). The \$5,000 limitation for discretionary sales surtax does not apply to transient rentals.**

Line E. Food & Beverage Vending

If you operate food and beverage vending machines, compute your gross sales by dividing the total receipts from the machine(s) by the appropriate food and beverage divisor for the county where the machine(s) is located.

Column 1. Gross Sales - Enter the total amount of gross sales computed from food and beverage vending machines receipts. Do not include tax collected in gross sales.

Column 2. Exempt Sales - Enter the total amount of tax-exempt sales included in Line E, Column 1. Enter "0" if none.

Column 3. Taxable Amount - Subtract total exempt sales from total gross sales and enter the taxable amount.

Column 4. Tax Due - Enter the total amount of tax due, including discretionary sales surtax due. You must also report all discretionary sales surtax due on Line 15(d).

| Sales/Surtax Rate | Food and Beverage Divisor |
|-------------------|---------------------------|
| 6.0% | 1.0645 |
| 6.5% | 1.0686 |
| 7.0% | 1.0726 |
| 7.5% | 1.0767 |
| 8.0% | 1.0808 |

Example: The total receipts from a soft drink machine in a county with a combined sales and surtax rate of 6.5% total \$100. Total receipts divided by the food and beverage divisor for the 6.5% rate equals gross sales. Total receipts minus gross sales equals tax due, including discretionary sales surtax due. Gross sales multiplied by the surtax rate equals discretionary sales surtax due.

$\$100 \div 1.0686 = \93.58 (gross sales)

$\$100 - \$93.58 = \$6.42$ (tax due, including surtax due)

$\$93.58 \times .005 = \0.47 [surtax portion to be reported on Line 15(d)]

Line 5. Total Amount of Tax Due

Add the amounts in Column 4, Lines A, B, C, D, and E. Subtract the amount on Line C(a), Column 4, from the total and enter the result on Line 5.

Line 6. Less Lawful Deductions

Enter the total amount of all allowable tax deductions, except sales tax credit memos issued by the Department (reported on Line 8). Lawful deductions include tax refunded by you to your customers for returned goods or allowances for damaged merchandise, tax paid by you on purchases of goods intended for use or consumption but sold by you instead, Hope Scholarship Credits, and any other deductions allowed by law.

- If you are claiming any approved Hope Scholarship Credits, report the amount of the credits on Line 6 and on Line 16.
- Do not include documentation with your return.

You will not receive a credit if the amount of lawful deductions (Line 6) on a location return is more than the total amount of tax due (Line 5) reported on that location return. If the amount of your lawful deductions is more than the total amount of tax due on a location return, reduce the amount of lawful deductions claimed to equal the total amount of tax due. You may report the remaining amount of lawful deductions (not to exceed the total amount of tax due) on your next return.

Line 7. Net Tax Due

Subtract Line 6 from Line 5 and enter the amount on Line 7.

Lines 8 - 9. Estimated Tax

If you paid \$200,000 or more in state sales and use tax on returns you filed during the most recent state fiscal year (July 1 through June 30), you must make an estimated sales tax payment every month, starting with the December return, due January 1. Before you file your FINAL return or if you have questions about estimated tax, call Taxpayer Services.

Line 8. Less Estimated Tax Paid/Department of Revenue (DOR) Credit Memo

Enter the total amount of estimated tax you paid last month, the amount of any sales tax credit memo(s) issued by the

Department, and the amount of any specifically authorized tax credits for which you have received a letter of approval from the Department. Follow the instructions sent to you from the Department.

You will not receive a credit if the amount of credit (Line 8) reported on a location return is greater than the net amount of tax due (Line 7) reported on that location return. If the amount of credit for that return is more than the amount of tax due, reduce the amount of credit claimed to equal the net amount of tax due. You may report the remaining amount of credit (not to exceed the net amount of tax due) on your next return. When you file your FINAL return, complete an *Application for Refund - Sales and Use Tax* (Form DR-26S) to obtain a refund of the credit balance.

Line 9. Plus Estimated Tax Due Current Month

Enter the total amount of estimated tax due, if applicable, using one of the following three computation methods. You are **NOT** required to use only one method and may choose to use any one of these methods throughout the year.

Three Methods for Computing Estimated Tax

The percentage for calculating estimated tax is 60%. Your estimated tax liability is based only on Florida sales and use tax due (Form DR-15CON, Line 7, Net Tax Due minus any local option discretionary sales surtax and any local option transient rental tax). **If you incorrectly calculate or forget to enter your estimated tax, you cannot amend your return.** Compute your estimated tax liability by one of the following methods:

Method 1 - Average Tax Liability

Calculate 60% of your average state sales tax due for the months you reported taxable transactions during the calendar year.

Example: When completing your December return (due January 1 of the following year), calculate your average state sales tax due during the calendar year. To calculate your average state sales tax due, complete the following steps:

Step 1. Review all of your sales tax returns filed for the calendar year.

Step 2. Add together the amounts on Line 7 from each return. Subtract any local option discretionary sales surtax and any local option transient rental tax included in Line 7.

Step 3. To calculate the monthly average state sales tax due, divide the total calculated in Step 2 by the number of returns that were filed with tax due on Line 7.

Step 4. Multiply your monthly average state sales tax due by 60%.

Step 5. Enter the result from Step 4 on Line 9 of each return the following year, beginning with your December return due January 1.

The amount calculated in Step 4 can be used on each of your returns for the following year through the November reporting period.

Method 2 - Current Month/Previous Year

Calculate 60% of your state sales tax due for the same month of the previous calendar year.

Example: When completing your December return, multiply the amount on Line 7 of your January return for the same calendar year (minus any local option discretionary sales surtax and any local option transient rental tax) by 60%. Enter that amount on Line 9.

Method 3 – Current Month

Calculate 60% of the state sales tax due for the next month's return.

Example: When completing your December return, your estimated tax due is 60% of what you will report (minus any local option discretionary sales surtax and any local option transient rental tax) on your January return. Enter that amount on Line 9.

Penalty for Underpayment of Estimated Tax – If you fail to report and pay the minimum amount of estimated tax due each reporting period, you are subject to a loss of collection allowance and a 10% penalty on any underpayment of estimated tax due, and must pay interest on the amount underpaid.

Line 10. Amount Due

Subtract the amount on Line 8 from Line 7. Add the amount on Line 9. Enter the result on Line 10. **The amount entered on Line 10 on Form DR-15CON cannot be negative.**

Line 11. Less Collection Allowance

When you electronically file your consolidated sales and use tax return and pay timely, you are entitled to deduct a collection allowance of 2.5% (.025) of the first \$1,200 of the Amount Due (Line 10), **not to exceed \$30 on each location return (Form DR-7)**. You are **not** entitled to a collection allowance if you file your return or make your payment by a method other than electronic means.

If you are entitled to a collection allowance, you may choose to donate the allowance to the Educational Enhancement Trust Fund. This fund is used to purchase up-to-date technology for classrooms in local school districts in Florida. If you are eligible and choose to donate your collection allowance to education, check the "donate to education" box and leave Line 11 blank. The Department will calculate the collection allowance and transfer that amount to the Educational Enhancement Trust Fund. You must make this choice on **each** original and timely filed electronic return. You cannot make this choice after your electronic return is filed.

Line 12. Plus Penalty

For late returns and payments, the penalty is either:

- A minimum of \$50 if 10% of Line 10 is less than \$50, or
- 10% of the amount due on Line 10.

If your return or payment is late, the minimum penalty is \$50 for each location (reported on a separate location return, Form DR-7) included in your consolidated sales and use tax return, **even if you file a late return with no tax due.**

Line 13. Plus Interest

If your payment is late, you owe interest on the Amount Due (Line 10). Florida law provides a floating rate of interest for late payments of taxes and fees due, including discretionary sales surtax. Interest rates, including daily rates, are published in Tax Information Publications that are updated semiannually on January 1 and July 1 each year and available on the Department's website at floridarevenue.com/taxes/rates.

Line 14. Amount Due with Return

You may receive a collection allowance when you file and pay electronically and on time. Subtract Line 11 from Line 10 and enter the amount due on Line 14. If you choose to donate your collection allowance to education, check the "donate to education" box and leave Line 11 blank.

All dealers: If your return or payment is **late**, add Lines 12 and 13 to Line 10 and enter the amount due on Line 14. Line 14 is the amount you owe.

Lines 15(a) - 15(d). Discretionary Sales Surtax

If you sell, rent, deliver, or receive taxable merchandise or services in or at a location within a county imposing a discretionary sales surtax, you are required to collect surtax at the rate imposed in the county where the merchandise or service is delivered. The discretionary sales surtax also applies to the rental of real property and transient rentals and is collected at the county rate where the property is located.

Most counties impose a local option discretionary sales surtax that must be collected on taxable transactions. You must collect discretionary sales surtax along with the 6% state sales tax and send both taxes to the Department. Current discretionary sales surtax rates for all counties are listed on *Discretionary Sales Surtax Information* (Form DR-15DSS), available on the Department's website.

If you have locations in any Florida counties that impose a discretionary sales surtax, the applicable surtax rate is printed on each DR-7 return. For out-of-state locations, the DR-7 returns will **not** show a discretionary sales surtax rate. However, all dealers must collect discretionary sales surtax on taxable sales when the transaction occurs in, or delivery is into, a county that imposes a surtax. Use the chart below to help you determine when and at what rate to collect discretionary sales surtax.

For motor vehicle and mobile home sales, use the surtax rate of the county identified as the residence address of the purchaser on the registration or title document for the motor vehicle or mobile home. The surtax applies to the first \$5,000 of the sales amount on any item of tangible personal property.

The \$5,000 limitation does not apply to rentals of real property, transient rentals, or services.

When and at What Rate to Collect Discretionary Sales Surtax (Local Option County Tax) on Taxable Sales

| | | | | |
|---|--|--------------------|--|---|
| If a selling dealer located in any Florida county | with a discretionary surtax | sells and delivers | into the county where the selling dealer is located | surtax is collected at the county rate where the delivery is made |
| | with or without a discretionary surtax | | into counties with different discretionary surtax rates | surtax is collected at the county rate where the delivery is made |
| | with or without a discretionary surtax | | into counties without a discretionary surtax | surtax is not collected |
| If an out-of-state selling dealer | | sells and delivers | into a Florida county with a discretionary surtax | surtax is collected at the county rate where the delivery is made |
| | | | into a Florida county without a discretionary surtax | surtax is not collected |

Include discretionary sales surtax with tax reported on Lines A through E in Column 4 of all your location returns. Do not send discretionary sales surtax collections to the county tax collector's office.

Use our Address/Jurisdiction database to determine which county an address is located in. Visit floridarevenue.com/taxes/pointmatch.

Line 15(a). Exempt Amount of Items Over \$5,000

On your DR-7 returns and your DR-15CON return, enter the amount in excess of \$5,000 on each single sale of taxable tangible personal property (reported on Line A) and the amount in excess of \$5,000 for each single purchase for which sales tax and discretionary sales surtax is due (reported on Line B).

Example: If you sold a single item for \$7,000, enter \$2,000 (the amount over \$5,000) on Line 15(a). Do **NOT** include exempt sales reported in Column 2.

Line 15(b). Other Taxable Amounts NOT Subject to Surtax

On each of your location returns, enter the amount of taxable sales or purchases included in Column 3 that are not subject to discretionary sales surtax. This includes services and tangible personal property delivered into non-surtax counties that are subject to sales tax, but not subject to discretionary sales surtax. Do **NOT** include exempt sales reported in Column 2.

Line 15(c). Amounts Subject to Surtax at a Rate Different than Your County Surtax Rate

On Line 15(c) you must report the total amount of taxable sales and purchases for which discretionary sales surtax is due at a rate different than the rate of the county in which you are located. Enter the taxable amounts from Line A, Column 3, and Line B, Column 3, for which discretionary sales surtax is due at a rate different than the county in which you are located.

Example: A business located in a county with a 1% discretionary sales surtax rate sells a single taxable item for \$3,000 and delivers the merchandise into a county with a 1.5% discretionary sales surtax rate. The discretionary sales surtax is to be collected at 1.5%. The business will report the \$3,000 on Line 15(c), since this is the taxable amount that was subject to a different county discretionary sales surtax rate. The business will report the surtax collected at 1.5% on Line 15(d).

Line 15(d). Total Amount of Discretionary Sales Surtax Due

On each of your location returns, enter the total amount of discretionary sales surtax due on Line 15(d). **Do not include state sales tax in this amount.**

Line 16. Hope Scholarship Credits

Enter the total Hope Scholarship Credits on Line 16 and include the total amount of credits in the amount entered on Line 6. For more information on the Hope Scholarship Program, visit floridarevenue.com/taxes/sfo.

Line 17. Taxable Sales/Untaxed Purchases or Uses of Electricity (6.95% Plus County Surtax Rate)

On each of your location returns, enter the taxable amount of sales and untaxed purchases or uses of electricity subject to the 6.95% tax rate (2.6% imposed under Chapter 203, F.S., and 4.35% imposed under Chapter 212, F.S.), plus surtax. The sale or use of electricity is subject to discretionary sales surtax at the rate imposed by the county where the consumer of the electricity is located.

Line 18. Taxable Sales/Untaxed Purchases of Dyed Diesel Fuel

On each of your location returns, enter the total amount of taxable sales and untaxed purchases of dyed diesel fuel used in vessels or off-road equipment. If the sale or purchase of dyed diesel fuel occurred in a county that imposes discretionary sales surtax, sales tax plus the applicable discretionary sales surtax is due.

Line 19. Taxable Sales from Amusement Machines

On each of your location returns, enter the amount of taxable sales from amusement machines.

Line 20. Rural or Urban High Crime Area Job Tax Credits

On each of your location returns, enter the amount of rural or urban high crime area job tax credits for which you have received a letter of approval from the Department on Line 20 and on Line 8. Follow the instructions sent to you from the Department.

Line 21. Other Authorized Credits

On each of your location returns, enter only credits specifically authorized by the Department. Follow the instructions sent to you from the Department.

Sign and date your Consolidated Summary Sales and Use Tax Return (Form DR-15CON).

For corporations, an authorized corporate officer must sign. If someone else prepared the returns, the preparer must also sign and date the returns. Please provide the telephone number of each person signing the returns.

Due Dates, Electronic Filing and Payment, and Other Filing Information

Due Dates: Tax returns and payments are due on the 1st and late after the 20th day of the month following each reporting period. If the 20th falls on a Saturday, Sunday, or a state or federal holiday, your tax return must be received electronically, postmarked, or hand-delivered on the first business day following the 20th.

Due Dates for Electronic Payments: To avoid penalty and interest, you must **initiate electronic payment and receive a confirmation number no later than 5:00 p.m., ET, on the business day prior to the 20th**. Keep the confirmation number in your records. For a list of deadlines for initiating electronic payments on time, visit floridarevenue.com/forms, select the e-Services section, and then select the current year *Florida e-Services Calendar of Electronic Payment Deadlines* (Form DR-659).

Due Date Reminders: If you file your paper returns monthly or quarterly, you can sign up to receive an email every reporting period, reminding you of the due date. Visit floridarevenue.com/dor/subscribe. Electronic filers will receive due date reminders without using the subscription service.

No Tax Due? Telefile at 800-550-6713 - You must file a tax return for each reporting period, even if no tax is due. You can telefile using the toll-free number to conveniently file your returns when no tax is due and you are not claiming deductions or credits. When you telefile your return instead of mailing it, you will receive a confirmation number for your records. If you telefile, remember:

- to have your certificate number handy - it's printed on your returns; and
- do not mail your return to the Department - keep it with your confirmation number.

Electronic Filing and Payment: You can file returns and pay sales and use tax using the Department's website or you may purchase software from a software vendor. You may voluntarily file returns and pay tax electronically; however, taxpayers who paid **\$20,000 or more** in sales and use tax during the most recent state fiscal year (July 1 through June 30) **are required** to file returns and pay tax electronically during the next calendar year (January through December).

Enroll to file and pay electronically: Visit floridarevenue.com/taxes/eEnroll. After you complete your electronic enrollment, additional information about electronic filing will be sent to you.

Vendor software: You may purchase software from a software vendor to file and pay sales and use tax electronically. While you may use purchased software to file your sales and use tax electronically, you may not use software to create paper (alternative or substitute) returns to file with the Department. If you use vendor software to prepare a "tax calculation worksheet," do not file the worksheet with the Department as a tax return. To ensure proper credit to your account, be sure to transfer information from the worksheet to your personalized return.

Amended replacement returns: If you discover that your original return was incorrect, you must complete an amended return and submit it electronically or by mail. **Your amended**

return will replace any return you previously filed for the same reporting period. It is important that you complete the amended return as it should have been originally filed rather than entering only additional or corrected information.

The quickest way to file an amended return is online. Visit floridarevenue.com to submit your amended return electronically and pay any additional tax due or report an overpayment.

If you choose to file an amended return by mail, you will need a blank return from the Department. To download a blank return, visit floridarevenue.com/forms, select the Sales and Use Tax section, and then select the return that you need. **Write your certificate number, reporting period, business name, and address on the return.**

- Write "**Amended replacement**" on the return you use (see example below).
- Enter the correct information on Lines 1-21.

The image shows a sample of a tax return form titled "Amended replacement". The form is for a "Sales and Use Tax Return" for the state of Florida. It includes sections for Gross Sales, Exempt Sales, Taxable Amount, and Tax Due. The form is pre-filled with zeros and has a "Due" date of 01/19. The form is from the Florida Department of Revenue, 5050 W Tennessee St, Tallahassee FL 32399-0120.

Your amended return may result in an overpayment or an additional amount due. **If you overpaid the amount due with your original return or you owe an additional amount, the amount reported on Line 14 of the amended return will not match any overpayment or any additional amount due.** You must pay any additional amount due with the amended return. If you have overpaid, a credit for the amount overpaid will be issued.

Checks or Money Orders (NO Cash): Tax payments must be in U.S. funds only. Make checks or money orders payable to the Florida Department of Revenue. **Write your certificate number on your check or money order.** Mail your check or money order with your return.

Keep records that support all transactions for at least three years from the date you file your return or the date it is required to be filed, whichever is later.

Mailing Your Returns and Payments: If you received window-style envelopes from the Department, be sure to place your return in the envelope so the Department's mailing address can be seen in the window of the envelope. **If you use a return without your business information printed on it, write your business name, address, certificate number, and reporting period in the spaces provided.** If you do not have a window-style return envelope, mail your return and payment to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0120

Account Changes

If you change your business name, mailing address, location address within the same county, or close or sell your business, immediately notify the Department. You can also notify the Department when you temporarily suspend or resume your business operations. The quickest way to notify the Department is by visiting floridarevenue.com/taxes/updateaccount.

To notify us in writing, mail a letter to:
Account Management - MS 1-5730
Florida Department of Revenue
5050 W Tennessee St
Tallahassee, FL 32399-0160

Be sure to include your business partner number and your certificate number in any written correspondence sent to the Department.

If you cancel your account or sell your business, you must file a final return and pay all applicable taxes due within 15 days after closing or selling the business. Your final return must cover the period from your most recent return filing to the closing date.

Submit a new registration (online or paper) if you:

- move your business location from one Florida county to another;
- add another location;
- purchase or acquire an existing business; or
- change the form of ownership of your business.

Florida Annual Resale Certificate

Registered sales and use tax dealers are provided a Florida Annual Resale Certificate to make tax-exempt purchases or rentals of property or services for resale. You may provide a paper or electronic copy of your current Florida Annual Resale Certificate or the certificate number to any seller when making purchases or rentals of property or services that you intend to resell or re-rent as part of your business. If you purchase or rent property or services that will be used in your business, your Florida Annual Resale Certificate should **not** be used.

As a dealer, you have an obligation to collect the applicable amount of sales and use tax and discretionary sales surtax when you resell or re-rent the property or service at retail. If you need help determining what you may buy or rent tax exempt for resale, the *Florida Annual Resale Certificate for Sales Tax* brochure (Form GT-800060) is available on the Department's website.

Sellers who make tax-exempt sales or rentals for purposes of resale or re-rental must document the exemption using any one of these methods:

- Obtain a paper or electronic copy of your customer's current Florida Annual Resale Certificate.
- For each tax-exempt sale, use your customer's Florida sales tax certificate number to obtain a transaction authorization number.
- For each tax-exempt customer, use your customer's Florida sales tax certificate number to obtain a vendor authorization number.

Sellers may verify a Florida Annual Resale Certificate number and obtain an authorization number:

- Online: Visit floridarevenue.com/taxes/certificates
- Phone: 877-357-3725
- Mobile app: Available for iPhone, iPad, Android devices, and Windows phones.

Proper Collection of Tax

Collecting the right amount of tax is important because mistakes will cost you money. Florida's general state sales tax rate is 6%; however, there is an established "bracket system" for collecting sales tax on any part of each total taxable sale that is less than a whole dollar amount. Additionally, most counties also have a local option discretionary sales surtax. **Bracket rates** are available on the Department's website at floridarevenue.com/forms.

[State Sales and Use Tax Rate] + [Surtax Rate] = [Total Tax Rate]

Calculate the total tax to be collected on the total amount of the sale. The total tax collected must be shown on each invoice. The sales tax and discretionary sales surtax may be shown as one total, or each tax can be shown separately. In many cases, the actual tax you collect is more than a straight percentage of the sales or use tax and surtax. You must use the bracket system to calculate the tax due when any part of each total sale is less than a whole dollar amount.

Example: A customer purchases a taxable item that sells for \$60.67 (before tax) in a county with no discretionary sales surtax. To calculate the correct amount of Florida sales tax, the seller first multiplies \$60 by 6% (state sales tax rate) to determine the sales tax on the whole dollar portion of the sale (\$60 x 6% = \$3.60). Using the bracket system, the seller then determines that the correct amount of sales tax on the amount less than a dollar (\$.67) is \$.05. Therefore, the total sales tax due on this transaction is \$3.65 (\$3.60 + \$.05 cents).

Line-by-Line Instructions

Line A. Sales/Services/Electricity

Line A is used to report the total of all wholesale and retail sales transactions and certain untaxed purchases or uses as follows:

- Sales, leases, or licenses to use certain property or goods (tangible personal property).
- Sales and rentals, admissions, amusement machine receipts, and vending machine receipts (except food and beverage sales reported on Line E). The amount of taxable sales from amusement machines are also separately reported on Line 19.
- Sales of services including nonresidential interior pest control, nonresidential interior janitorial and cleaning services, residential and nonresidential burglar and other protection services, and detective services.
- Sales and untaxed purchases or uses of electricity taxed at the rate of 6.95% (2.6% imposed under Chapter 203, Florida Statutes (F.S.), and 4.35% imposed under Chapter 212, F.S.), plus surtax. You must also report this amount on Line 17.
- Sales and untaxed purchases of dyed diesel fuel used in vessels or off-road equipment taxed at the rate of 6% sales tax, plus surtax. You must also report this amount on Line 18.

NOTE: Registered Florida motor vehicle dealers may use the method described in *Tax Information for Motor Vehicle Dealers* (Form GT-400400) to report tax on sales of motor vehicles to out-of-state residents.

Column 1. Gross Sales - Enter the total amount of gross sales. Do **not** include:

- tax collected;
- fuel sales reported on a Florida fuel tax return; or
- lottery ticket sales.

Column 2. Exempt Sales - Enter the total amount of tax-exempt sales included in Line A, Column 1. Enter "0" if none. Some examples of tax-exempt sales are sales for resale, sales of items specifically exempt, and sales to organizations that hold a *Florida Consumer's Certificate of Exemption*.

Column 3. Taxable Amount - Subtract total exempt sales from gross sales and enter the taxable amount. You must also report the total amount of sales that are subject to sales tax but are exempt from discretionary sales surtax, on Line 15(a) or Line 15(b). You must report on Line 15(c), the total amount of sales for which you collected discretionary sales surtax at a rate different than the rate of the county in which you are located.

In addition to reporting the Taxable Amount on the front of your return, remember to complete the back of the return for the following:

- Taxable sales and untaxed purchases or uses of electricity on Line 17.
- Taxable sales and untaxed purchases of dyed diesel fuel used in vessels or off-road equipment on Line 18.
- Taxable sales from amusement machines on Line 19.

Column 4. Tax Due - Enter the total amount of tax due, including discretionary sales surtax due. You must also report the total amount of discretionary sales surtax due on Line 15(d).

Amusement and Vending Machine Sales

You must be registered in each county where you operate vending or amusement machines. For each county in which you operate machines, you must report the gross sales and the tax due from amusement machines and from vending machines dispensing items other than food and beverages. Use the gross receipts from each type of machine that you operate and the tax rate divisor for the county where the machine is located to compute the amount of gross sales and tax due.

Total machine receipts ÷ Tax Rate Divisor = Gross Sales.

Total machine receipts - Gross Sales = Tax Due, including discretionary sales surtax.

Gross Sales x Surtax Rate = Discretionary Sales Surtax due.

- If you operate vending machines containing food or beverage items, complete Line E.
- If you operate amusement machines, include receipts in Line A and also complete Line 19.

| Sales/Surtax Rate | Amusement Divisor | Other Vended Items Divisor |
|-------------------|-------------------|----------------------------|
| 6.0% | 1.040 | 1.0659 |
| 6.5% | 1.045 | 1.0707 |
| 7.0% | 1.050 | 1.0749 |
| 7.5% | 1.055 | 1.0791 |
| 8.0% | 1.060 | 1.0833 |

Example: The total receipts from an amusement machine(s) in a county with a combined sales and surtax rate of 6.5% total \$100.00. Total receipts divided by the amusement machine divisor for the 6.5% rate equals gross sales. Total receipts minus gross sales equals tax due, including discretionary sales surtax due. Gross sales multiplied by the surtax rate equals discretionary sales surtax due.

$\$100 \div 1.045 = \95.69 (gross sales)

$\$100 - \$95.69 = \$4.31$ (tax due, including surtax due)

$\$95.69 \times .005 = \4.48 [surtax portion to be reported on Line 15(d)]

Line B. Taxable Purchases - Use Tax

You owe "use tax" on taxable purchases of goods or services you have used or consumed that were:

- **Internet and out-of-state purchases not taxed by the seller and NOT purchased for resale.**
- Out-of-state or local purchases not taxed by a supplier and **NOT** purchased for resale whether ordered online, from a catalog, or by telephone.
- Taxable items, originally purchased untaxed for resale, which you, your business, or employees used or consumed.

Include use tax and discretionary sales surtax on the return for the reporting period during which you purchased, used, or consumed the item(s).

Column 1. Gross Sales - Not Applicable

Column 2. Exempt Sales - Not Applicable

Column 3. Taxable Amount - Enter the total amount of purchases used or consumed that were not taxed by suppliers and were not for resale. **If you report purchases exempt from discretionary sales surtax, also complete Line 15(a) or Line 15(b).**

Column 4. Tax Due - Enter the total amount of use tax due, including discretionary sales surtax due.

- **You must also report all discretionary sales surtax due on Line 15(d).**
- **If you paid sales tax to another state at a rate less than 6%,** enter the total amount of Florida use tax, plus any applicable discretionary sales surtax on Line B, Column 4, and claim a credit for the tax paid to the other state on Line 6. When claiming a credit for sales tax paid to another state, make sure it is legally imposed. When in doubt, contact the tax agency in the state where the tax was paid.

Line C. Commercial Rentals (5.7% Plus County Surtax Rate)

Commercial rentals include the renting, leasing, letting, or granting a license to use or occupy real property. Sales tax at the rate of 5.7%, plus discretionary sales surtax, is due on the total consideration charged for commercial property. The consideration charged may include charges for property taxes (whether paid to the landlord or directly to the county tax collector's office), or common area maintenance. Rentals, leases, and licenses to use or occupy real property by related persons are also considered commercial rentals (e.g., a corporate owner leases property to his or her corporation). **The \$5,000 limitation for discretionary sales surtax does not apply to commercial rentals.**

Column 1. Gross Sales - Enter the total amount of consideration for commercial rentals. Do not include tax collected in the amount reported.

Column 2. Exempt Sales - Enter the total amount of consideration for tax-exempt commercial rentals included in Line C, Column 1. Enter "0" if none. See section 212.031, F.S., and Rule 12A-1.070, Florida Administrative Code (F.A.C.), for exemptions specifically available to commercial rentals.

Column 3. Taxable Amount - Subtract the amount reported in Column 2 from the amount reported in Column 1 and enter the difference (the taxable amount).

Column 4. Tax Due - Enter the total amount of tax due, including discretionary sales surtax due. You must also report all discretionary sales surtax due on Line 15(d).

Line C(a). Less Sales Tax Scholarship Credits E-file/E-pay Only

Report the amount of any state tax credit authorized by the Florida Sales Tax Credit Scholarship Program and taken by your tenant(s) against the total sales tax and surtax due on commercial rentals. The amount of sales tax credit reported may not exceed the state sales tax due and reported in the amount on Line C, Column 4 (Commercial Rentals Tax Due). This credit is not available for any discretionary sales surtax due on commercial rentals. For more information on the Florida Sales Tax Credit Scholarship Program, visit floridarevenue.com/taxes/sfo.

Line D. Transient Rentals

Transient rentals are leases or rentals of living, sleeping, or housekeeping accommodations, such as hotels, motels, single-family dwellings, multi-unit dwellings, apartments, rooming houses, condominiums, timeshare resorts, vacation houses, beach houses, mobile homes, or any other living, sleeping, or housekeeping accommodations. Transient rental taxes must be collected and paid on all rental charges, including any rental charges that are required to be paid by the guest as a condition of the use of the accommodation, unless the rental charge is specifically exempt. See Rule 12A-1.061, F.A.C., for more information on what constitutes a "rental charge" and which rental charges are specifically exempt.

Some counties impose one or more local option taxes on transient rentals. Many counties self-administer these local option taxes. Contact your county taxing agency to determine whether your county imposes one of these taxes and if you are required to report and pay the taxes directly to your county taxing agency or to the Department of Revenue.

Form DR-15TDT, available on the Department's website, provides a listing of county local option transient rental rates and whether the local option tax is collected by the county or by the Department of Revenue.

Column 1. Gross Sales - Enter the total gross amounts (rental charges) charged for transient rentals only. Do not include tax collected in gross sales.

Column 2. Exempt Sales - Enter the total amount of tax-exempt transient rentals included in Line D, Column 1. Enter "0" if none.

Column 3. Taxable Amount - Subtract total exempt transient rentals (Column 2) from total gross transient rentals (Column 1) and enter the difference (the taxable amount).

Column 4. Tax Due - Enter the total amount of tax due, including any discretionary sales surtax due and any local option tax (for example, tourist development tax) administered by the Department of Revenue. **You must also report all discretionary sales surtax due on Line 15(d). The \$5,000 limitation for discretionary sales surtax does not apply to transient rentals.**

Line E. Food & Beverage Vending

If you operate food and beverage vending machines, compute your gross sales by dividing the total receipts from the machine(s) by the appropriate food and beverage divisor for the county where the machine(s) is located.

Column 1. Gross Sales - Enter the total amount of gross sales computed from food and beverage vending machines receipts. Do not include tax collected in gross sales.

Column 2. Exempt Sales - Enter the total amount of tax-exempt sales included in Line E, Column 1. Enter "0" if none.

Column 3. Taxable Amount - Subtract total exempt sales from total gross sales and enter the taxable amount.

Column 4. Tax Due - Enter the total amount of tax due, including discretionary sales surtax due. You must also report all discretionary sales surtax due on Line 15(d).

| Sales/Surtax Rate | Food and Beverage Divisor |
|-------------------|---------------------------|
| 6.0% | 1.0645 |
| 6.5% | 1.0686 |
| 7.0% | 1.0726 |
| 7.5% | 1.0767 |
| 8.0% | 1.0808 |

Example: The total receipts from a soft drink machine in a county with a combined sales and surtax rate of 6.5% total \$100. Total receipts divided by the food and beverage divisor for the 6.5% rate equals gross sales. Total receipts minus gross sales equals tax due, including discretionary sales surtax due. Gross sales multiplied by the surtax rate equals discretionary sales surtax due.

$\$100 \div 1.0686 = \93.58 (gross sales)

$\$100 - \$93.58 = \$6.42$ (tax due, including surtax due)

$\$93.58 \times .005 = \0.47 [surtax portion to be reported on Line 15(d)]

Line 5. Total Amount of Tax Due

Add the amounts in Column 4, Lines A, B, C, D, and E. Subtract the amount on Line C(a), Column 4, from the total and enter the result on Line 5.

Line 6. Less Lawful Deductions

Enter the total amount of all allowable tax deductions, except sales tax credit memos issued by the Department (reported on Line 8). Lawful deductions include tax refunded by you to your customers for returned goods or allowances for damaged merchandise, tax paid by you on purchases of goods intended for use or consumption but sold by you instead, Hope Scholarship Credits, and any other deductions allowed by law.

- If you are claiming any approved Hope Scholarship Credits, report the amount of the credits on Line 6 and on Line 16.
- Do not include documentation with your return.

You will not receive a credit if the amount of lawful deductions (Line 6) is greater than the total amount of tax due (Line 5) on your return. If the amount of your lawful deductions is more than the total amount of tax due, reduce the amount of lawful deductions claimed to equal the total amount of tax due. You may report the remaining amount of lawful deductions (not to exceed the total amount of tax due) on your next return.

Line 7. Net Tax Due

Subtract Line 6 from Line 5 and enter the amount on Line 7.

Lines 8 - 9. Estimated Tax

If you paid \$200,000 or more in state sales and use tax on returns you filed during the most recent state fiscal year (July 1 through June 30), you must make an estimated sales tax payment every month, starting with the December return, due January 1. Before you file your FINAL return or if you have questions about estimated tax, call Taxpayer Services.

Line 8. Less Estimated Tax Paid/Department of Revenue (DOR) Credit Memo

Enter the total amount of estimated tax you paid last month, the amount of any sales tax credit memo(s) issued by the Department, and the amount of any specifically authorized tax credits for which you have received a letter of approval from the Department. Follow the instructions sent to you by the Department.

You will not receive a credit if the amount of credit (Line 8) is greater than the net amount of tax due (Line 7). If the amount of your credit is greater than the net amount of tax due, reduce the amount of credits claimed to equal the net amount of tax due. You may report the remaining amount of credit (not to exceed the net amount of tax due) on your next return. When you file your FINAL return, complete an *Application for Refund – Sales and Use Tax* (Form DR-26S) to obtain a refund of the credit balance.

Line 9. Plus Estimated Tax Due Current Month

Enter the total amount of estimated tax due, if applicable, using one of the following three computation methods. You are **NOT** required to use only one method and may choose to use any one of these methods throughout the year.

Three Methods for Computing Estimated Tax

The percentage for calculating estimated tax is 60%. Your estimated tax liability is based only on Florida sales and use tax due (Form DR-15, Line 7, Net Tax Due minus any local option discretionary sales surtax and any local option transient rental tax). **If you incorrectly calculate or forget to enter your estimated tax, you cannot amend your return.** Compute your estimated tax liability by one of the following methods:

Method 1 – Average Tax Liability

Calculate 60% of your average state sales tax due for the months you reported taxable transactions during the calendar year.

Example: When completing your December return (due January 1 of the following year), calculate your average state sales tax due during the calendar year. To calculate your average state sales tax due, complete the following steps:

Step 1. Review all of your sales tax returns filed for the calendar year.

Step 2. Add together the amounts on Line 7 from each return. Subtract any local option discretionary sales surtax and any local option transient rental tax included in Line 7.

Step 3. To calculate the monthly average state sales tax due, divide the total calculated in Step 2 by the number of returns that were filed with tax due on Line 7.

Step 4. Multiply your monthly average state sales tax due by 60%.

Step 5. Enter the result from Step 4 on Line 9 of each return the following year, beginning with your December return due January 1.

The amount calculated in Step 4 can be used on each of your returns for the following year through the November reporting period.

Method 2 – Current Month/Previous Year

Calculate 60% of your state sales tax due for the same month of the previous calendar year.

Example: When completing your December return, multiply the amount on Line 7 of your January return for the same calendar year (minus any local option discretionary sales surtax and any local option transient rental tax) by 60%. Enter that amount on Line 9.

Method 3 – Current Month

Calculate 60% of the state sales tax due for the next month's return.

Example: When completing your December return, your estimated tax due is 60% of what you will report (minus any local option discretionary sales surtax and any local option transient rental tax) on your January return. Enter that amount on Line 9.

Penalty for Underpayment of Estimated Tax – If you fail to report and pay the minimum amount of estimated tax due each reporting period, you are subject to a loss of collection allowance and a 10% penalty on any underpayment of estimated tax due, and must pay interest on the amount underpaid.

Line 10. Amount Due

Subtract the amount on Line 8 from Line 7. Add the amount on Line 9. Enter the result on Line 10. **The amount entered on Line 10 cannot be negative.**

Line 11. Less Collection Allowance E-file/E-pay Only

When you file and pay electronically and on time, you are entitled to deduct a collection allowance of 2.5% (.025) of the first \$1,200 of the Amount Due (Line 10), **not to exceed \$30.**

You are **not** entitled to a collection allowance if you file your return or make your payment by a method other than electronic means. More information on filing and paying electronically is available at floridarevenue.com/taxes/education.

If you are entitled to a collection allowance, you may choose to donate the allowance to the Educational Enhancement Trust Fund. This fund is used to purchase

up-to-date technology for classrooms in local school districts in Florida. If you are eligible and choose to donate your collection allowance to education, check the “donate to education” box and leave Line 11 blank. The Department will calculate the collection allowance and transfer that amount to the Educational Enhancement Trust Fund. You must make this choice on **each** original and timely filed electronic return. You cannot make this choice after your electronic return is filed.

Line 12. Plus Penalty

For late returns and payments, the penalty is either:

- A minimum of \$50 if 10% of Line 10 is less than \$50, or
- 10% of the amount due on Line 10.

If your return or payment is late, the minimum penalty is \$50 **even if you file a late return with no tax due.**

Line 13. Plus Interest

If your payment is late, you owe interest on the Amount Due (Line 10). Florida law provides a floating rate of interest for late payments of taxes and fees due, including discretionary sales surtax. Interest rates, including daily rates, are published in Tax Information Publications that are updated semiannually on January 1 and July 1 each year and available at floridarevenue.com/taxes/rates.

Line 14. Amount Due with Return

You may receive a collection allowance when you file and pay electronically and on time. Subtract Line 11 from Line 10 and enter the amount due on Line 14. If you choose to donate your collection allowance to education, check the “donate to education” box and leave Line 11 blank.

All dealers: If your return or payment is **late**, add Lines 12 and 13 to Line 10 and enter the amount due on Line 14. Line 14 is the amount you owe.

Lines 15(a) - 15(d). Discretionary Sales Surtax

If you sell, rent, deliver, or receive taxable merchandise or services in or at a location within a county imposing a discretionary sales surtax, you are required to collect surtax at the rate imposed in the county where the merchandise or service is delivered. The discretionary sales surtax also applies to the rental of real property and transient rentals and is collected at the county rate where the property is located.

Most counties impose a local option discretionary sales surtax that must be collected on taxable transactions. You

must collect discretionary sales surtax along with the 6% state sales tax and send both taxes to the Department. Current discretionary sales surtax rates for all counties are listed on Form DR-15DSS, *Discretionary Sales Surtax Information*, available on the Department's website.

If your business location is in Florida, the discretionary sales surtax rate printed on your tax returns is the rate in effect for the county where your business is located. If your business is located outside of Florida, no discretionary sales surtax rate is printed on your returns. However, all dealers must collect discretionary sales surtax on taxable sales when the transaction occurs in, or delivery is into, a county that imposes a surtax. Use the chart below to help you determine when and at what rate to collect discretionary sales surtax.

For motor vehicle and mobile home sales, use the surtax rate of the county identified as the residence address of the purchaser on the registration or title document for the motor vehicle or mobile home. The surtax applies to the first \$5,000 of the sales amount on any item of tangible personal property. **The \$5,000 limitation does not apply to rentals of real property, transient rentals, or services.**

Include discretionary sales surtax with tax reported on Lines A through E in Column 4 of your DR-15 return. Do not send discretionary sales surtax collections to the county tax collector's office.

Use the Department's Address/Jurisdiction database to determine which county an address is located in. Visit floridarevenue.com/taxes/pointmatch.

Line 15(a). Exempt Amount of Items Over \$5,000

Enter the amount in excess of \$5,000 on each single sale of taxable tangible personal property (reported on Line A) and the amount in excess of \$5,000 for each single purchase for which sales tax and discretionary sales surtax is due (reported on Line B). **Example:** If you sold a single item for \$7,000, include \$2,000 (the amount over \$5,000) on Line 15(a). Do **NOT** include exempt sales reported in Column 2.

Line 15(b). Other Taxable Amounts NOT Subject to Surtax

Enter the amount of taxable sales or purchases included in Line A, Column 3, that are not subject to discretionary sales surtax. This includes services and tangible personal property delivered into a non-surtax county subject to sales tax, but not subject to discretionary sales surtax. Do **NOT** include exempt sales reported in Line A, Column 2.

When and at What Rate to Collect Discretionary Sales Surtax (Local Option County Tax) on Taxable Sales

| | | | | |
|---|--|--------------------|--|---|
| If a selling dealer located in any Florida county | with a discretionary surtax | sells and delivers | into the county where the selling dealer is located | surtax is collected at the county rate where the delivery is made |
| | with or without a discretionary surtax | | into counties with different discretionary surtax rates | surtax is collected at the county rate where the delivery is made |
| | with or without a discretionary surtax | | into counties without a discretionary surtax | surtax is not collected |
| If an out-of-state selling dealer | | sells and delivers | into a Florida county with a discretionary surtax | surtax is collected at the county rate where the delivery is made |
| | | | into a Florida county without a discretionary surtax | surtax is not collected |

Line 15(c). Amounts Subject to Surtax at a Rate Different Than Your County Surtax Rate

On Line 15(c) you must report the total amount of taxable sales and purchases for which discretionary sales surtax is due at a rate different than the rate of the county in which you are located. Enter the taxable amounts from Line A, Column 3, and Line B, Column 3, for which discretionary sales surtax is due at a rate different than the county in which you are located.

Example: A business located in a county with a 1% discretionary sales surtax rate sells a single taxable item for \$3,000 and delivers the merchandise into a county with a 1.5% discretionary sales surtax rate. The discretionary sales surtax is to be collected at 1.5%. The business will report the \$3,000 on Line 15(c), since this is the taxable amount that was subject to a different county discretionary sales surtax rate. The business will report the surtax collected at 1.5% on Line 15(d).

Line 15(d). Total Amount of Discretionary Sales Surtax Due

Enter the total amount of discretionary sales surtax due on Line 15(d). **Do not include state sales tax in this amount.**

Line 16. Hope Scholarship Credits

Enter the total Hope Scholarship Credits on Line 16 and include the total amount of credits in the amount entered on Line 6. For more information on the Hope Scholarship Program, visit floridarevenue.com/taxes/sfo.

Line 17. Taxable Sales/Untaxed Purchases or Uses of Electricity (6.95% Plus County Surtax Rate)

Enter the taxable amount of sales and untaxed purchases or uses of electricity subject to the 6.95% tax rate (2.6% imposed under Chapter 203, F.S., and 4.35% imposed under Chapter 212, F.S.), plus surtax. The sale or use of electricity is subject to discretionary sales surtax at the rate imposed by the county where the consumer of the electricity is located.

Line 18. Taxable Sales/Untaxed Purchases of Dyed Diesel Fuel

Enter the total amount of taxable sales and untaxed purchases of dyed diesel fuel used in vessels or off-road equipment. If the sale or purchase of dyed diesel fuel occurred in a county that imposes discretionary sales surtax, sales tax plus the applicable discretionary sales surtax is due.

Line 19. Taxable Sales from Amusement Machines

Enter the amount of taxable sales from amusement machines.

Line 20. Rural or Urban High Crime Area Job Tax Credits

Enter the amount of rural or urban high crime area job tax credits for which you have received a letter of approval from the Department on Line 20 and on Line 8. Follow the instructions sent to you from the Department.

Line 21. Other Authorized Credits

Enter only credits specifically authorized by the Department. Follow the instructions sent to you from the Department.

Signature(s)

Sign and date your return. For corporations, an authorized corporate officer must sign. If someone else prepared the return, the preparer must also sign and date the return. Please provide the telephone number of each person signing the return.

Due Dates, Electronic Filing and Payment, and Other Filing Information

Due Dates: Tax returns and payments are due on the 1st and late after the 20th day of the month following each reporting period. If the 20th falls on a Saturday, Sunday, or a state or federal holiday, your tax return must be received electronically, postmarked, or hand delivered on the first business day following the 20th.

Due Dates for Electronic Payments: To avoid penalty and interest, you must **initiate your electronic payment and receive a confirmation number no later than 5:00 p.m., ET, on the business day prior to the 20th.** Keep the confirmation number in your records. For a list of deadlines for initiating electronic payments on time, visit floridarevenue.com/forms, select the e-Services section,

and then select the current year *Florida e-Services Calendar of Electronic Payment Deadlines* (Form DR-659).

Due Date Reminders: If you file your paper returns monthly or quarterly, you can sign up to receive an email every reporting period, reminding you of the due date. Visit floridarevenue.com/dor/subscribe. Electronic filers will receive due date reminders without using the subscription service.

No Tax Due? Telefile at 800-550-6713 - You must file a tax return for each reporting period, even if no tax is due. You can telefile using the toll-free number to conveniently file your returns when no tax is due and

you are not claiming deductions or credits. When you telefile your return instead of mailing it, you will receive a confirmation number for your records. If you telefile, remember:

- to have your certificate number handy - it's printed on your returns; and
- do not mail your return to the Department - keep it with your confirmation number.

Electronic Filing and Payment: You can file returns and pay sales and use tax using the Department's website or you may purchase software from a software vendor. You may voluntarily file returns and pay tax electronically; however, taxpayers who paid **\$20,000 or more** in sales and use tax during the most recent state fiscal year (July 1 through June 30) **are required** to file returns and pay tax electronically during the next calendar year (January through December).

Enroll to file and pay electronically: Visit floridarevenue.com/taxes/eEnroll. After you complete your electronic enrollment, additional information about electronic filing will be sent to you.

Vendor software: You may purchase software from a software vendor to file and pay sales and use tax electronically. While you may use purchased software to file your sales and use tax electronically, you may not use software to create paper (alternative or substitute) returns to file with the Department. If you use vendor software to prepare a "tax calculation worksheet," do not file the worksheet with the Department as a tax return. To ensure proper credit to your account, be sure to transfer information from the worksheet to your personalized return.

Amended replacement returns: If you discover that your original return was incorrect, you must complete an amended return and submit it electronically or by mail. **Your amended return will replace any return you previously filed for the same reporting period.** It is important that you complete the amended return as it should have been originally filed rather than entering only additional or corrected information.

The quickest way to file an amended return is online. Visit floridarevenue.com to submit your amended return electronically and pay any additional tax due or report an overpayment.

The image shows a sample of the Florida Sales and Use Tax Return form (DR-15EZ). The form includes fields for Certificate Number, Reporting Period, Surtax Rate, Location/Mailing Address Changes, Telephone Number, New Mailing Address, and Amount Due From Line 9. The text "Amended replacement" is overlaid on the form. The Florida Department of Revenue logo and address (5050 W Tennessee St, Tallahassee FL 32399-0120) are also visible.

If you choose to file an amended return by mail, you will need a blank return from the Department. To download a blank return, visit floridarevenue.com/forms, select the Sales and Use Tax section, and then select the return

that you need. **Write your certificate number, reporting period, business name, and address on the return.**

Your amended return may result in an overpayment or an additional amount due. **If you overpaid the amount due with your original return or you owe an additional amount, the amount reported on Line 9 of the amended return will not match any overpayment or any additional amount due.** You must pay any additional amount due with the amended return. If you have overpaid, a credit for the amount overpaid will be issued.

Checks or Money Orders (NO Cash): Tax payments must be in U.S. funds only. Make checks or money orders payable to the Florida Department of Revenue. **Write your certificate number on your check or money order.** Mail your check or money order with your return.

Keep records that support all transactions for at least three years from the date you file your return or the date it is required to be filed, whichever is later.

Mailing Your Returns and Payments: If you received window-style envelopes from the Department, be sure to place your return in the envelope so the Department's mailing address can be seen in the window of the envelope. **If you use a return without your business information printed on it, write your business name, address, certificate number, and reporting period in the spaces provided.** If you do not have a window-style return envelope, mail your return and payment to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0120

If you need to replace lost or damaged returns or coupon books, call Taxpayer Services at 850-488-6800, Monday through Friday, excluding holidays.

Account Changes

If you change your business name, mailing address, location address within the same county, or close or sell your business, immediately notify the Department. You can also notify the Department when you temporarily suspend or resume your business operations. The quickest way to notify the Department is by visiting floridarevenue.com/taxes/updateaccount. To notify us in writing, mail a letter to:

Account Management – MS 1-5730
Florida Department of Revenue
5050 W Tennessee St
Tallahassee, FL 32399-0160

Be sure to include your business partner number and your certificate number in any written correspondence sent to the Department.

If you cancel your account or sell your business, **you must file a final return and pay all applicable taxes due within 15 days** after closing or selling the business. Your final return must cover the period from your most recent return filing to the closing date.

Submit a new registration (online or paper) if you:

- move your business location from one Florida county to another;

- add another location;
- purchase or acquire an existing business; or
- change the form of ownership of your business.

Florida Annual Resale Certificate

Registered sales and use tax dealers are provided a Florida Annual Resale Certificate to make tax-exempt purchases or rentals of property or services for resale. You may provide a paper or electronic copy of your current Florida Annual Resale Certificate or the certificate number to any seller when making purchases or rentals of property or services that you intend to resell or re-rent as part of your business. If you purchase or rent property or services that will be used in your business, your Florida Annual Resale Certificate should **not** be used.

As a dealer, you have an obligation to collect the applicable amount of sales and use tax and discretionary sales surtax when you resell or re-rent the property or service at retail. If you need help determining what you may buy or rent tax exempt for resale, the *Florida Annual Resale Certificate for Sales Tax* brochure (Form GT-800060) is available on the Department's website.

Sellers who make tax-exempt sales or rentals for purposes of resale or re-rental must document the exemption using any one of these methods:

- Obtain a paper or electronic copy of your customer's current Florida Annual Resale Certificate.
- For each tax-exempt sale, use your customer's Florida sales tax certificate number to obtain a transaction authorization number.
- For each tax-exempt customer, use your customer's Florida sales tax certificate number to obtain a vendor authorization number.

Sellers may verify a Florida Annual Resale Certificate number and obtain an authorization number:

- Online: Visit floridarevenue.com/taxes/certificates
- Phone: **877-357-3725**
- Mobile app: Available for iPhone, iPad, Android devices, and Windows phones.

Proper Collection of Tax

Collecting the right amount of tax is important because mistakes will cost you money. Florida's general state sales tax rate is 6%; however, there is an established "bracket system" for collecting sales tax on any part of each total taxable sale that is less than a whole dollar amount.

Additionally, most counties also have a local option discretionary sales surtax. **Bracket rates** are available on the Department's website at floridarevenue.com/forms.

[State Sales and Use Tax Rate] + [Surtax Rate] = [Total Tax Rate]

Calculate the total tax to be collected on the total amount of the sale. The total tax collected must be shown on each invoice. The sales tax and discretionary sales surtax may be shown as one total, or each tax can be shown separately. In many cases, the actual tax you collect is more than a straight percentage of the sales or use tax and surtax. You must use the bracket system to calculate the tax due when any part of each total sale is less than a whole dollar amount.

Example: A customer purchases a taxable item that sells for \$60.67 (before tax) in a county with no discretionary sales surtax. To calculate the correct amount of Florida sales tax, the seller first multiplies \$60 by 6% (state sales tax rate) to determine the sales tax on the whole dollar portion of the sale ($\$60 \times 6\% = \3.60). Using the bracket system, the seller then determines that the correct amount of sales tax on the amount less than a dollar (\$.67) is \$.05. Therefore, the total sales tax due on this transaction is \$3.65 ($\$3.60 + \0.05 cents).

Line-by-Line Instructions

Note: You will complete lines 1 through 4 to report tax on commercial rentals **or** tax on sales and purchases. After completing lines 1 through 4, proceed to the instructions for **Line 5. Less Lawful Deductions** and complete the return.

Lines 1 through 4 Instructions to Only Report Tax on Commercial Rentals (5.7% Plus County Surtax Rate)

If you **only** report tax collected for the lease or rental of commercial property (**you have no other sales or untaxed purchases to report**), you may use Form DR-15EZ to report sales and use tax due. If you have other taxable sales or untaxed purchases, you must use Form DR-15, *Sales and Use Tax Return*, to report sales and use tax. Contact Taxpayer Services to update your account information.

Commercial rentals include the renting, leasing, letting, or granting a license to use or occupy real property. Sales tax at the rate of 5.7%, plus discretionary sales surtax, is due on the total consideration charged for commercial property. The consideration charged may include charges for property taxes (whether paid to the landlord or directly to the county tax collector's office), or common area maintenance. Rentals, leases, and licenses to use or occupy real property by related persons are also considered commercial rentals (e.g., a corporate owner leases property to his or her corporation). **The \$5,000 limitation for discretionary sales surtax does not apply to commercial rentals.**

Line 1. Gross Sales

Enter the total amount of consideration for commercial rentals. Do not include tax collected in the amount reported.

Line 2. Exempt Sales

Enter the total amount of consideration for tax-exempt commercial rentals included in Line 1. Enter "0" if none. See section 212.031, Florida Statutes (F.S.), and Rule 12A-1.070, Florida Administrative Code (F.A.C.), for exemptions specifically available to commercial rentals.

Line 3. Taxable Sales/Purchases

Subtract the amount reported in Line 2 from the amount reported in Line 1 and enter the difference (the taxable amount).

Line 4. Total Tax Due

Enter the total amount of tax due including discretionary sales surtax due. You must also report all discretionary sales surtax due on Line B.

Lines 1 through 4 Instructions to Report Tax on Sales and Purchases

Line 1. Gross Sales

Enter the total amount of gross sales. Do not include tax collected in gross sales.

Line 2. Exempt Sales

Enter the total amount of tax-exempt sales or rentals included in Line 1. Enter "0" if none. Tax-exempt sales are sales for resale, sales of items specifically exempt, and sales to organizations that hold a *Florida Consumer's Certificate of Exemption*.

Line 3. Taxable Sales/Purchases

To determine Taxable Sales/Purchases (Line 3), subtract Line 2 from Line 1 and then **add any taxable purchases**. Enter the result on Line 3. Any taxable sales and purchases not subject to discretionary sales surtax must also be reported on Line A.

You owe "use tax" on taxable purchases of goods or services you have used or consumed that were:

- **Internet and out-of-state purchases not taxed by the seller and NOT purchased for resale.**
- Out-of-state or local purchases not taxed by a supplier and **NOT** purchased for resale, whether ordered online, from a catalog, or by telephone.
- Taxable items, originally purchased untaxed for resale, which you, your business, or employees used or consumed.

Include use tax and discretionary sales surtax on the return for the reporting period during which you purchased, used, or consumed the item(s).

How to compute Line 3

| | |
|------------------------|------------|
| Gross Sales | \$1,000.00 |
| Minus exempt sales | - \$100.00 |
| Equals taxable sales | \$900.00 |
| Plus taxable purchases | +\$50.00 |
| Equals Line 3 | \$950.00 |

Line 4. Total Tax Due

Enter the total tax due including discretionary sales surtax due. Also, report the discretionary sales surtax due on Line B. Use tax must be included on Line 4 of the return for the reporting period during which the item is used or consumed.

Line 5. Less Lawful Deductions

Enter the total amount of all allowable tax deductions, except sales tax credit memos issued by the Department (reported on Line 6). Lawful deductions include tax refunded by you to your customers for returned goods or

allowances for damaged merchandise, tax paid by you on purchases of goods intended for use or consumption but sold by you instead, and any other deductions allowed by law. **Do not include documentation with your return.**

Line 6. Less Department of Revenue Credit Memo

Enter the total amount of any sales tax **credit memo(s)** issued to you by the Department.

Line 7. Net Tax Due

Enter the result of Line 4 minus Lines 5 and 6. If negative, enter "0." Claim any remaining balance of lawful deductions on Line 5 of your next return or any remaining credit memo balance on Line 6 of your next return.

You will not receive a credit if the total amount of lawful deductions (Line 5) plus the amount of sales tax credit memos (Line 6) is greater than the total tax due (Line 4). If the total amount of lawful deductions plus credits is greater than the total tax due, reduce the amount of lawful deductions and credit memos claimed to equal the total tax due. You may report the remaining amount of lawful deductions and credits (not to exceed the net amount of tax due) on your next return. When you file your FINAL return, complete an *Application for Refund - Sales and Use Tax* (Form DR-26S) to obtain a refund of the credit balance.

Line 8. ~~Less Collection Allowance or~~ Plus Penalty and Interest

E-file/E-pay to Receive Collection Allowance

When you file and pay electronically and on time, you are entitled to deduct a collection allowance of 2.5% (.025) of the first \$1,200 of the Amount Due (Line 7), **not to exceed \$30**.

You are **not** entitled to a collection allowance if you file your return or make your payment by a method other than electronic means. More information on filing and paying electronically is available at floridarevenue.com.

If you are entitled to a collection allowance, you may choose to donate the allowance to the Educational Enhancement Trust Fund. This fund is used to purchase up-to-date technology for classrooms in local school districts in Florida. If you are eligible and choose to donate your collection allowance to education, check the "donate to education" box and leave Line 8 blank. The Department will calculate the collection allowance and transfer that amount to the Educational Enhancement Trust Fund. You must make this choice on **each** original and timely filed electronic return. You cannot make this choice after your electronic return is filed.

Penalty

For late returns and payments, the penalty is either:

- A minimum of \$50 if 10% of Line 7 is less than \$50.
- or
- 10% of the amount due on Line 7.

If your return or payment is late, the minimum penalty is **\$50 even if you file a late return with no tax due**.

Interest

If your payment is late, you owe interest on the Net Tax Due (Line 7). Florida law provides a floating rate of interest for late payments of taxes and fees due, including discretionary sales surtax. Interest rates, including daily rates, are published in Tax Information Publications that are updated semiannually on January 1 and July 1 each year and available on the Department's website at floridarevenue.com/taxes/rates.

Line 9. Amount Due With Return

If you file and pay electronically and on time and do not donate your collection allowance to education, enter the result of Line 7 minus collection allowance on Line 9. If you file late or pay late, enter the result of Line 7 plus penalty and interest on Line 9.

The amount due on Line 9 is the amount you owe. **Enter the amount from Line 9 on the front of your return.**

Discretionary Sales Surtax Information Lines A – B

If you sell, rent, deliver, or receive taxable merchandise or services in or at a location within a county imposing a discretionary sales surtax, you are required to collect surtax at the rate imposed in the county where the merchandise or service is delivered. The discretionary sales surtax also applies to the rental of real property and transient rentals and is collected at the county rate where the property is located.

NOTE: If you make sales or deliveries into any county with a different surtax rate, you cannot file a DR-15EZ return and must file Form DR-15 instead. Please contact the Department immediately by calling Taxpayer Services at 850-488-6800, Monday through Friday, excluding holidays.

Most counties impose a local option discretionary sales surtax that must be collected on taxable transactions. You must collect discretionary sales surtax along with the 6% state sales tax and send both taxes to the Department.

Current discretionary sales surtax rates for all counties are listed on Form DR-15DSS, *Discretionary Sales Surtax Information*, available on the Department's website.

If your business location is in Florida, the discretionary sales surtax rate printed on your tax returns is the rate in effect for the county where your business is located. If your business is located outside of Florida, no discretionary sales surtax rate is printed on your returns. However, all dealers must collect discretionary sales surtax on taxable sales when the transaction occurs in, or delivery is into, a county that imposes a surtax. Use the chart below to help you determine when and at what rate to collect discretionary sales surtax.

The surtax applies to the first \$5,000 of the sales amount on any item of tangible personal property. **The \$5,000 limitation does not apply to rentals of real property, transient rentals, or services.**

Include discretionary sales surtax with tax reported on Lines 1 - 4 of your DR-15EZ return. Do not send discretionary sales surtax collections to the county tax collector's office.

Use the Department's Address/Jurisdiction database to determine which county an address is located in. Visit floridarevenue.com/taxes/pointmatch.

Line A. Taxable Sales and Purchases NOT Subject to DISCRETIONARY SALES SURTAX

On the back of your return, on Line A, enter the total of all sales and purchases not subject to discretionary sales surtax. This normally consists of sales of single items that exceed the \$5,000 discretionary sales surtax limit. Do **NOT** include exempt sales reported on Line 2. Commercial rentals are not subject to the \$5,000 discretionary sales surtax limit. The example for Line A illustrates a transaction where the \$5,000 limit applies and what information should be reported on Line A.

When and at What Rate to Collect Discretionary Sales Surtax (Local Option County Tax) on Taxable Sales

| | | | | |
|---|--|--------------------|--|---|
| If a selling dealer located in any Florida county | with a discretionary surtax | sells and delivers | into the county where the selling dealer is located | surtax is collected at the county rate where the delivery is made |
| | with or without a discretionary surtax | | into counties with different discretionary surtax rates | surtax is collected at the county rate where the delivery is made |
| | with or without a discretionary surtax | | into counties without a discretionary surtax | surtax is not collected |
| If an out-of-state selling dealer | | sells and delivers | into a Florida county with a discretionary surtax | surtax is collected at the county rate where the delivery is made |
| | | | into a Florida county without a discretionary surtax | surtax is not collected |

***NOTE: If you deliver into any county with a different discretionary surtax rate, you must use Form DR-15 to accurately report the discretionary sales surtax you collect.**

Example for Line A

A business located in a county **with** a discretionary sales surtax sells a single taxable item for \$6,500. The business reports \$6,500 on Line 3, Taxable Sales/Purchases. To calculate Line A (the amount not subject to discretionary sales surtax), the business subtracts \$5,000 from \$6,500.

\$6,500 (Sales amount)
- \$5,000 (Limit on a single item)
\$1,500 (Amount exempt from discretionary sales surtax)

The business then writes the difference (\$1,500) on Line A. The \$1,500 is the amount that is not subject to discretionary sales surtax.

Line B. Total Discretionary Sales Surtax Due

On the back of your return, on Line B, enter the total amount of discretionary sales surtax due. All discretionary sales surtax collected must be included **with** the sales and use tax collected and reported on Line 4, Total Tax Due. The example for Line B illustrates how to compute the discretionary sales surtax on Line B.

Example for Line B

A business located in a county with a 1% surtax sells three taxable items over-the-counter for \$1,000 each during the month. The discretionary sales surtax will be collected on each item as follows: $\$1,000 \times 1\% = \10.00 discretionary sales surtax collected on each item. To complete Line B, the business enters the total discretionary sales surtax due ($\$10 \times 3$ items sold = \$30.00). The business would report \$30.00 on Line B. This amount should also be included with the sales and use tax reported on Line 4.

DR-95B
R. 01/19
Page 2 of 3

Any business registered with the Florida Department of Revenue as a sales and use tax dealer may use Form DR-95B to calculate the amount of tax credit or tax refund due on the unpaid balance of a financing contract for repossessed tangible personal property when the business:

- sells tangible personal property under a retail installment, title loan, conditional sale, contract with a retention of title provision, or similar financing contract;
- retains a security interest in the property that was sold (through a financing agreement entered into directly with the purchaser or, when financed by a financing institution, the business becomes liable for the outstanding debt at the time of repossession);
- paid sales tax, plus applicable discretionary sales surtax, on the sales price of the property to the Florida Department of Revenue; and
- repossesses the financed property.

The amount of tax credit or tax refund due is based on the ratio that the total tax has in relation to the unpaid balance of the sales price, excluding finance or other nontaxable charges. **A tax credit or tax refund must be claimed within 12 months following the month in which the property is repossessed.**

The registered business that paid the tax and applicable surtax to the Department may claim a credit on a *Sales and Use Tax Return* (Form DR-15) or apply for a refund by submitting an *Application for Refund – Sales and Use Tax* (Form DR-26S) to the Florida Department of Revenue. When taking a credit on your return, the completed schedule must be maintained in your books and records. When applying for a refund, attach this completed schedule to Form DR-26S, along with the information and documentation required on Form DR-26S, and maintain a copy of the schedule and the refund application in your books and records.

Instructions for Completing the Florida Communications Services Tax Return (Form DR-700016)

DR-700016N
R. 01/19
Page 19 of 24

General Information and Instructions

Who must file a return?

All registered dealers of communications services must file a *Florida Communications Services Tax Return* (Form DR-700016).

What is the communications services tax?

Communications services tax is imposed on voice, data, audio, video, or any other information or signal transmitted by any medium. The tax includes:

- a state portion imposed by section (s.) 202.12, Florida Statutes (F.S.);
- a gross receipts portion imposed by s. 203.01, F.S., but collected and administered under Chapter 202, F.S.; and
- a local portion imposed by s. 202.19, F.S.

Services subject to tax

Examples of services subject to the tax include:

- Local, long distance, and toll telephone
- Voice over Internet Protocol (VoIP) telephone
- Video service (e.g., television programming and streaming)
- Direct-to-home satellite
- Mobile communications
- Private communications
- Pager and beeper
- Telephone charge made at a hotel or motel
- Facsimiles (fax), when not provided in the course of professional or advertising services
- Telex, telegram, and teletypewriter

Services not subject to tax

Examples of services not subject to the tax include:

- Information services (these services may include electronic publishing, web-hosting services, or end user 900-number services)
- Internet access services, electronic mail services, electronic bulletin board services, or similar online computer services
- Sale or recharge of prepaid calling arrangements
- Pay telephone charges

Bundled Services: Generally, when taxable and nontaxable services or goods are bundled together and sold for one sales price, the entire charge is subject to tax. However, any portion of a charge for other services or goods that are not communications services (such as Internet access) are not subject to the tax, if the charge can be reasonably identified in your books and records. Please note that such charges may be subject to sales and use tax pursuant to Chapter 212, F.S. Also, charges for items described in s. 202.11(13)(a), F.S., are always subject to communications services tax.

Exemptions

Transactions exempt from the tax include:

- Sales for resale.
- Sales to federal government agencies.
- Sales to state, local, and municipal governments.
- Sales to religious and educational organizations, and homes for the aged that are currently exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code.
- Sales to holders of a direct pay permit for communications services.

Partial exemption for residential service

Communications services sold to a residential household are exempt from the 4.92 percent state portion and the .15 percent gross receipts portion of the tax. Residential service is subject to the 2.37 percent gross receipts tax and local tax. This partial exemption does not apply to the sale of mobile communications service, video service, direct-to-home satellite service, or any residence that constitutes all or part of a transient public lodging establishment as defined in Chapter 509, F.S.

Tax Rates

The rate for the state portion is 4.92 percent (.0492). The total rate for the gross receipts portion is 2.52 percent (.0252), which is composed of .15 percent (.0015) and 2.37 percent (.0237). The rate for direct-to-home satellite services is 11.44 percent (.1144). Each taxing jurisdiction (municipality, charter county, or unincorporated county) has a specific local tax rate. To verify current local tax rates, visit the Department's website at floridarevenue.com/taxes/cst.

When is the return due and payable?

Returns and payments are due on the 1st and late after the 20th day of the month following each reporting period. If the 20th falls on a Saturday, Sunday, or state or federal holiday, your return must be postmarked or hand delivered on the first business day following the 20th.

Electronic payments must be initiated no later than 5:00 p.m. Eastern time on the last business day before the 20th. Electronic returns must have an electronic date stamp on or before the 20th.

Penalty for late payments

A 10 percent penalty is due for each 30-day period, or fraction thereof, that your return or payment is late. The maximum penalty is 50 percent of the total amount due. See chart below.

Late payments include additional tax due as a result of changes in siting of previously reported sales from a local jurisdiction with a lower tax rate to a local jurisdiction with a higher tax rate, if the provider has not used an address database that meets the requirements of s. 202.22, F.S.

| Days Late | Rate |
|-----------|------|
| 1-30 | 10% |
| 31-60 | 20% |
| 61-90 | 30% |
| 91-120 | 40% |
| over 120 | 50% |

Interest on late payments

Interest is due on late payments and is accrued from the date tax is late until it is paid. A floating rate of interest applies to underpayments and late payments of tax. The rate is updated January 1 and July 1 of each year by using the formula established in s. 213.235, F.S. To obtain interest rates:

Completing the Return

Business partner number - This is a unique identifier assigned by the Department when you register. The business partner number appears on your *Communications Services Tax Certificate of Registration* (DR-700014). Please be sure that this number is recorded on the return and all schedules before submission.

Proper collection of tax - "Tax due" is not a straight percentage calculation using the "Taxable sales" columns of Schedule I. The tax rates are preprinted on the schedule as a convenience, but the amount of tax entered in the "tax due" columns should never be less than the actual amount of tax charged.

Supporting schedules - All supporting schedules are required to process the return. Failure to submit supporting schedules will delay the processing of the return and/or any refund that may be associated with the return. Florida law imposes a \$5,000 penalty if you fail to report and identify local communications services tax on the appropriate return schedule. Failure to include Schedule I or the use of an unapproved alternative format for Schedule I (such as a spreadsheet) will result in this penalty.

Signature - The return must be signed by a person who is authorized to sign on behalf of the dealer. Failure to include an authorized signature will delay the processing of the return and/or any refund that may be associated with the return.

- If you submit a timely filed return and payment and use the Department of Revenue (DOR) database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., to situs customers you may apply a .75 percent (.0075) collection allowance.
- Direct-to-home satellite providers who file a timely return and payment may apply a .75 percent (.0075) collection allowance.
- If you file a timely return and payment and do not use the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., you must apply a .25 percent (.0025) collection allowance.
- Direct pay permit holders do not receive a collection allowance on amounts accrued but not collected from customers.

Line 7 - Net communications services tax due. Subtract Line 6 from Line 5 and enter the result.

Line 8 - Penalty. A 10 percent penalty is due for each 30-day period, or fraction thereof, that your return or payment is late. The maximum penalty is 50 percent of the amount due. Multiply Line 5 by the applicable penalty percentage and enter the result.

The rate is updated January 1 and July 1 of each year by using the formula established in s. 213.235, F.S. See "Interest on late payments" on Page 19 for more information. Multiply Line 5 by the applicable interest rate and enter the result.

Line 10 - Adjustments. Enter the Total Adjustments from Schedule III, Column G (Page 16) and/or the Total Adjustments from Schedule IV, Column U (Page 17). Enter negative numbers in parentheses (*amount*).

Signature. The return must be signed by a person who is authorized to sign on behalf of the provider. **Failure to include an authorized signature on Page 1 of the return will delay the processing of the return and/or any refund that may be associated with the return.**

Schedule I State, Gross Receipts, and Local Taxes Due

Who must complete this schedule?

Communications services providers, including cable service providers, direct pay permit holders, and mobile communications providers, must complete this schedule and send it with the tax return. (Direct-to-home satellite service providers should not complete Schedule I, but must complete Schedule II.) Florida law imposes a \$5,000 penalty if you fail to report and identify local communications services tax on the appropriate return schedule. Failure to include Schedule I or the use of an unapproved alternative format for Schedule I (such as a spreadsheet) will result in this penalty.

Important Notes about Schedule I:

- This Schedule must not contain any negative numbers.
- Eligible bad debt credits may be netted on this Schedule; however, the result must not be less than zero.
- This Schedule must not be used to report other credits or adjustments. Use Schedule IV to report other credits, make adjustments to prior periods, and take credit for tax paid on services that are resold.

Note on bad debts: Communications services providers may report credits for bad debts by netting the credit directly against communications services tax due on Schedule I, or may report credits for bad debts on Schedule IV. Providers using Schedule I may use a proportional allocation method based on current gross sales or other reasonable allocation method approved by the Department to determine the amount of bad debt attributable to the state or local jurisdiction. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Regardless of the method used to report bad debt credits, providers must keep records to support all credit amounts reported.

Schedule I, Columns A through E (Pages 3-14)

Column A - Local jurisdiction. You must report the amount of taxable sales and tax collected and/or accrued for each county and municipality in which you provide or use communications services.

Note: Communications services sold to a residential household are exempt from the 4.92 percent state portion and the .15 percent gross receipts portions of the tax. This exemption does not apply to the sale of mobile communications service, cable service, direct-to-home satellite service, or any residence that constitutes all or part of a transient public lodging establishment as defined in Chapter 509, F.S. Residential service is subject to the 2.37 percent gross receipts tax and local tax.

Who must complete this schedule?

Direct-to-home satellite service providers must complete this schedule and send it with the tax return.

Important Notes about Schedule II:

- This Schedule must not contain any negative numbers.
- Eligible bad debt credits may be netted on this Schedule; however, the result must not be less than zero.
- This Schedule must not be used to report other credits or adjustments. Use Schedule III to report other credits, make adjustments to prior periods, and take credit for tax paid on services that are resold.

Note on bad debts: Direct-to-home satellite service providers may report credits for bad debts by netting the credit directly against communications services tax due on Schedule II, or may report credits for bad debts on Schedule III. Providers using Schedule II may use a proportional allocation method based on current gross sales or other reasonable allocation method approved by the Department to determine the amount of bad debt. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Regardless of the method used to report bad debt credits, providers must keep records to support all credit amounts reported.

Schedule III Direct-to-Home Satellite Services Adjustments

Who must complete this schedule?

Direct-to-home satellite service providers must complete this schedule to report adjustments to previous filing periods.

Important notes about Schedule III:

- Complete a separate Schedule III for each applied period that you are adjusting.
- Make photocopies of Schedule III as needed.
- The amount of credit claimed on Schedule III cannot exceed the amount of tax reported on Schedule II. If the credit claimed is greater than the tax collected, report the additional amount on a subsequent return.

Note on bad debts: Providers may choose to report bad debt credits on Schedule III instead of netting them on Schedule II. The credit amount should be reported as a reduction in taxable sales in Column A. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Providers must keep records to support all credit amounts reported.

Column A - Change in reported taxable sales. Enter the net change in taxable sales. This is the total of the taxable sales which are either being added to or deleted from transactions previously reported. Report negative amounts in parentheses (*amount*).

Column B - Rate. Enter the appropriate rate for the applied period that you are adjusting.

Column C - Collection allowance adjustment. Collection allowance adjustments are required for all transactions that result in a **decrease** in taxable sales. If Column A (Change in reported taxable sales) is a decrease (negative number), multiply .0075 by the amount of tax collected and/or accrued on the amount in Column A. The result should be entered as a positive number in Column C. If a collection allowance was not taken on the original return or the adjustment results in an **increase** in taxable sales, this section does not apply. Enter 0 (zero) in Column C.

Column D - Adjustment amount. Subtract Column C from the amount of tax collected and/or accrued for sales transactions reported in Column A. Enter the result. Report negative amounts in parentheses (*amount*).

Penalty and Interest Calculation

Penalty and interest are due on all adjustments which result in an increase in tax due.

Column E - Penalty. See "Penalty for late payments" on Page 19 for information on calculating the penalty due.

Column F - Interest. See "Interest on late payments" on Page 19 for information on calculating the interest due.

Column G - Total adjustments. Sum the totals of Columns D, E, and F. Enter the result in Column G and on Page 1, Line 10.

Schedule IV Adjustments

Who must complete this schedule?

Communications services providers (except direct-to-home satellite service providers) must use this schedule to:

- Report corrections or adjustments to previous reporting periods. This schedule must be used to correct state or local tax siting errors (revenue reported in the wrong jurisdiction) and to adjust amounts reported incorrectly on previous returns.
- Report adjustments in taxable sales due to credits.
- Take credit for tax paid to a vendor on services that have been resold.

Important notes about Schedule IV:

- Complete a separate Schedule IV for each applied period that you are adjusting.
- Make photocopies of Schedule IV as needed.
- The amount of credit claimed on Schedule IV cannot exceed the amount of tax reported on Schedule I. If the credit claimed is greater than the tax collected, report the additional amount on a subsequent return.

Note on bad debts: Providers may choose to report bad debt credits on Schedule IV instead of netting them on Schedule I. The credit amount should be reported as a reduction in taxable sales in Column B. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Providers must keep records to support all credit amounts reported.

Column A - Local jurisdiction. Enter the names of the jurisdiction(s) for which you have adjustments. Attach additional sheets as needed.

State Tax Calculation

Column B - Change in reported taxable sales. Enter the net change in taxable sales on the line corresponding to the appropriate county jurisdiction(s). The net change in taxable sales may include a reduction for eligible bad debts. Report negative amounts in parentheses (*amount*).

Column C - Rate. Enter the appropriate rate for the applied period you are adjusting. **Note:** For periods prior to July 2015, the state rate is 6.8 percent, which is a combination of the 6.65 percent state portion and the .15 percent gross receipts portion. For periods July 2015 and later, the state rate is 5.07 percent, which is a combination of the 4.92 percent state portion and the .15 percent gross receipts portion.

Column D - Collection allowance adjustment. Collection allowance adjustments for state tax are required for transactions that result in a **decrease** in taxable sales for a prior applied period. If the original filing was not eligible for a collection allowance, or if this schedule is being used to report an **increase** in taxable sales for a prior applied period or a change in jurisdiction only (no change in taxable sales), this section does not apply. Enter 0 (zero) in Column D.

If Column B (change in reported taxable sales) is a **decrease** (negative number), the collection allowance must be recouped by one of the following methods. The result should be entered as a positive number in Column D.

- If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0075 by the tax collected and/or accrued for sales being decreased in Column B.

- If you are **not** using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0025 by the tax collected and/or accrued for sales being decreased in Column B.

Column E - Adjustment amount. Subtract Column D from the tax collected and/or accrued for the sales reported in Column B, and enter the result.

Local Tax Calculation

Column F - Change in reported taxable sales. Enter the net change in taxable sales for the appropriate jurisdiction(s). The net change in taxable sales may include a reduction for eligible debts. Report negative amounts in parentheses (amount).

When changes in taxable sales are due to situsing or reporting errors and tax has not been refunded to the customer, use the following calculations to determine the change in taxable sales.

If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., adjustments to taxable sales should be made by reallocating the original local tax due amount reported in the wrong jurisdiction to the correct jurisdiction. The tax should be reallocated regardless of the tax rate originally used or the tax rate of the correct jurisdiction. Taxable sales amounts should be calculated by dividing the tax amount by the tax rate for each affected jurisdiction.

Example 1: \$1,113.09 in local tax due was originally reported in Jurisdiction A (tax rate 1.10 percent), but should have been reported in Jurisdiction B (tax rate 2.10 percent). Calculate the change (decrease) in taxable sales for Jurisdiction A by dividing the tax due originally reported in Jurisdiction A by its current tax rate. (EX: \$1,113.09 divided by .0110 = \$101,190.00). Report the decrease in parentheses. Calculate the change (increase) in taxable sales to Jurisdiction B by dividing the tax due originally reported in Jurisdiction A by the current tax rate for Jurisdiction B. (EX: \$1,113.09 divided by .0210 = \$53,004.29).

Example 2: \$1,113.09 in local tax due was originally reported in Jurisdiction B (tax rate 2.10 percent), but should have been reported in Jurisdiction A (tax rate 1.10 percent). Calculate the change (decrease) in taxable sales for Jurisdiction B by dividing the tax due originally reported in Jurisdiction B by its current tax rate. (EX: \$1,113.09 divided by .0210 = \$53,004.29). Report the decrease in parentheses. Calculate the change (increase) in taxable sales to Jurisdiction A by dividing the tax due originally reported in Jurisdiction B by the current tax rate for Jurisdiction A. (EX: \$1,113.09 divided by .0110 = \$101,190.00).

If you are using a database that does not meet the requirements of s. 202.22, F.S., you should identify the taxable sales and local tax due amounts to be reallocated, the tax rates for the jurisdictions where the tax was originally reported (incorrect jurisdiction), and where the tax should be reported (correct jurisdiction).

If the correct jurisdiction has a higher tax rate, the original taxable sales amount will be used to claim a credit in the incorrect jurisdiction. This same taxable sales amount will be used in the correct jurisdiction to calculate tax due. When multiplied by the tax rates, a higher local tax due amount in the correct jurisdiction will result. Note that additional local tax resulting from the transfer to a jurisdiction with a higher tax rate will be due, along with penalty and interest. See "Penalty and Interest Calculation."

Example 3: \$101,190.00 in taxable sales was originally reported in Jurisdiction A (tax rate 1.10 percent) but should have been reported in Jurisdiction B (tax rate 2.10 percent). Report the change (decrease) in taxable sales (\$101,190.00) in Jurisdiction A and the tax rate (1.10 percent) in the appropriate columns. Report the decrease in parentheses. Report the change (increase) in taxable sales (\$101,190.00) in Jurisdiction B and the tax rate (2.10 percent) in the appropriate columns. The additional tax will be due, along with penalty and interest.

If the rate of the correct jurisdiction is the same as or lower than the original (incorrect) jurisdiction, the tax due amount reported should be used to claim a credit in the original (incorrect) jurisdiction and this same tax due amount reported in the correct jurisdiction. Taxable sales amounts should be calculated by dividing the tax amount by the tax rate for each affected jurisdiction. When tax is transferred to a jurisdiction with a lower rate, calculated taxable sales will not match actual sales to customers but will provide the information needed to correct the allocation of tax reported.

Example 4: \$1,113.09 in local tax due was originally reported in Jurisdiction B (tax rate 2.10 percent), but should have been reported in Jurisdiction A (tax rate 1.10 percent). Calculate the change (decrease) in taxable sales for Jurisdiction B by dividing the tax due originally reported in Jurisdiction B by its current tax rate. (EX: \$1,113.09 divided by .0210 = \$53,004.29). Report the decrease in parentheses. Calculate the change (increase) in taxable sales to Jurisdiction A by dividing the tax due originally reported in Jurisdiction B by the current tax rate for Jurisdiction A. (EX: \$1,113.09 divided by .0110 = \$101,190.00).

Column G - Rate. Enter the appropriate local rate for the applied period you are adjusting.

Column H - Collection allowance adjustment. Collection allowance adjustments are required for all transfers of tax between jurisdictions and any transactions that result in a **decrease** in taxable sales for a prior applied period. If the original filing was not eligible for a collection allowance or if this schedule is being used to report only an **increase** in taxable sales for a prior applied period, this section does not apply. Enter 0 (zero) in Column H.

When a jurisdictional transfer results in a transfer to a jurisdiction with the same or higher tax rate, the collection allowance adjustment must be capped at the amount claimed on the original return (i.e., no additional collection allowance will be granted on additional tax due as a result of the transfer).

If Column F (Change in reported taxable sales) is a **decrease** (negative number), the collection allowance must be recouped by one of the following methods. The result should be entered as a positive number in Column H.

- If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0075 by the tax collected and/or accrued for sales being decreased in Column F.
- If you are **not** using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0025 by the tax collected and/or accrued for sales being decreased in Column F.

Column I - Adjustment amount. Subtract Column H from the tax collected and/or accrued for the sales reported in Column F, and enter the result. Report negative amounts in parentheses (amount).

Penalty and Interest Calculation

Penalty and interest are due on all adjustments which result in additional tax due, except corrections of state or local tax situsing errors (revenue reported in the wrong jurisdiction). If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., you will be held harmless for tax, penalty, and interest that would have accrued otherwise as a result of the additional tax due on transfers between jurisdictions. If you do not use a database as specified in the previous sentence you will not be held harmless and the additional tax due from the transfer to the jurisdiction with the higher tax rate will be due, along with penalty and interest.

Column J - Penalty. See "Penalty for late payments" on Page 19 for information on calculating the penalty due.

Column K - Interest. See "Interest on late payments" on Page 19 for information on calculating the interest due.

Gross Receipts Calculation

Column L - Change in reported taxable sales. Enter the net change in taxable sales. The net change in taxable sales may include a reduction for eligible bad debts. Report negative amounts in parentheses (*amount*).

Column M - Rate. Enter the 2.37 percent gross receipts rate.

Column N - Collection allowance adjustment. Collection allowance adjustments are required for all transactions that result in a decrease in taxable sales. If the original filing was not eligible for a collection allowance or if this schedule is being used to report only an increase in taxable sales for a prior applied period, this section does not apply. Enter 0 (zero) in Column N.

If Column F (change in reported taxable sales), is a **decrease** (negative number), the collection allowance must be recouped by one of the following methods. The result should be entered as a positive number in Column N.

- If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0075 by the tax collected and/or accrued for sales being decreased in Column F.
- If you are **not** using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0025 by the tax collected and/or accrued for sales being decreased in Column F.

Column O - Adjustment amount. Subtract Column N from the tax accrued on the transactions reported in Column L and enter the result. Report negative amounts in parentheses (*amount*).

Column P - Penalty. See "Penalty for late payments" on Page 19 for information on calculating the penalty due.

Column Q - Interest. See "Interest on late payments" on Page 19 for information on calculating the interest due.

Column R - Net tax adjustments. Add the totals of Columns E, I, and O and enter the result. Report negative amounts in parentheses (*amount*).

Column S - Penalty. Add the totals of Columns J and P and enter the result.

Column T - Interest. Add the totals of Columns K and Q and enter the result.

Column U - Total adjustments. Add Columns R, S, and T and enter the result in Column U and on Page 1, Line 10 of the return. Report negative amounts in parentheses (*amount*).

Instructions for Filing Petroleum Carrier Information Return

For Calendar Year

DR-309637N
R. 01/19
Rule 12B-5.150, F.A.C.
Effective XX/XX
Page 1 of 4

General Information

Who Must File? All common, contract, and private carriers who transport petroleum products by truck, rail, pipeline, barge, ship, or other conveyance are required to complete and file this return each month.

This provides the state with a complete record of all petroleum and biofuel products moved by truck, rail, pipeline, barge, ship, or other conveyance. Do not use this return to report tax due. It provides the state with an independent source of information used to verify reported transactions.

Each transport of petroleum product having an origination or destination point in Florida is on Schedule 14. The information listed on this schedule will be used by the Department to verify the receipts and disbursements of fuel products reported on the following returns:

- Terminal Supplier Fuel Tax Return
- Terminal Operator Information Return
- Wholesaler/Importer Fuel Tax Return
- Exporter Fuel Tax Return
- Blender Fuel Tax Return
- Mass Transit System Provider Fuel Tax Return
- Local Government User of Diesel Fuel Tax Return

The data collected on Schedule 14 is summarized and used to complete the return.

Electronic Filing: Petroleum Carriers are required to file electronically. Florida law imposes a monthly penalty of \$5,000 for failing to file electronically. Enroll to file electronically using the Department's website at floridarevenue.com/taxes/eEnroll.

Return Due Date: Your return and schedules are due to the Department on the 1st day of the month following the collection period. Your electronic return will be considered late if it is not received by the Department or its agent on or before the 20th day of each month. If the 20th day is a Saturday, Sunday, or state or federal holiday, returns will be accepted as timely if you initiate your filing on the next business day. You must file your return using the Department's motor fuel tax web application.

Penalty: If you do not file a complete return, including all schedules, a \$200 penalty will be assessed.

Supplemental Returns: If you must correct a previously filed fuel tax return or supporting schedule information, please contact Return Reconciliation at 850-488-6800 to obtain specific supplemental return instructions and blank forms.

Note: A supplemental return is any data reported to the Florida Department of Revenue that adjusts or corrects an original return. The values listed within a supplemental return must reflect the difference between the original and any previously filed supplemental return(s) and the corrected return. Corrections to understated gallons or additional transactions not included on the original return must be reported as positive values. Erroneously reported gallons or overstated transactions included on the original return must be reported as negative values.

Reporting of Kerosene, Biodiesel, and Ethanol Product Types

Undyed Kerosene – Undyed kerosene is taxable at the aviation fuel tax rate at the time it is removed from the terminal rack. Report all grades of undyed kerosene (except jet fuel) as **Product Type 142**. Include totals from the receipts and disbursements schedules on your tax return in Column D with jet fuel and aviation gasoline.

Dyed Kerosene – Kerosene dyed to the specifications of section (s.) 206.8741, Florida Statutes (F.S.), is exempt from aviation fuel tax. Report dyed kerosene as **Product Type 072**. Include totals from the receipts and disbursements schedules for **Product Type 072** on the tax return in Column C with dyed diesel products and dyed biodiesel.

Biodiesel (B100) – Except for local governments who produce biodiesel for self-consumption, biodiesel manufacturers must be licensed and file returns as wholesalers. Any person importing untaxed biodiesel must be licensed as an importer. Licensed terminal suppliers meet the licensing requirements to manufacture or import biodiesel, and report their biodiesel imports or production on the terminal supplier return. Biodiesel is defined as diesel and products labeled or marketed as biodiesel, including products known as "B100," that have not been blended with petroleum diesel. These products are taxable at the diesel fuel rate when produced in or imported into Florida in the same manner as petroleum diesel. Report unblended biodiesel as **Product Type B00**, and include it on your tax return in Column B with undyed petroleum diesel.

Dyed Biodiesel (B100) – Biodiesel dyed to the specifications of s. 206.8741, F.S., is exempt from diesel fuel tax. Report dyed biodiesel as **Product Type D00**. Include totals from the receipts and disbursements schedules on your tax return in Column C, with the totals of dyed petroleum diesel products and dyed kerosene.

Biodiesel Blends (167) – A biodiesel blend is defined as undyed biodiesel blended with petroleum diesel (i.e., B05). Report all biodiesel blends as undyed diesel fuel (**Product Type 167**), and include them on your tax return in Column B with pure undyed petroleum diesel and pure undyed biodiesel.

Dyed Biodiesel Blends (227) – A dyed biodiesel blend is defined as dyed biodiesel blended with dyed petroleum diesel (i.e., D05). Dyed biodiesel blends must be dyed to the specifications of s. 206.8741, F.S., to be exempt from diesel fuel tax. Report dyed biodiesel blends as **Product Type 227**. Include totals from the receipts and disbursements schedules on your tax return in Column C, with the totals of dyed petroleum and dyed kerosene products.

Ethanol Blends – Ethanol blends are taxable products resulting from a blend of gasoline and ethanol to create a fuel grade ethanol. Fuel grade ethanol is defined as ethanol blended with at least 1.97 percent gasoline by volume to render the product unsuitable for human consumption.

Note: Report denatured ethanol as **Product Type E00** on the tax return in Column A with gasoline and gasohol.

Gasohol (124) – “Gasohol” means a mixture of gasoline blended with ethanol and includes what is commonly known and sold as ethanol blended fuel, which contains not more than ninety-one percent (91%) gasoline by volume, and the ethanol content must not be less than nine percent (9%) by volume. Report gasohol as **Product Type 124**, and include it on your tax return in Column A with gasoline.

Schedule 14 Instructions

Schedule 14 provides detail of each delivery of fuel product transported on behalf of other companies or where the carrier is the owner of the fuel transported. Before entering the information requested in Columns 1 through 13, you should organize your records as follows:

1. Schedule 14A – Gallons Loaded at a Florida Terminal or Bulk Plant and Delivered to Another State
2. Schedule 14B – Gallons Loaded at an Out-of-State Facility or Bulk Plant and Delivered in Florida
3. Schedule 14C – Gallons Loaded at a Florida Terminal or Bulk Plant and Delivered in Florida

You must file a separate schedule for each product and terminal code/origin where fuel is loaded. Enter the schedule type, product type, and the terminal code/origin in the header portion of each schedule. There are three options for point of origin:

Option 1. When the origin is a terminal (either inside or outside Florida), use the Internal Revenue Service (IRS) terminal code to identify the point of origin.

Option 2. When the origin is a non-terminal (bulk storage) location within Florida, use the Florida Department of Environmental Protection (DEP) facility number to identify the point of origin. If the origin is a location in Florida, but is neither a terminal nor a facility required to be registered with the DEP (such as a railroad car, barge, or other portable storage tank), use the standard state abbreviation, “FL.”

Option 3. When the origin is a non-terminal (bulk storage) location outside Florida, use the standard state abbreviation to identify the point of origin if the point of origin is within the U.S. or a U.S. protectorate; all other non-U.S. points use “ZZ.”

Column Instructions

Columns (1) and (2): Person Hiring the Carrier

(Consignor) – Enter the name and FEIN of the company that hired the carrier.

Columns (3) and (4): Seller (If known) – Enter the name and FEIN of the company from whom you received the fuel at the terminal or other point of origin.

Column (5): Mode of Transport – Enter one of the following:

B = Barge

PL = Pipeline

J = Truck

R = Rail

S = Ship (Great Lakes or ocean marine vessel)

(If reporting by summary or roll-up totals, see instructions below.)

Column (6): Do not enter a value (origin) in Column 6. Instead, enter the Terminal Code/Origin in the header of the schedule.

Column (7), (8), (9): Delivered to (Consignee) – Enter the name, address, and FEIN of the final delivery point. There are three options for reporting the delivery address in Column 8.

Option 1. When the destination is a terminal (either inside or outside Florida), use the IRS Terminal Code to identify the point of destination.

Option 2. When the destination is a non-terminal (bulk storage) location within Florida, use the DEP facility number to identify the point of destination. If the destination is a location in Florida, but is neither a terminal nor a facility required to be registered with the DEP (such as a portable storage tank), use the standard state abbreviation, “FL.”

Option 3. When the destination is a non-terminal (bulk storage) location outside of Florida, use the standard state abbreviation to identify the point of destination if the point of destination is within the U.S. or a U.S. protectorate; all other non-U.S. points use “ZZ.”

Column (10): Date Delivered – Enter the delivery date of the fuel product (MMDDYY).

Column (11): Document Number –

- Enter the identifying number from the manifest issued at the terminal if the product was removed over the rack. If a manifest was not issued by the terminal, use the identifying number from the manifest issued by the seller.
- Enter the pipeline ticket number if the product was moved by pipeline.
- Enter the voyage number if the product was moved by ship or barge.
- Enter the invoice number if the product was not shipped from one location to another but placed directly into a supply tank of a motor vehicle or mobile tank.

Note: If reporting by summary or roll-up totals you must enter the word "SUM" in this column. See Instructions below.

Column (12): Not required in Florida for reporting purposes.

Column (13): Net Gallons – Enter the net whole gallons delivered.

You are required to report each delivery transaction when completing schedules for reporting petroleum products transported for others.

Follow the guidelines below when completing Schedules 14B and 14C for reporting petroleum products transported on your own behalf.

- **Sales to farmers** - A carrier who makes deliveries of undyed diesel or biodiesel to farmers who have multiple tank locations in the same county, all of which are required to be registered with the DEP, may select one of the farmer's DEP facility numbers in each county and report all deliveries in that county under that one DEP facility number. If you choose to summarize multiple transactions under one DEP number, you must write to the Department of Revenue, Compliance Campaign, P.O. Box 6417, Tallahassee FL 32399-6417, telling us that you will report in this manner. Include a list of the farmer's DEP facility numbers from the county that will be rolled-up under one DEP facility number.
- **Non-Registered Facilities** - You may report single monthly totals by customer and product type if you deliver fuel to a storage or supply tank that is not required to be registered with the Florida Department of Environmental Protection. Enter J in Column 5, the last day of the month in Column 10, sum in Column 11, and the total net gallons in Column 13. Enter 999999991 for all other fields.

Note: You must keep the detail of all roll-up summaries for 5 years and make it available to the Department on request.

When you have completed all supporting schedules of delivery transactions, the individual schedule types must be summarized by product and the total entered on Page 4 of the return. Gasoline, gasohol, and denatured ethanol are summarized as gasoline (Column A); undyed diesel and undyed biodiesel, as undyed diesel (Column B); dyed diesel, dyed biodiesel, dyed kerosene as dyed diesel (Column C); and aviation gasoline, jet fuel, and undyed kerosene as aviation fuel (Column D).

Instructions for Filing the Gas and Sulfur Production Quarterly Tax Return

DR-144
R. 01/19
Page 5 of 10

Who Must File? Every producer of gas and sulfur in Florida must file a quarterly tax return. Producers must file a return even if no tax is due. Producer means any person who:

- Owns, controls, manages, or leases oil or gas property.
- Owns, controls, manages, or leases oil or gas wells.
- Produces any taxable gas or sulfur product.
- Owns any royalty or other interest in any taxable product (consistent with gas and sulfur production) or its value, whether the taxable product is produced by, or on behalf of, someone under a lease contract or otherwise.

When Must Estimated Tax be Paid? Estimated tax must be paid in monthly installments (see Form DR-144ES). You must pay any balance due on your quarterly return on or before the due date on the return.

Return Due Date: The quarterly return is due on or before the 25th day of the second month following the end of each calendar quarter. For example, the return for the third quarter, ending September 30, would be due on or before November 25. If the due date falls on a Saturday, Sunday, state or federal holiday, returns and payments will be considered timely if postmarked on the next business day. Late-filed returns are subject to penalty and interest.

Late Returns: If your return and payment are late, a delinquency penalty of 10 percent of any tax due will be added for each month, or portion of a month, the return is late. A maximum delinquency penalty, which cannot exceed 50 percent of tax due, will be assessed. A minimum penalty of \$50 per month, or portion of a month, applies even if no tax is due. This penalty cannot exceed \$300. Florida law provides a floating rate of interest for late payments of tax. Interest rates, including daily rates are published in Tax Information Publications (TIPs). Rates are updated semiannually on January 1 and July 1 of each year and posted online at floridarevenue.com/taxes/rates.

Underpayment of Estimated Tax: You must pay a penalty (at the rate of 12 percent per year) and interest (at a floating rate) on any underpayment of estimated tax. For more information, see Form DR-144ES.

Penalty for Substantial Underpayment: If your underpayment exceeds 35 percent of the total tax due, you will be subject to a substantial underpayment penalty of 30 percent of the underpayment. This will be in addition to other penalties and interest.

Electronic Funds Transfer: Any taxpayer who paid more than \$20,000 in severance taxes between July 1 and June 30 (the state's fiscal year), must pay their taxes by electronic funds transfer in the next calendar year. Visit the Department's website at floridarevenue.com.

Amended Returns: If you are filing an amended return, use a new Form DR-144 and check the "amended" box on the front page. Enter your name, address, federal employer identification number (FEIN), and the taxable quarter you are amending. Complete the entire return, showing the total production of gas and sulfur for the quarter covered by the amended return. On Line 12b, list the estimated payments made, and the payment (if any) made when the original return was filed. If Line 13 results in additional tax due, you must calculate penalties and interest from the original due date to the date the amended return and payment are postmarked.

Mail your completed return and payment to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0150

Tax Rates – Annual tax rates for gas production and for sulfur production are determined annually by the Department as provided in sections 211.025 and 211.026, F.S., and entered by the Department. Annual tax rates are published in Taxpayer Information Publications (TIPs) and posted on the Department's website at floridarevenue.com/taxes/rates.

Schedule I: Complete this schedule if you are a producer of gas. Gas means all natural gas, including casinghead gas, and all hydrocarbons not defined as oil. This excludes any hydrogen sulfide gas or sulfur contained, produced, or recovered from such hydrogen sulfide gas. You must specify the volume by thousand cubic feet (mcf) as produced by county. A cubic foot is defined as the volume of gas contained in one cubic foot of space at a base temperature of 60 degrees Fahrenheit and a base pressure of 14.65 pounds per square inch. Enter the county name where the gas is produced. Enter the total taxable volume on Line 4 and calculate the tax due.

Schedule II: Complete this schedule if you are a producer of sulfur. Sulfur means any sulfur produced or recovered from the hydrogen sulfide gas contained in oil or gas production. Enter the tons produced by county. Enter the county name where the sulfur is produced. Enter the total tons on Line 8 and calculate the tax due.

Schedule III: Complete this schedule if gas or sulfur royalties are due to the State of Florida for any production field on state-owned lands. Enter the average value per unit of production for each month during the quarter.

Instructions for Filing the Declaration of Estimated Gas and Sulfur Production Tax and Payment of Estimated Tax

DR-144ES
R. 01/19
Page 9 of 10

Who Must File a Declaration of Estimated Tax? Every producer severing gas or sulfur and subject to tax must file a monthly declaration of estimated tax. Producer means any person who:

- Owns, controls, manages, or leases oil or gas property.
- Owns, controls, manages, or leases oil or gas wells.
- Produces any taxable gas or sulfur product.
- Owns any royalty or other interest in any taxable product (consistent with gas and sulfur production) or its value, whether the taxable product is produced by, or on behalf of, someone under a lease contract or otherwise.

When is the Declaration of Estimated Tax Due? A declaration of estimated tax must be filed on or before the 25th day of the month following each month that production occurred. If the due date falls on a Saturday, Sunday, or state or federal holiday, the declaration will be considered timely if it is postmarked on the next business day. For example, the declaration for January (current applied month) is due on or before February 25. The day we receive your payment or filing (or the postmark date if mailed), determines the timeliness of the payment or filing.

How do I Calculate my Declaration of Estimated Tax? Estimated tax means the amount of tax you think you owe for the current month. The estimate may be based on current production figures or on the previous month's production multiplied by the current month's rate (if current production figures are unavailable). To avoid penalties for underestimating tax due, the taxpayer must pay at least 90 percent of the actual tax due for the current month or an amount equal to the previous month's production multiplied by the current month's rate, whichever is less.

Complete the back of Form DR-144ES to calculate the amount of estimated tax due.

Line 1 - Enter the amount of gas and sulfur produced during the previous month.

Line 2 - Enter the current applied month's tax rate.

Line 3 - Multiply Line 1 by Line 2 and enter the result.

Line 4 - Enter estimated tax or amended estimated tax for the current applied month.

Line 5 - Multiply Line 4 by 90 percent and enter the result.

Line 6 - Enter the amount of your installment (installment must equal or exceed the lesser of Line 3 or Line 5).

Line 7 - Enter unused credit amount.

Line 8 - Subtract Line 7 from Line 6 and enter the result.

Carry this figure to the **"Payment Amount"** on the face of the DR-144ES.

For example, if you are calculating your declaration of estimated tax for the month of July (current month), which is due on or before August 25, you should first look at June (previous month's production). On Line 1, enter the previous month's production for June. On Line 2, enter the current month's tax rate. Multiply Line 1 by Line 2 and enter the total on Line 3. On Line 5, enter 90 percent of the amount on Line 4. If you do not have final figures and are unsure of the amount of production in July, you should enter on Line 6 the total amount from Line 3 to ensure that a penalty is not assessed for underestimating tax. If you do have final figures and are sure of the amount of production in July, you may send in 90 percent of the current month's tax due and you will not incur a penalty for underestimating tax.

Filing a Quarterly Return: A quarterly return (Form DR-144) is due on or before the 25th day of the second month following the end of each calendar quarter. We will mail quarterly returns with current tax rates to you during the second month of each quarter (February, May, August, and November).

Electronic Funds Transfer (EFT): Any taxpayer who paid more than \$20,000 in severance taxes between July 1 and June 30 (state's fiscal year) in the prior year, must pay their tax by EFT in the following calendar year. Visit the Department's website at floridarevenue.com.

Underpayment of Estimated Tax: An underpayment of estimated tax occurs if the monthly estimated payment is less than 90 percent of the tax determined to be due for the month, and less than the previous applied month's production multiplied by the current applied month's tax rate. Penalty at the rate of 12 percent per year is due on the amount of any underpayment of estimated tax. Interest is also due on any underpayment of estimated tax, calculated from the due date to the date of payment.

Florida law provides a floating rate of interest for late payments of tax. Interest rates, including daily rates are published in TIPs. Rates are updated semiannually on January 1 and July 1 of each year and posted on the Department's website at floridarevenue.com/taxes/rates.

Payment Coupons: Complete Lines 1 through 8 on the back of the coupon. Enter the amount from Line 8 on the front of the coupon. Make sure the name, address, installment number, federal employer identification number, and taxable year are correct. Type or print them if you are using a form that does not have preprinted information. If your payment is made electronically, be sure to check the EFT box.

- Owns, controls, manages, or leases oil wells.
- Produces any taxable oil products.
- Owns any royalty or other interest in any taxable product (consistent with oil production) or its value, whether the taxable product is produced by, or on behalf of someone under a lease contract or otherwise.

Return Due Date? The monthly return is due on or before the 25th day of the month following the month production occurred. If the due date falls on a Saturday, Sunday, or state or federal holiday, returns and payments will be considered timely if postmarked on the next business day. Late-filed returns are subject to penalty and interest.

Late Returns:

If your return and payment are late, a delinquency penalty of 10 percent of any tax due will be added for each month, or portion of a month, the return is late. The maximum delinquency penalty cannot exceed 50 percent of the tax due. A minimum penalty of \$50 per month, or portion of a month, applies even if no tax is due. This penalty cannot exceed \$300. A floating rate of interest applies to underpayments and late payments of tax. Interest rates are updated January 1 and July 1 of each year using the formula established in Florida Statutes. To obtain updated interest rates, visit the Department's website at floridarevenue.com/taxes/rates or contact Taxpayer Services at 850-488-6800.

Electronic Funds Transfer (EFT): Any taxpayer who paid more than \$20,000 in severance taxes between July 1 and June 30 (the state's fiscal year), must pay their taxes by Electronic Funds Transfer (EFT) in the next calendar year. More information on EFT requirements and procedures can be found on the Department's website or you can contact Taxpayer Services (see "Contact Us").

Amended returns: If you are filing an amended return, use the *Oil Production Monthly Amended Tax Return* (Form DR-145X). Do not resubmit Form DR-145.

Credit for Contributions to Nonprofit Scholarship-Funding Organizations (SFOs):

A credit is available against severance tax on oil production for contributions to nonprofit scholarship-funding organizations (SFOs). More information about this credit and how to submit your *Florida Tax Credit Scholarship Program Application for Tax Credit Allocation for Contributions to Nonprofit Scholarship-Funding Organizations* (Form DR-116000) is posted at floridarevenue.com/forms.

The Department of Revenue must approve an allocation of this credit before it can be taken. One hundred percent of an eligible contribution is allowed as a credit, but the amount of the credit taken may not exceed 50 percent of the gross tax due reported on Line 27 of the return. If the credit granted is not fully used in any one year, the unused credit can be carried forward no more than ten (10) years. For tax years beginning prior to January 1, 2018, the unused credit can be carried forward no more than five (5) years.

Instructions for Completing the Return

Schedule I:

Complete this schedule to report production of ordinary oil subject to the eight percent tax rate. Ordinary oil includes all oil that does not qualify as tertiary oil or small well oil.

For each county, in separate columns, enter the gross production, exemption, and **value per barrel**. Calculate the taxable barrels for each county and enter the results on Line 3. Multiply the taxable barrels by the **value per barrel** and enter the results on Line 5. Add each taxable value listed on Line 5, and enter the result on Line 6. Multiply the total taxable value by the tax rate (8 percent) and enter the result on Line 8 (Gross Tax Due).

Schedule II:

Use this schedule to report small well oil produced in Florida for sale, transport, storage, profit, or commercial use.

For each county, in separate columns, enter the gross

production, exemptions, and value per barrel. Calculate the taxable barrels for each county and enter the results on Line 11. Multiply the taxable barrels by the value per barrel and enter the results on Line 13. Add each taxable value listed on Line 13, and enter the result on Line 14. Multiply the total taxable value by the tax rate (5 percent) and enter the result on Line 16 (Gross Tax Due).

Schedule III:

Use this schedule to report tertiary or mature field oil produced in Florida for sale, transport, storage, profit, or commercial use. Report production, exemptions, and value per barrel under the county in which the oil was severed (Columns A, B, C, and D).

Tax due from tertiary or mature field oil production is calculated using a tiered formula. Tax rates are based on the value per barrel of oil at the time of production. Value is defined as the sale or market price of the oil at the point it reaches the mouth of the well in its natural, unrefined condition.

Tax Rates Based on Tiered Formula:

- One percent is levied on the first \$60 of value.
- Seven percent is levied on a value greater than \$60 and less than \$80.
- Nine percent is levied on a value greater than or equal to \$80.

Tax due is determined by multiplying the total number of barrels produced, times the tiered value per barrel, times the tiered tax rate.

Example 1

If 200 barrels of oil were produced and each barrel had a value of \$90 at the time of production, tax is calculated as follows:

- 200 barrels times \$60 times 1 percent equals \$120.
- 200 barrels times \$19.99 times 7 percent equals \$279.86.
- 200 barrels times \$10.01 times 9 percent equals \$180.18.

Total tax due in this example equals \$580.04.

Example 2

If 200 barrels of oil were produced and each barrel had a value of \$50 at the time of production, tax is calculated as follows:

- 200 barrels times \$50 times 1 percent equals \$100.

Total tax due in this example equals \$100.

In separate columns for each county, enter:

- Total Barrels Produced (Line 17).
- Exemption
- Value Per Barrel (Line 20).

Subtract exempt barrels reported on Line 18 from the total barrels reported as produced on Line 17, and enter the result on Line 19 (Taxable Barrels). Multiply Line 19 by the Value Per Barrel (Line 20), and enter the result on Line 21.

Multiply Line 19 times the tiered value per barrel times the tiered tax rate and enter the results on Lines 22a, 22b, or 22c. Add Lines 22a plus 22b plus 22c, and enter the result on Line 23.

Schedule IV:

Complete this schedule to report any escaped oil subject to the 12.5 percent tax rate. Enter the gross value of any escaped oil by multiplying the total barrels by the value per barrel. Multiply the gross value listed on Line 24 by the tax rate (12.5 percent) reported on Line 25, and enter the result on Line 26 (Gross Tax Due).

Front page of return:

Add Line 8 plus Line 16 plus Line 23 plus Line 26 and carry the result (Gross Tax Due) to Line 27, of the return. If the return and payment are late, calculate and add penalty and interest.

To calculate interest, multiply the daily interest factor times Line 30 (Total Tax Due) times the number of days late.

Sign and date the return and mail it with your payment to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0150

If your payment is made by EFT, be sure to check the EFT box.

General Instructions

Use this form (DR-145X) to amend the amounts previously reported on the *Oil Production Monthly Tax Return* (Form DR-145). A separate return is required for each applied period you amend.

Who Must File? Every producer of oil in Florida must file a monthly tax return (DR-145). Producers must file a return even if no tax is due. Producer means any person who:

- Owns, controls, manages or leases oil property.
- Owns, controls, manages or leases oil wells.
- Produces any taxable oil products.
- Owns any royalty or other interest in any taxable product (consistent with oil production) or its value, whether the taxable product is produced by, or on behalf of someone under a lease contract or otherwise.

Return Due Date: Your payment (if applicable), returns, and schedules are due to the Department on the 25th day of the month after the oil was produced. Your DR-145 is late if the return and payment are received or postmarked after the 25th day of the month following the production period. If the 25th is a Saturday, Sunday, or state or federal holiday, your return and payment must be received or postmarked on the next business day, even if no tax is due.

Amended Return Due Date: An *Oil Production Monthly Amended Tax Return* (Form DR-145X) is due when there are changes to the oil production figures or errors in the calculations submitted with the original monthly return. An amended return must be filed if there are corrections to be made to tax returns that were submitted within three (3) years before the date the error was discovered.

A claim for refund or credit must be filed within three (3) years after the date the tax was paid.

Late Returns: If you amend your return to report production that results in additional tax due, a delinquency penalty of 10 percent of the tax due will be assessed for each month, or

portion of a month, the return is late. The maximum penalty cannot exceed 50 percent of the tax due. A minimum penalty of \$50 per month, or portion of a month, applies even if no tax is due; this penalty cannot exceed \$300. A floating rate of interest applies to underpayments and late payments of tax. The Department updates the rates January 1 and July 1 of each year by using the formula established in Florida Statutes. To obtain interest rates, go to the Department's website at floridarevenue.com/taxes/rates.

Electronic Funds Transfer (EFT): Any taxpayer who paid more than \$20,000 in severance taxes between July 1 and June 30 of the state's previous fiscal year, must send in their taxes by electronic funds transfer (EFT) in the next calendar year. For more information on EFT requirements and procedures, visit the Department's website or contact Taxpayer Services at 850-488-6800.

Credit for Contributions to Nonprofit Scholarship-Funding Organizations (SFOs)

A credit is available against severance tax on oil production for contributions to nonprofit scholarship-funding organizations (SFOs). More information about this credit and how to submit your *Florida Tax Credit Scholarship Program Application for Tax Credit Allocation for Contributions to Nonprofit Scholarship-Funding Organizations* (Form DR-116000) is posted at floridarevenue.com/forms.

The Department of Revenue must approve an allocation of this credit before it can be taken. One hundred percent of an eligible contribution is allowed as a credit, but the amount of the credit taken may not exceed 50 percent of the gross tax due reported on Line 1 of the return. If the credit granted is not fully used in any one year, the unused credit can be carried forward no more than ten (10) years. For tax years beginning prior to January 1, 2018, the unused credit can be carried forward no more than five (5) years.

Instructions for Completing an Oil Production Monthly Amended Return

Name, Address, Federal Employee Identification Number (FEIN), and Applied Period:

Enter your name, address, FEIN, and applied period being amended on the front of the form. Also enter the applied period at the top of page 2.

Complete Schedules I, II, and III

Previously Reported - Enter the number of taxable barrels produced, taxable value, and tax due as reported on the original or last amended return for the month. Report the net results of all previously filed returns if amended returns were filed for this period.

Amended - Enter the revised number of taxable barrels produced, taxable value, and tax due for the month.

Net Change -

- Subtract the amended taxable barrels produced from the taxable barrels that were reported on the previous return and enter the result.
- Subtract the amended taxable value from the taxable value that was reported on the previous return and enter the result.
- Subtract the amended tax due from the tax due that was reported on the previous return and enter the result.

Separate lines are required for each county of production.

Complete Schedule IV

Previously Reported - Enter the gross value as previously reported on the original return. Gross value means the total barrels of escaped oil produced times the value per barrel.

Amended - Enter the revised gross value for the month.

Net Change –

- Subtract the amended gross value from the gross value reported on the previous return and enter the result.
- Multiply the net change in gross value by the tax rate and enter the result under Net Tax Due/Credit.

Note: The tax rate on the production of oil is measured by the method of extraction and the value per barrel. Value is defined as the sale or market price of the oil at the point it reaches the mouth of the well in its natural, unrefined condition. The following tax rates apply:

- Ordinary Oil Production (Schedule I) – 8 percent
- Small Well Production (Schedule II)– 5 percent
- Tertiary/Mature Field Oil (Schedule III) - A tax rate of 1 percent is levied on the first \$60 of value, 7 percent on a value greater than \$60 and less than \$80, and 9 percent on a value greater than or equal to \$80. Tax due is determined by multiplying the total barrels produced times the tiered value per barrel times the tiered tax rate.

Example 1 - 200 barrels of oil were produced and had a value of \$90 per barrel at the time of production. Tax is calculated as follows:

- 200 barrels times \$60 times 1 percent equals \$120.
- 200 barrels times \$19.99 times 7 percent equals \$279.86
- 200 barrels times \$10.01 times 9 percent equals \$180.18

Total tax due in this example equals \$580.04

Example 2 - 200 barrels of oil were produced and had a value of \$50 per barrel at the time of production. Tax is calculated as follows:

- 200 barrels times \$50 times 1 percent equals \$100.

Total tax due in this example equals \$100.

- Escaped Oil Production (Schedule IV) – 12.5 percent

Complete the front of return:

Line 1 Carry forward to page 1, Line 1, the net change in tax due reported on Schedules I, II, III, and/or IV.

Line 2 Enter the approved credit for contributions made to nonprofit scholarship-funding organizations. The credit cannot exceed 50 percent of the gross tax due.

Line 3 Enter the amount of any outstanding credit memos issued by the Department of Revenue. You must attach the original credit memos to the back of this return.

Line 4 Subtract the sum of Lines 2 and 3 from Line 1.

Line 5 Calculate penalty if your amended return was not timely filed. The penalty rate is 10 percent per month, or portion of a month, not to exceed 50 percent of the tax due. Then multiply the total due on Line 4, by the penalty rate.

Line 6 A floating rate of interest applies to underpayments and late payments of tax. The Department updates the rate January 1 and July 1 of each year by using the formula established in Florida Statutes. To obtain interest rates, visit the Department's website at floridarevenue.com/taxes/rates.

Line 7 Add Lines 4, 5, and 6 and enter the result. If you have overpaid, you may choose to have a credit memo issued or request a refund. We will pay interest on refunds if the overpayment of tax has not been paid or credited within 90 days of receipt of a complete application for refund. A complete application must contain documentation establishing the overpayment. Interest paid by the Department will be computed beginning on the 91st day based on a statutory floating interest rate that may not exceed 11 percent.

Sign and date your amended return and mail it with your payment to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0150

If your payment is made by EFT, be sure to check the EFT box.

When is the installment payment due and payable? Installments of tax are due and payable on April 15, June 15, and October 15 of each year. A final payment of tax due for the year must be made at the time the taxpayer files the return (Form DR-908) for the year.

An installment will be considered timely filed if it is postmarked by the U.S. Postal Service on or before the applicable due date. If the due date falls on a Saturday, Sunday, or state or federal holiday, the installment will be considered timely filed if it is postmarked the next business day.

What are the installment payments based on? Installments are based on the estimated gross amount of receipts of insurance premiums or assessments received during the immediately preceding calendar quarter. The second quarter installment due June 15 (not July 15) requires the estimate to be through June 30. **All of the taxes reported on Form DR-908 are subject to installment payment requirements, not just the insurance premium tax reported on Schedule I of Form DR-908.** Because of the complexities of computing the standard 90 percent installment payment for all of the taxes reported on Form DR-908, most insurers use the safe harbor of paying 27 percent of the tax due in the preceding year for each installment payment. If each installment is 27 percent of the amount of the annual tax reported on the preceding year's Form DR-908 (Line 11 minus Line 9 and Line 10), there will be no installment penalty. The installment amounts that must be paid to meet the prior year exception are decreased by the amount of the Florida Tax Credit Scholarship Program credits earned during the tax year for making contributions to nonprofit scholarship funding organizations (SFO). Contributions must be made on or before the installment due date to decrease the amount that must be paid to meet the prior year exception. For example, an insurer that paid \$100,000 in insurance premium tax, after credits, last year is required to remit \$27,000 by April 15, another \$27,000 for a total of \$54,000 by June 15, and another \$27,000 for a total of \$71,000 by October 15 of the year. The amount required to be remitted by each installment due date to meet the prior year exception is reduced by Florida Tax Credit Scholarship Program credit earned prior to each installment due date. Assuming the insurer made a contribution of \$50,000 on March 31 of the tax year and received a certificate under the Florida Tax Credit Scholarship Program from the nonprofit SFO, it would not need to make any installment payment to meet the prior year exception for the first installment, but it would need to remit \$4,000 or earn another Florida Tax Credit Scholarship Program credit of at least \$4,000 by June 15 to meet the prior year exception for the second installment and would need to remit a total of \$31,000 or earn Florida Tax Credit Scholarship Program credits of at least \$31,000 by October 15 to meet the prior year exception for the third installment.

Penalty for Underpayment/Late Filing of Insurance Premium Tax Installment Payments:

Any taxpayer who fails to report and timely pay any installment of tax, who estimates any installment of tax to be less than 90 percent of the amount finally shown to be due in any quarter, and/or who fails to report and timely pay any tax due with the final return is subject to a penalty of 10 percent on

any underpayment of taxes or delinquent taxes due and payable for that quarter and/or on any delinquent taxes due and payable with the final return.

Interest for Underpayment/Late Filing of Insurance Premium Tax Installment Payments:

Interest accrues when a taxpayer fails to pay any amount due on or before the due date. A floating rate of interest applies to underpayments and late payments of tax. The rate is updated January 1 and July 1 of each year by using the formula established in section 213.235, Florida Statutes. For current and prior year interest rates, visit the Department's website or contact Taxpayer Services (see "Contact Us").

General Instructions

Part One

Taxpayers Required to File Form DR-908

Under Chapter 624, Florida Statutes (F.S.), every authorized domestic, foreign, and alien insurer engaged as indemnitor, surety, or contractor in the business of entering into contracts of insurance or annuity in Florida shall annually remit a tax on insurance premiums, premiums for title insurance, or assessments, including membership fees and policy fees and gross deposits received from subscribers to reciprocal or interinsurance agreements, and on annuity premiums or considerations issued in the State of Florida. Additionally, every authorized domestic, foreign, and alien insurer shall report its gross underwriting profit on wet marine and transportation insurance, as defined in section (s.) 624.607(2), F.S., written in the State of Florida during the preceding calendar year. In addition to the premium/underwriting profit taxes imposed under Chapter 624, F.S., an excise tax is levied by each municipality or special fire control district described and classified in ss. 175.041 and 185.03, F.S., on every authorized insurer engaged in the business of property insurance and casualty insurance, respectively, in the State of Florida. Every domestic, foreign, and alien insurer authorized to engage in the business of fire insurance in the State of Florida shall be subject to a regulatory assessment on policies of fire insurance issued and insuring property in the State of Florida.

The premium/underwriting profit taxes, excise taxes, and regulatory assessment must be reported and filed on Form DR-908. **Form DR-908 should NOT be filed for each Florida location of an insurer unless the location has its own Federal Employer Identification Number (FEIN).** If you need additional assistance in completing Form DR-908, please call 850-488-6800.

When and Where to File Form DR-908

Form DR-908 is due on or before March 1 each year.

Mail your completed Form DR-908 and payment to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0150

If there is an overpayment to be refunded (Line 17), mail your completed Form DR-908 to:

Florida Department of Revenue
PO Box 6440
Tallahassee FL 32314-6440

A return will be considered timely filed if it is postmarked by the U.S. Postal Service on or before the applicable due date. If the due date falls on a Saturday, Sunday, or state or federal holiday, the return will be considered timely filed if it is postmarked the next business day.

Taxable Year

The taxable year for the *Insurance Premium Taxes and Fees Return* (Form DR-908) is based on a calendar year ending December 31.

Payment of Tax

The balance of tax shown to be due on the return must be paid in full with the return. Failure to pay the tax on time will subject the taxpayer to assessment of penalties and interest.

Electronic Filing

You are able to file and pay insurance premium tax electronically using the Department's secure website. Online electronic filing offers the uploading of Schedule XII, Firefighters' Pension Trust Fund, and Schedule XIII, Municipal Police Officers' Retirement Trust Fund, automatic calculations, and automatic entry for data appearing in more than one schedule. If you paid **\$20,000 or more** in tax during the State of Florida's prior fiscal year (July 1 – June 30), you are required to file and pay electronically. Insurers are encouraged to file electronically and take advantage of the opportunity to save resources. Insurers can obtain a waiver by calling 850-488-6800. Please visit the Department's website at floridarevenue.com for more information.

Important: Please verify that the Federal Employer Identification Number (FEIN) is correct on your tax return and that it exactly matches the FEIN under which your funds are electronically transmitted. If you are transmitting funds for more than one account, ensure accurate credit by making separate transmissions for **each** account.

Attachments and Statements

A copy of the Florida Business Page from the Annual Statement must be attached to Form DR-908 when it is filed. If you are claiming the salary tax credit, you must also submit copies of the Department of Revenue Form RT-6 for each quarter of credit claimed and a copy of Form RTS-71 if applicable. If you electronically file Forms RT-6 (*Employer's Quarterly Report*) and RTS-71 (*Quarterly Concurrent Employment Report*), you may substitute printouts of your quarterly electronic filings when those printouts include the company name, FEIN, and reemployment tax number of the entity for which the electronic filing was submitted; the name of each employee; and each employee's gross wages, excess wages not subject to tax, and net taxable wages. If Form RTS-71 is electronically filed for concurrent employees, a breakout by company should be included. Department of Financial Services' *Carrier and Self Insurance Fund Quarterly Premium Reports* must be attached if you wrote workers' compensation insurance. (Forms RT-6 and RTS-71 are incorporated by reference in Department of Economic Opportunity Rule 73B-10.037, Florida Administrative Code [F.A.C.].)

Several credits, in addition to the salary tax credit and workers' compensation administrative assessment credit, require certifications and/or other documents to be attached to Form DR-908 in order to claim that particular credit (see Part Two, "Specific Instructions").

For any insurer required to compute retaliatory tax, a copy of the state of incorporation's *Insurance Premium Tax Return*, *Corporate Income Tax Return*, and any other applicable returns or schedules calculated using Florida premium volume, personnel, and property should be attached.

Signature and Verification

All returns must bear the original signature of an authorized officer or fiduciary. **Faxed copies, rubber stamps, or photocopies of signatures are not considered original signatures.**

Any person, firm, or corporation who prepares a return for compensation must also sign the return and provide:

- Federal employer identification number (FEIN), if applicable, **and**
- Preparer tax identification number (PTIN).

Account Changes

If you change your business name, location or mailing address, or close or sell your business, immediately notify the Department. The quickest way to notify us is online. Go to floridarevenue.com/taxes/updateaccount, then select "Change address or account status."

To Amend a Return

Amended returns must include all schedules and attachments, even those not affected by the amendment. Be sure to check the "Amended Return" box on Form DR-908 and list the reason(s) for amending the return. **All amended returns must bear an original signature as described above.**

Declaration of Estimated Tax

Taxpayers are required to make three installment payments (Form DR-907) based on prior year tax due or current taxes due. You are able to file and pay insurance premium tax installments electronically using the Department's secure website.

When is the installment payment due and payable?

Installments of tax are due and payable on April 15, June 15, and October 15 of each year. A final payment of tax due for the year must be made at the time the taxpayer files the return (Form DR-908) for the year.

An installment will be considered timely filed if it is postmarked by the U.S. Postal Service on or before the applicable due date. If the due date falls on a Saturday, Sunday, or state or federal holiday, the installment will be considered timely filed if it is postmarked the next business day.

What are the installment payments based on?

Installments are based on the estimated gross amount of receipts of insurance premiums or assessments received during the immediately preceding calendar quarter. The second quarter installment due June 15 (not July 15) requires the estimate to be through June 30. **All of the taxes reported on Form DR-908 are subject to installment payment requirements, not just the insurance premium tax reported on Schedule I of Form DR-908.** Because of the complexities of computing the standard 90 percent (.90) installment payment for all of the taxes reported on Form DR-908, most insurers use the safe harbor of paying 27 percent (.27) of the tax due in the preceding year for each installment payment. If each installment is 27 percent (.27) of the amount of the annual tax reported on the preceding year's Form DR-908 (Line 11 minus Line 9 and Line 10), there will be no installment penalty. The installment amounts that must be paid to meet the prior year exception are decreased by the amount of Florida Tax Credit Scholarship Program credit earned with contributions made during the current year.

Where to Mail Your Form DR-907 and Payment:

Florida Department of Revenue
5050 W Tennessee Street
Tallahassee FL 32399-0150

Penalty

Any taxpayer who fails to report and timely pay any installment of tax, who estimates any installment of tax to be less than 90 percent (.90) of the amount finally shown to be due in any quarter, and/or who fails to report and timely pay any tax due with the final return is subject to a penalty of 10 percent (.10) on any underpayment of taxes or delinquent taxes due and payable for that quarter and/or on any delinquent taxes due and payable with the final return.

Interest

Interest accrues when a taxpayer fails to pay any amount due or any portion thereof, on or before the due date. A floating rate of interest applies to underpayments and late payments of tax. The rate is updated January 1 and July 1 of each year by using the formula established in s. 213.235, F.S. For current and prior year interest rates, visit floridarevenue.com/taxes/rates.

Specific Instructions

General Information Questions

Your name, address, FEIN, and Florida code must be entered on the return and payment coupon. Check the appropriate box: "Original," "Amended," or "Final." List the reason(s) for amending the return. If you check the "Final Return" box, include a reason and attach appropriate documentation. Provide your state of domicile, the location of your corporate books, and the phone number, fax number, e-mail address, and name of the individual to be contacted if the Department requires additional information.

Chapter 624, F.S., provides that a tax on insurance premiums, premiums for title insurance, or assessments, including membership fees, policy fees, and gross deposits received from subscribers to reciprocal or interinsurance agreements, annuity premiums, or considerations, and the gross underwriting profit on wet marine and transportation insurance be paid to the Department of Revenue for the following:

- a) Life and health insurance policies covering persons resident in the State of Florida and all other types of policies and contracts (except annuity policies or contracts) covering property, subjects, or risks located, resident, or to be performed in the State of Florida, omitting premiums on reinsurance assumed and deducting return premiums or assessments. No deductions shall be allowed for reinsurance ceded to other insurers, for monies paid upon surrender of policies or certificates for cash surrender value, for discounts or refunds for direct or prompt payment of premiums or assessments, for dividends of any nature or amount paid and credited or allowed to holders of insurance policies, certificates, or surety, indemnity, reciprocal, or interinsurance contracts or agreements.
- b) Gross receipts on annuity policies or contracts paid by holders in the State of Florida. The premium tax authorized by s. 624.509(1)(b), F.S., shall not be imposed upon receipts of annuity premiums or considerations paid by holders in the State of Florida if the tax savings derived are credited to annuity holders.
- c) Gross underwriting profit on wet marine and transportation insurance written in the State of Florida. Such gross underwriting profit shall be ascertained by deducting from the net premiums (gross premiums less all return premiums and premiums for reinsurance) the net losses paid (gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts.

The term "employees" does not include independent contractors or any person whose duties require that the person hold a valid license under the Florida Insurance Code, except "adjusters," "managing general agents," and "service representatives," as defined in s. 626.015, F.S.

When claiming a salary tax credit, there are certain requirements the insurer must meet to qualify for the credit. These requirements are:

- The employees claimed are not excluded under s. 624.509(5), F.S.
- The wages used in the credit calculation must be wages paid to the insurer's employees by the insurer claiming the credit.
- Those employees must be located or based in Florida.

An affiliated group of corporations that created a service company within its affiliated group on **July 30, 2002** may allocate the salary of the service company employees under certain circumstances. See s. 624.509(5)(b)4., F.S.

Net tax is defined as the tax imposed after deductions from the total premium tax due for the Firefighters' Pension Trust Fund Credit, the Municipal Police Officers' Retirement Trust Fund Credit, and the total corporate tax paid.

An insurer that made an irrevocable election **on or before August 1, 2005**, for the alternative salary credit calculation under s. 624.509(5)(a)2., F.S., may allocate the eligible salaries of the affiliated group to the members of the affiliated group that are covered by the election. The amount of salary credit allowed under this exception is limited to the combined Florida salary tax credits allowed for all insurance companies that were members of the affiliated group of corporations for the tax year ending December 31, 2002, divided by the combined Florida taxable premiums written by all insurance companies that were members of the affiliated group of corporations for

the tax year ending December 31, 2002, multiplied by the combined Florida taxable premiums of the affiliated group of corporations for the current year. **Insurers who are covered by an election under s. 624.509(5)(a)2., F.S., must include a calculation of the current year Salary Credit Cap for the Affiliated Group (Total Florida Taxable Premiums for the Tax Year times Affiliated Group 2002 Factor), an allocation of the affiliated group's eligible salaries to the individual entities in the affiliated group, and the amount of salary credit that is being claimed by each individual entity covered under the election.** The sum of the salary credits taken by all members of the affiliated group must not exceed the yearly salary credit cap. A reduction in salary credit for one or more of the entities in the affiliated group may be required should the total salary credits claimed by all members exceed the allowed cap. The reduced credit amount should be placed on Line 12 of Schedule V.

The exception to the standard salary tax credit requirements for mutual insurance holding companies that were in existence on or before January 1, 2000, in s. 624.509(5)(b)5., F.S., is NOT VALID because the associated funding provision in s. 28 of House Bill 1813 was vetoed by Governor Bush on June 20, 2005. (See ss. 26 and 28 of Chapter 2005-280, Laws of Florida [L.O.F.] and Governor Bush's veto letter of SB 1813, s. 28 dated June 20, 2005.) No other funding has been provided at this time.

Insurers claiming this credit must attach a copy of their quarterly Form RT-6 to their annual premium tax return, Form DR-908. Form RTS-71 must also be attached with the corresponding RT-6 forms, when a portion of concurrent employees' wages are claimed as eligible salaries. If you electronically file Forms RT-6 and RTS-71, you may substitute printouts of your quarterly electronic filings when those printouts include the company name, FEIN, and reemployment tax number of the entity for which the electronic filing was submitted; the name of each employee; and each employee's gross wages, excess wages not subject to tax, and net taxable wages. If Form RTS-71 is electronically filed for concurrent employees, a breakout by company should be included. If an insurer is claiming a salary tax credit, Form DR-908 is considered incomplete without this documentation.

Line 1. Total Premium Tax Due

Enter the total from Schedule I, Line 12.

Lines 2 and 3. Firefighters' and Municipal Police Officers' Retirement Fund Credits

Enter the total taxes computed from Schedules XII-B and XIII-B, respectively, onto Lines 2 and 3 respectively.

Line 4. Corporate Income Tax Paid

Enter the total amount paid from Florida Form F-1120, Line 13 for corporate income tax reported on the return due during calendar year 2018. The credit granted for corporate income tax is available for the annual period in which such tax payments are made. Payments of estimated income tax under Chapter 220, F.S., shall be deemed paid either at the time the insurer actually files its annual returns under Chapter 220, F.S., or at the time such returns are required to be filed, whichever occurs first.

If a consolidated corporate income tax return is filed, enter the insurance company's pro rata share of the consolidated

income tax paid. Each company in the affiliated group with positive income is allocated a share of the income tax paid. An insurance company with positive income is allocated part of the consolidated income tax paid based on its positive Florida income after additions and subtractions (before apportionment) over the total income of all companies within the affiliated group with positive Florida income after additions and subtractions (before apportionment). This ratio is used to allocate the consolidated income tax paid by the affiliated group to the members of the group with positive income.

For example, Company A (\$100,000 positive income after Florida additions and subtractions and before apportionment), Company B (\$100,000 positive income after Florida additions and subtractions and before apportionment), and Company C (\$50,000 loss after Florida additions and subtractions and before apportionment) filed a Florida consolidated corporate income tax return and paid \$5,000 in tax. Company C is not allocated any of the consolidated corporate income tax paid because it did not have any positive income. Company A is allocated \$2,500 ($\$100,000 / \$200,000 \times \$5,000$). Company B is allocated \$2,500 ($\$100,000 / \$200,000 \times \$5,000$).

2. credits for taxes paid under ss. 175.101 and 185.08, F.S. (firefighters' and police officers' pension trust funds), and

In addition, each insurer authorized to transact insurance business in Florida must remit a .1 percent (.001) surcharge on all gross direct fire, allied lines, and multiple peril insurance premiums written on commercial property located within Florida. (s. 624.515, F.S.)

Schedule XI
Wet Marine and Transportation Tax

Under s. 624.510, F.S., an insurer writing policies of wet marine and transportation insurance as defined in s. 624.607(2), F.S., shall pay a tax of .75 percent (.0075) of the gross underwriting profit.

**Schedules XII and XIII
Firefighters' and Municipal Police Officers' Retirement
Trust Funds**

Use the physical location of the property when allocating premiums to the appropriate fire control district or municipality. Do not use ZIP codes as a means of identifying the location of the risk, as they do not provide a sufficient level of detail to identify the appropriate city or district and may result in an inaccurate allocation of premiums.

In addition to completing Schedules XII and XIII, you must answer Question B on Form DR-908, Page 2.

Sections 175.101 and 185.08, F.S., provide for each municipality and/or fire district having a lawfully established firefighters' pension trust fund and/or a lawfully established municipal police officers' retirement trust fund, respectively, to assess against an insurer engaged in the business of property insurance and/or casualty insurance, respectively, an excise tax on all premiums collected on property within the corporate limits of any such municipality or within the boundaries of any special fire control district.

Regarding the Firefighters' Pension Trust Fund, premiums are to be reported on the gross amount of receipts of premiums from policy holders on all premiums collected on property insurance as defined in s. 624.604, F.S., and includes the following lines: fire, allied lines, flood, earthquake, aircraft, and aggregate write-ins for other lines of business meeting the definition of property insurance.

Regarding the Municipal Police Officers' Retirement Trust Fund, premiums are to be reported on the gross amount of receipts of premiums from policy holders on all premiums collected on casualty insurance as defined in s. 185.02(2), F.S., and includes the following lines: private passenger auto no-fault (personal injury protection), other private passenger auto liability, commercial auto no-fault (personal injury protection), other commercial auto liability, private passenger auto physical damage, commercial auto physical damage, fidelity, burglary and theft.

Additionally, in the case of multiple peril policies which include both property and casualty coverage for a single premium, 70 percent (.70) of such premium shall be used as the basis for the Firefighters' Pension Trust Fund assessment reported on Schedule XII and 30 percent (.30) of such premium shall be used as the basis for the Municipal Police Officers' Retirement Trust Fund reported on Schedule XIII. Such multi-peril insurance includes the following lines: farm owners' multiple peril, homeowners' multiple peril, and commercial multiple peril.

For Schedules XII and XIII, report all premiums received under property insurance policies and/or casualty insurance policies, respectively, covering or insuring property located within the corporate limits of the municipalities and/or fire control districts listed for the calendar year ended December 31, 2018. This must include any business being written in a pool or association arrangement. Multiply the total premiums by the applicable rate of 1.85 percent (.0185) for property policies reported on Schedule XII-B, and by .85 percent (.0085) for casualty policies reported on Schedule XIII-B. Enter the total tax for each excise tax on Line 3 of Schedules XII-B and XIII-B respectively, and on Page 1, Lines 6 and 7 respectively.

If a significant variance exists between the figures reported on your prior year return, a written explanation will be required. A significant variance is considered an increase or decrease of greater than 10 percent (.10) for any municipality or fire control district. Please review the figures on Schedules XII and XIII of your 2018 return and the information you reported last year.

If a significant variance exists, you must attach a detailed explanation clarifying the variance between your 2017 and 2018 returns.

The Department of Revenue created a database that insurers may use in assigning their premiums and policies to the various participating local taxing jurisdictions. This database is available for free at floridarevenue.com/taxes/pointmatch. This database was created pursuant to ss. 175.1015 and 185.085, F.S. These statutes provide that insurers who exercise due diligence in using the Department's database to assign their premiums to the participating local taxing jurisdictions shall be held harmless from any liability, including but not limited to, liability for taxes, interest, or penalties that would otherwise be due as a result of an assignment of premiums to an incorrect local taxing jurisdiction. Insurance companies that do not use the electronic database provided by the Department of Revenue and do not exercise due diligence in applying the electronic database, are subject to a .5 percent (.005) penalty on the total premium per policy that is improperly assigned.

The Department of Revenue; the Department of Financial Services, Office of Insurance Regulation; and the Department of Management Services, Division of Retirement, Municipal Police Officers' and Firefighters' Retirement Trust Funds Office, administer the Chapter 175 and 185, F.S., taxes.

- * The Department of Financial Services, Office of Insurance Regulation has authority to impose the .5 percent (.005) penalty relating to the address database and insured risks not properly assigned to participating local taxing jurisdictions.
- * The Department of Management Services, Division of Retirement, Municipal Police Officers' and Firefighters' Retirement Trust Funds Office administers the retirement trust funds, distributes monies to the local taxing jurisdictions, and notifies the Office of Insurance Regulation when insurers fail to comply.
- * The Department of Revenue creates and maintains the database and collects the Chapter 175 and 185, F.S., taxes on its forms. When processing the Insurance Premium Tax returns, the Department of Revenue often contacts insurers about variances between the current year and prior year amount of premium reported for the various local taxing jurisdictions, to help ensure that the proper amounts are reported by the insurer to the proper local taxing jurisdictions.

Sections 175.151 and 185.13, F.S., provide that an insurer's certificate of authority may be canceled or revoked if an insurer fails to comply with the provisions of Chapters 175 and 185, F.S.

**Schedule XIV
Retaliatory Tax Computation**

Per s. 624.5091(1), F.S., when by or pursuant to the laws of any other state or foreign country any taxes, licenses, and other fees, in the aggregate, and any fines, penalties, deposit requirements, or other material obligations, prohibitions, or

restrictions are or would be imposed upon Florida insurers or upon the agents or representatives of such insurers, which are in excess of such taxes, licenses, and other fees, in the aggregate, or which are in excess of the fines, penalties, deposit requirements, or other obligations, prohibitions, or restrictions directly imposed upon similar insurers, or upon the agents or representatives of such insurers, of such other state or country under the statutes of this state, so long as such laws of such other state or country continue in force or are so applied, the same taxes, licenses, and other fees, in the aggregate, or fines, penalties, deposit requirements, or other material obligations, prohibitions, or restrictions of whatever kind shall be imposed by the Department of Revenue upon the insurers, or upon the agents or representatives of such insurers, of such other state or country doing business or seeking to do business in this state.

For any insurer required to compute retaliatory tax, **a copy of the state of incorporation's Insurance Premium Tax Return, Corporate Income Tax Return, and any other applicable returns or schedules calculated using Florida premium volume, personnel, and property should be attached.**

The calculations should be based on the state of incorporation's tax laws, licenses, and fees using the level of premiums written in Florida by the alien or foreign insurer and their Florida personnel and property. Subsection 624.5091(3), F.S., provides that the retaliatory provisions do not apply as to personal income taxes, nor as to sales or use taxes, nor as to reimbursement premiums paid to the Florida Hurricane Catastrophe Fund, nor as to emergency assessments paid to the Florida Hurricane Catastrophe Fund, nor as to ad valorem taxes on real or personal property, nor as to special purpose obligations or assessments imposed in connection with particular kinds of insurance other than property insurance. Therefore, no calculations should be included for Workers' Compensation Assessments, the Florida Comprehensive Health Association Assessment, or any other special purpose obligations or assessments in connection with particular kinds of insurance other than property insurance. If the state of incorporation allows, for example, a credit or tax rate reduction or abatement based on personnel or property, the foreign or alien insurer's Florida personnel or property must be used to calculate the credit or rate reduction or abatement.

Note: New York insurers must amend Form DR-908 if the computation of the CT33/CT33M changes from the amount estimated when the original Form DR-908 was filed.

Line 1. Net Premium Tax Due

The net premium tax due is used as a starting point for retaliatory calculations (gross premium tax due less credits). Add the net premium tax due from Page 1, Line 3 to the wet marine and transportation tax from Page 1, Line 5. Enter the result in Column A. For Column B, calculate what the net premium tax due would be if the volume of Florida premiums were written in the state of incorporation and the insurer's Florida personnel and property were in the state of incorporation.

Line 2. 80 Percent of Salary Tax Credit Taken

Per s. 624.5091(1), F.S., 80 percent (.80) of the credit provided by s. 624.509(5), F.S., (salary credit subject to the limitations) shall not be taken into consideration. Calculate 80 percent

(.80) of the Salary Tax Credit (Page 3, Schedule III, Line 5) and enter the result in Column A. If a salary credit is given against the premium tax in the state of incorporation, enter 80 percent (.80) of that salary credit in Column B based on Florida premium volume and Florida personnel and property.

Line 3. Total Corporate Income Tax

Enter the total corporate income tax paid (Florida Form F-1120, Line 13) in Column A. For corporations filing on a consolidated basis, each individual corporation's share of the consolidated income tax paid must be computed. **A schedule of how the consolidated income tax paid is allocated among the consolidated filers should be attached to the return.** If a corporate income tax is imposed on insurers writing premiums in the state of incorporation, calculate the amount of corporate income tax based on the laws of that state and using the level of premiums written in Florida, and enter the amount computed in Column B.

Note: When calculating corporate income tax for the state of incorporation, use the income, apportionment factor, and other facts that existed for the taxable year whose return would have been filed in the calendar year 2018 calculated by using your Florida business.

Line 4. Intentionally Left Blank

Line 5. Firefighters' Pension Trust Fund

Enter the amount from Page 1, Line 6 in Column A. If an excise tax on property insurance is imposed upon insurers writing premiums in the state of incorporation, then recalculate the tax using Florida premium volume and enter the amount computed in Column B.

Line 6. Municipal Police Officers' Retirement Trust Fund

Enter the amount from Page 1, Line 7 in Column A. If an excise tax on casualty insurance is imposed upon insurers writing premiums in the state of incorporation, then recalculate the tax using Florida premium volume and enter the amount computed in Column B.

Line 7. Florida Insurance Guaranty Association (FIGA) (Assessments on the Property Portion of Insurance Premiums only)

Only the property portion of the FIGA assessments may be added to the retaliatory schedule per s. 624.5091, F.S., and Rule 12B-8.016(3), F.A.C. Enter the calculated property portion of FIGA assessments allowed using the method described below. Provide your computation schedule and copies of FIGA certificates. Property insurance as defined in s. 624.604, F.S., includes the following lines: fire, flood, earthquake, aircraft, industrial fire, industrial extended coverage, mobile home physical damage, and aggregate write-ins for other lines of business meeting the definition of property insurance.

Calculation: Determine the property portion of each type of premium subject to the FIGA assessment, and total the results. Next, divide the total property portion by the total premiums (property and casualty) subject to the FIGA assessment. Take the resulting ratio (carried to six decimal places) times the FIGA assessment paid. Perform this computation for each FIGA assessment paid and add the results for the total allowable FIGA assessment to be included on Line 7, Column A.

The Formula to Calculate the Property Portions of the FIGA Assessment is:

$$A \div B \times C$$

A= Property Insurance Premiums Subject to FIGA Assessment

B= Total Insurance Premiums Subject to FIGA Assessment

C= FIGA Assessment levied by Florida Insurance Guaranty Association

Enter any guaranty assessment related to property insurance that may be imposed in the state of incorporation in Column B, by calculating the assessment a similar Florida insurer would have been assessed.

Schedule XV

Not Used

**Schedule XVI
Insurance Policy Surcharge**

Section 252.372, F.S., imposes a \$2 and \$4 surcharge on policies issued or renewed covering Florida residential or commercial real property.

Every insurer, must collect a surcharge from the policy holders of certain types of property insurance. The surcharge does not apply to policies on tangible personal property, except multiple peril type policies on residential or commercial properties and mobile homes.

The figures used in this schedule are for the entire calendar year and not just the fourth quarter.

Line A. Commercial

For the 2018 calendar year, enter the total number of commercial fire, commercial multiple peril, business owner's property, and all other policies covering commercial real property in Florida. Multiply by \$4 to determine the total amount due for commercial policies for the calendar year.

Line B. Residential

For the 2018 calendar year, enter the total number of residential fire, homeowners, mobile homeowners, tenant homeowners, condominium unit owners, and all other policies covering residential property in Florida. Multiply by \$2 to determine the total amount due for residential policies for the calendar year.

Add Lines A and B to determine the total surcharge due. Add this amount to the total payment due from Schedule XVII and enter the result on Page 1, Line 10.

**Schedule XVII
Payment Due from Florida Life and Health Insurance
Guaranty Association (FLAHIGA) Refund**

Subsection 631.72(3), F.S., provides that any sums acquired by refund pursuant to s. 631.718(6), F.S., from the association (FLAHIGA) which have until now been written off by contributing insurers and offset against insurance premium

or corporate income taxes as provided in subsection (1) and which are not needed for purposes of this part shall be paid by the insurer to the Department of Revenue for deposit with the Chief Financial Officer to the credit of the General Revenue Fund.

When FLAHIGA refunds money to an insurer from a previous assessment that was paid by the insurer, and the insurer had claimed credit or partial credit against its insurance premium tax or corporate income tax for that previous payment to FLAHIGA, the insurer is required to pay part of that refund to the Department of Revenue.

Line 1. Total Payment Due from FLAHIGA Refund

Enter any payment due as a result of FLAHIGA assessments claimed as credits against Florida insurance premium tax (Form DR-908, Schedule VII) or Florida corporate income tax (Florida Form F-1120, Schedule V) subsequently refunded by FLAHIGA in calendar year 2018. **If no refund was received from FLAHIGA during the tax year, the amount on Schedule XVII, Line 1, should be zero.** Add this amount to the total surcharge from Schedule XVI and enter the result on Page 1, Line 10.

Example .001 Rate

ABC Insurance Company paid a \$200,000 Class B FLAHIGA assessment in 1995. On its 1997 – 2004 insurance premium tax returns, ABC claimed FLAHIGA credits of \$200 (\$200,000 X .001) each year for its 1995 payment to FLAHIGA. The total FLAHIGA credit taken by ABC, based on the 1995 FLAHIGA assessment, was \$1,600 (\$200 for 8 years). In 2005 FLAHIGA issued ABC a refund of \$40,000 from the 1995 assessment. Per s. 631.72(3) F.S., a \$320 payment is due the Department of Revenue in 2005 from that refund (\$40,000 X .001 X 8 years). The \$320 that is due to the Department of Revenue in 2005 is a repayment of the FLAHIGA credits that the insurer had already claimed in tax years 1997 through 2004 against its insurance premium tax or corporate income tax for the \$40,000 that was refunded by FLAHIGA. For tax years 2005 and thereafter, ABC should only use a payment of \$160,000 to FLAHIGA for its 1995 assessment when computing its FLAHIGA credit.

Example .05 Rate

ABC Insurance Company paid a \$300,000 Class B FLAHIGA assessment in 1998. On its 1999 – 2004 insurance premium

tax returns, ABC claimed FLAHIGA credits of \$15,000 (\$300,000 X .05) each year for its 1998 payment to FLAHIGA. The total FLAHIGA credit taken by ABC, based on the 1998 FLAHIGA assessment, was \$90,000 (\$15,000 for 6 years). In 2005, FLAHIGA issued ABC a refund of \$30,000 from the 1998 assessment. Per s. 631.72(3), F.S., a \$9,000 payment is due to the Department of Revenue in 2005 from that refund (\$30,000 X .05 X 6 years). The \$9,000 that is due to the Department of Revenue in 2005 is a repayment of the FLAHIGA credits that the insurer had already claimed in tax years 1999 through 2004 against its insurance premium tax or corporate income tax for the \$30,000 that was refunded by FLAHIGA. For tax years 2005 and thereafter, ABC should only use a payment of \$270,000 to FLAHIGA for its 1998 assessment when computing its FLAHIGA credit.

From the examples above, the total amount that ABC is required to pay under s. 631.72(3), F.S., to the Department of Revenue in 2005 is:

| | | |
|---|---|--------------------------|
| \$40,000 (1995 FLAHIGA refund) X .001 X 8 years | = | \$320.00 |
| \$30,000 (1998 FLAHIGA refund) X .05 X 6 years | = | \$9,000.00 |
| TOTAL DUE | | <u>\$9,320.00</u> |

- The amount of payment due from FLAHIGA refunds should be based on the actual FLAHIGA credits taken by the insurer against its insurance premium tax or corporate income tax that were the result of the previous corresponding FLAHIGA assessment(s). If an insurer did not claim a FLAHIGA credit based upon the previous corresponding FLAHIGA assessment(s), no payment is required.
- The amount of the payment due from FLAHIGA refunds is not considered when determining whether the proper installments of tax were paid for the tax year.
- The amount of the payment due from FLAHIGA refunds is not included in the computation of the 27 percent (.27) exception for installment payments in the following tax year.

Like the FLAHIGA assessments, the FLAHIGA refund and the payment due from the FLAHIGA refund may not be included in the retaliatory tax computation.

The Department of Revenue has created a database that insurers may use in assigning premiums and policies to the various participating local taxing jurisdictions. It is available for free at floridarevenue.com/taxes/pointmatch. This database was created pursuant to sections (ss.) 175.1015 and 185.085, Florida Statutes (F.S.). In addition to completing Schedules XII and XIII, you must answer Question B on Form DR-908, Page 2, about your use of the Department's database.

These statutes provide that insurers who exercise due diligence in using the Department's database to assign premiums to the participating local taxing jurisdictions shall be held harmless from any liability, including but not limited to liability for taxes, interest, or penalties that would otherwise be due as a result of an assignment of premiums to an incorrect local taxing jurisdiction. Sections 175.1015 and 185.085, F.S., specify that insurance companies that do not use the electronic database provided by the Department and do not exercise due diligence in applying the electronic database, are subject to a .5 percent (.005) penalty on the total premium per policy that is improperly assigned.

We review the figures reported on Schedules XII and XIII of your 2018 *Insurance Premium Taxes and Fees Return* (Form DR-908). **You should include a written explanation with your return if a significant variance exists between the figures reported on your 2017 and 2018 returns. A significant variance is considered an increase or decrease of greater than 10 percent for any municipality or fire control district.**

Your explanation should contain specific information. All explanations are subject to review by the Department of Management Services and the Department of Financial Services. Generally, more precise information than explanations such as "shift of business" or "business transfers" is required. If you are not sure your explanation will be acceptable, call the Department of Management Services at 850-922-0667.

Give careful attention to the amounts reported on Schedules XII and XIII. The monies reported by your company for each of these cities and districts fund retirement benefits for their police officers and firefighters. The money is distributed back

to each local taxing jurisdiction based on the information reported.

When completing Schedules XII and XIII:

- ✓ Report premiums based on the actual physical location of the property.
- ✓ Do not use ZIP codes to report premiums as they may not identify the appropriate city or district and can result in an inaccurate allocation of premiums.

Premiums must be reported accurately and timely. The Department of Financial Services, in Informational Memorandum 99-111M, reminded insurers authorized to write property and casualty insurance in the State of Florida of the requirements contained in Chapters 175 and 185, F.S. Insurers are required to keep an accurate account of all premiums sold within the city limits or fire control district boundaries for those cities and districts listed on Schedules XII and XIII. Each risk required to be reported to the Department of Revenue must be coded with the proper identifying fire district or municipality code in order for the Department of Management Services to accurately distribute premium tax allocations to the participating pension funds. Sections 175.151 and 185.13, F.S., provide that an insurer's certificate of authority may be cancelled or revoked if an insurer fails to comply with the provisions of Chapters 175 and 185, F.S.

Chapters 175 and 185, F.S., taxes are administered by three different state agencies:

- The Florida Department of Financial Services, Office of Insurance Regulation has the authority to impose the .5 percent (.005) penalty relating to the address database and insured risks not properly assigned to participating local taxing jurisdictions.
- The Florida Department of Management Services, Division of Retirement, Municipal Police Officers' and Firefighters' Retirement Trust Funds Office:
 - Administers the retirement trust funds.
 - Distributes monies to the local taxing jurisdictions.
 - Notifies the Office of Insurance Regulation when insurers fail to comply.
- The Florida Department of Revenue:
 - Administers the database.
 - Produces, distributes, and processes the insurance premium tax forms.
 - Collects Chapters 175 and 185, F.S., taxes on Forms DR-907 and DR-908.
 - Contacts insurers when there is a variance in reported premiums between the current year and prior year for the local taxing jurisdictions. This review helps ensure that the proper amount(s) are reported by the insurer to the proper local taxing jurisdictions.

THE FULL TEXT OF THE PROPOSED RULE IS:

12C-1.013 Adjusted Federal Income Defined.

(1) through (3) No change.

(4)(a) No change.

(b) In calculating alternative minimum tax due pursuant to Section 220.11(3), F.S., an adjustment to the addition of exempt interest is provided. Cross reference: paragraph 12C-1.013(19)(b)5., F.A.C. ~~12C-1.013(19)(e), F.A.C.~~

(c) through (e) No change.

(5) through (13) No change.

(14) Adjustments for excess s. 179, I.R.C., expense, special 50 percent bonus depreciation (s. 168(k), I.R.C.), and deferred cancellation of indebtedness income.

(a) Additions Required:

1. No change.

2. Taxpayers are required to add back the amount of the federal deduction claimed as ~~special 50 percent~~ bonus depreciation under s. 168(k), I.R.C., for assets placed in service after December 31, 2007, and before January 1, 2027 ~~January 1, 2021~~.

3. No change.

(b) through (j) No change.

(15) through (18) No change.

(19) Florida Alternative Minimum Tax.

(a) For taxable years beginning on or after January 1, 2018, no taxpayer is required to pay Florida Alternative Minimum Tax (AMT) because no corporate income taxpayer is required to pay federal AMT. However, a taxpayer with previously earned Florida AMT credits must compute Florida AMT to determine the amount of Florida AMT credit allowable against Florida corporate income tax.

(b)1. For taxable years beginning before January 1, 2018, a A corporation subject to the Florida Income Tax Code may be required to pay an alternative minimum tax. Florida ~~AMT alternative minimum tax~~ is equal to 3.3 percent of the Florida alternative minimum taxable income. Corporations required to pay federal ~~AMT alternative minimum tax~~ must compute the amount of regular Florida corporate income tax and the amount of Florida ~~alternative minimum tax (AMT)~~ that may be due. The corporation is liable for whichever amount is greater.

2. ~~(b)~~ A taxpayer is not liable for the Florida ~~AMT alternative minimum tax~~ unless liable for the federal ~~AMT alternative minimum tax~~. A taxpayer who is part of an affiliated group ~~that which~~ filed a federal consolidated return and was not liable for federal ~~AMT alternative minimum tax~~ is not liable for Florida AMT when filing on a separate return basis. The entity is not subject to Florida AMT regardless of the amounts of federal tax preference items contained in the separate return. A corporation ~~that which~~ is part of an affiliated group that filed a consolidated return for federal income tax purposes, and paid the federal AMT, must compute Florida AMT, even if it files a separate return for Florida. This requirement applies is true even if the individual corporation would not have been subject to federal AMT if a separate return had been filed.

3. ~~(c)~~ The computation of the Florida alternative minimum taxable income is similar to the computation of the regular Florida taxable income. The primary difference is the starting point for the computation. Florida uses federal alternative minimum taxable income ~~(AMTI)~~ as the starting point in determining Florida ~~alternative minimum tax (AMT)~~, after allowance of the federal exclusion amount provided in s. 55(d)(2), I.R.C. of the Internal Revenue Code.

4. ~~(d)~~ The adjustments, additions, and subtractions provided in Section 220.13, F.S., are will be applied to the Florida alternative minimum taxable income amount to arrive at adjusted federal income. The ~~Therefore, the~~ tax

base is adjusted by the same type of adjustments, additions, and subtractions that are made to the regular federal taxable income when the regular Florida corporate income tax is ~~being~~ computed. Because different amounts may be included within the base (the “starting point”), there may be differences in the amounts of the adjustments, additions, and subtractions.

5. ~~(e)~~ ~~An addition~~ ~~A common adjustment~~ that must be made when ~~in~~ computing the Florida AMT is for the amount of interest that ~~which~~ is exempt for federal income tax purposes. Section 220.13(1)(a)2., F.S., requires ~~that~~ interest ~~that is~~ excluded from federal taxable income under s. 103(a), I.R.C., less the associated expenses, be added to the taxpayer’s federal taxable income. However, this subparagraph excludes 60 percent of the amounts already included in the federal alternative minimum taxable income, ~~including. This would include~~ interest on private activity bonds issued after August 7, 1986. If the federal Adjusted Current Earnings ~~accumulated current earnings (ACE)~~ adjustment includes interest exempt under s. 103(a), I.R.C., there ~~is would be~~ an exclusion of 60 percent of the amount included in the federal Adjusted Current Earnings ~~ACE~~ adjustment.

6.a. ~~(f)1.~~ ~~An addition~~ ~~Another common adjustment~~ that is required when ~~in~~ computing the Florida AMT is for the federal net operating loss (NOL) deduction. When ~~in~~ computing adjusted federal taxable income on the Florida corporate income/franchise tax return form for regular Florida tax purposes, the taxpayer must ~~would~~ add back the amount of the regular federal NOL ~~net operating loss~~ deduction. When ~~in~~ computing adjusted federal taxable income on the Florida return form for Florida AMT purposes, the taxpayer is only required to add back the amount of the federal AMT NOL ~~net operating loss~~ deduction.

b. 2- The Florida NOL ~~net operating loss~~ deduction ~~(NOLD)~~ allowed, for purposes of AMT, ~~is will be~~ the Florida portion of the federal loss apportioned to Florida as provided in this section. The Florida Income Tax Code does not create a separate NOL for AMT purposes.

c. 3- The Florida Income Tax Code does not limit the amount of the NOL deduction ~~NOLD~~ to 90 percent of the alternative minimum taxable income before the NOL deduction ~~NOLD~~.

d. 4- The amount of the Florida NOL ~~net operating loss~~ carryover is reduced by the amount of the NOL ~~net operating loss~~ deduction used in computing the Florida corporate income tax, whether AMT or regular corporate income tax is finally determined to be due.

e. 5- As with regular Florida corporate income tax, the use of an NOL ~~a net operating loss~~ carryover is not optional. It will be deemed used if it is available.

f. ~~6-~~ Cross reference: subsection 12C-1.013(15), F.A.C.

7. ~~(g)~~ ~~A~~ ~~Another~~ possible adjustment when ~~in~~ computing ~~the~~ Florida AMT ~~is would be~~ the depreciation adjustment for Election A and Election B taxpayers. If there is an adjustment that is required when ~~in~~ computing ~~the~~ federal AMT to the depreciation expense for property placed in service between January 1, 1981, and December 31, 1986, then the amount of adjustment required ~~is would be~~ different when Florida ~~the~~ AMT is computed.

8. ~~(h)~~ The Florida Income Tax Code allows the income tax credits listed in Section 220.02(8) ~~220.02(10)~~, F.S. to be used against the amount of Florida AMT ~~alternative minimum tax~~ due. The use of a tax credit against Florida ~~the~~ AMT is not optional and ~~A credit~~ will be deemed used if it is available.

9. ~~(i)~~ If the Florida AMT is paid, an alternative minimum tax credit is allowed by Section 220.186, F.S., in subsequent years. Cross reference: Rule 12C-1.0186, F.A.C.

(2) Florida sales. The numerator of the sales factor includes gross receipts attributed to Florida which were derived by the taxpayer from transactions and activities in the regular course of its trade or business. 12C-1.0191 Capital Investment Tax Credit Program.

(1) Qualifying projects defined in Sections 220.191(1)(g)1. and 2., F.S.

(a) No change.

(b)1. The maximum annual amount of Capital Investment Tax Credit is limited to 5 percent of the certified eligible capital costs of the qualifying project, for a period not to exceed 20 years, beginning with the commencement of the project's operations. The tax credit may not be carried forward or backward, except as noted in subparagraph 2. The sum of all capital investment tax credits cannot exceed 100 percent of the eligible capital costs of the project.

2. A carryover of credit is available for a qualifying business that invested at least \$100 million and is eligible to claim the credit against 100 percent of its corporate income tax liability pursuant to Section 220.191(2)(a)1., F.S. Unused credits from the 20-year credit period may be claimed in the 21st through 30th tax years after commencement of operations of such qualifying project, ~~as long as the unused amount results from an insufficient tax liability on the part of the qualifying business.~~

3. The amount of carryover from any one taxable year is five (5) percent of the cumulative capital investment that is at least \$100 million less the amount of capital investment tax credit that could be used on the tax return for the taxable year. The amount of carryover from a taxable year may not exceed five (5) percent of the cumulative capital investment that is at least \$100 million.

4. Example: Taxpayer A is entitled to a capital investment credit in 2018 because it made a cumulative capital investment of \$100 million; the 2018 corporate income tax due on the income generated by or arising out of its capital investment is \$4 million; and the tax liability on its corporate income tax return was \$4.5 million. From the 2018 taxable year, Taxpayer A generated a capital investment carryover of \$1 million (\$5 million less the lesser of \$4.5 million or \$4 million).

5. Example: Taxpayer B is entitled to a capital investment credit in 2020 because it made a cumulative capital investment of \$100 million; the 2020 corporate income tax due on the income generated by or arising out of its capital investment is \$3.5 million; and the corporate income tax liability on its tax return was \$3 million. From the 2020 taxable year, Taxpayer B generated a capital investment carryover of \$2 million (\$5 million less the lesser of \$3 million or \$3.5 million).

3.a. No change

b. Example: A calendar year taxpayer in 2018 ~~2016~~ amends the 2015 ~~2013~~ Florida corporate income/franchise tax return pursuant to a federal adjustment that impacted Florida taxable income. The result of the amendment is that the taxpayer has overpaid the tax due for 2015 ~~2013~~. The overpayment may be refunded or credited to the 2018 ~~2016~~ estimated tax payments. The overpayment may not be credited to estimated tax payments for the 2016 or 2017 ~~2014 or 2015~~ taxable year.

- (b) No change
- (c)1. No change

2. Example: A calendar year taxpayer requested an extension of the filing date for the 2016 Florida corporate income/franchise tax return from May 1, 2017, until November 1, 2017 ~~October 1, 2017~~. The first payment of estimated tax for the succeeding tax year is due May 31, 2017. The 2016 return is filed on September 29, 2017. If the taxpayer requested that the overpayment of estimated tax be applied to the next tax year, the overpayment is applied effective May 31, 2017.

- (d) through (e) No change
- (9) Underpayment of estimated tax.
- (a) No change
- (b)1.a. through b. No change

c.(I) A contribution to an eligible nonprofit scholarship-funding organization (SFO) for a corporate income tax credit pursuant to Section 220.1875, F.S., reduces the amount required to meet the prior year exception referenced in sub-subparagraph a. For taxable years beginning before January 1, 2018, the ~~The~~ specific prior year exception amount reduced by a contribution to an SFO is determined by the date of contribution on the certificate of contribution issued by the SFO. For taxable years beginning on or after January 1, 2018, a taxpayer may, after earning a tax credit under Section 220.1875, F.S., reduce any estimated payment in that taxable year by the amount of the credit. Cross reference: Rule Chapter 12-29, F.A.C.

- c.(II) through (III) No change

(IV) Example: A calendar year taxpayer remitted four estimated payments of \$18,000 each on May 31, 2018; June 29, 2018; October 1, 2018; and December 31, 2018. The taxpayer also made a \$17,000 contribution to an SFO and was issued a certificate of contribution on June 20, 2018, which generated a tax credit for the taxpayer. For the prior tax year ending December 31, 2017, corporate income tax of \$90,000 was due. Taxpayer's prior year exception computation is as follows:

| Due dates of installments | (1st) 5/31/2018 | (2nd) 6/29/2018 | (3rd) 10/1/2018 | (4th) 12/31/2018 |
|--|-------------------------|-------------------------|-------------------------|--------------------------|
| Current year: Total cumulative amount paid (or credited) from the beginning of the taxable year through the installment date indicated | 18,000.00 | 36,000.00 | 54,000.00 | 72,000.00 |
| (a) Prior year exception: Tax on prior year's income using current year's rates | 25% of tax 22,500.00 | 50% of tax 45,000.00 | 75% of tax 67,500.00 | 100% of tax 90,000.00 |
| (b) Cumulative donations timely made to SFOs for the taxable year. Certificate of contribution must be issued for the taxable year. | 17,000.00 | 17,000.00 | 17,000.00 | 17,000.00 |
| (c) The prior year exception adjusted for the credit for contributions to SFOs per Section 1002.395(5)(g), F.S., equals (a) less (b) | 5,500.00 | 28,000.00 | 50,500.00 | 73,000.00 |
| Installment meets prior year exception? To answer Yes, Current year must equal or exceed Prior year (c). | Yes | Yes | Yes | No |

Taxpayer has met the prior year exception for the first three installments through a combination of estimated payments and SFO credit so that estimated tax penalty and interest will not apply for the first, second, or third installment.

- 2.a. No change
- b.(I) No change

(II) Example: Corporation C was part of affiliated group ABC, which filed a federal consolidated income tax return for the 2016 and 2017 ~~2014 and 2015~~ tax years. For Florida corporate income/franchise tax purposes,

Corporation C has always filed a separate return. On June 1, 2017 ~~June 1, 2015~~, the stock of Corporation C was bought by Corporation X. Corporation C has two taxable years for 2017 ~~2015~~ for federal income tax purposes, and, therefore, for Florida corporate income/franchise tax purposes even though it has always filed a separate Florida corporate income/franchise tax return. For the first taxable year within 2017 ~~2015~~ (January 1 through May 31, 2017 ~~May 31, 2015~~), Corporation C may base estimated tax payments on a prior year exception (January 1, 2016, through December 31, 2016 ~~January 1, 2014, through December 31, 2014~~). Corporation C may not use the prior year exception for the second taxable year within 2017 ~~2015~~ (June 1, 2017, through December 31, 2017 ~~June 1, 2015, through December 31, 2015~~). Furthermore, Corporation C cannot use a prior year exception for the 2018 ~~2016~~ tax year.

General Instructions

Who Must File Florida Form F-1065?

Every Florida partnership having any partner subject to the Florida Corporate Income Tax Code must file Florida Form F-1065. A limited liability company with a corporate partner, if classified as a partnership for federal tax purposes, must also file Florida Form F-1065. A Florida partnership is a partnership doing business, earning income, or existing in Florida.

Note: A foreign (out-of-state) corporation that is a partner in a Florida partnership or a member of a Florida joint venture is subject to the Florida Income Tax Code and must file a *Florida Corporate Income/ Franchise Tax Return (Florida Form F-1120)*.

A corporate taxpayer filing Florida Form F-1120 may use Florida Form F-1065 to report the distributive share of its partnership income and apportionment factors from a partnership or joint venture that is not a Florida partnership.

Where to File

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0135

When to File

You must file Florida Form F-1065 on or before the first day of the fourth month following the close of your taxable year.

If the due date falls on a Saturday, Sunday, or federal or state holiday, the return is considered to be filed on time if postmarked on the next business day.

Extension of Time to File

To apply for an extension of time for filing Florida Form F-1065, you must complete Florida Form F-7004, *Florida Tentative Income/Franchise Tax Return and Application for Extension of Time to File Return*.

You must file **Florida Form F-7004** to extend your time to file. A copy of your **federal extension** alone will not extend the time for filing your Florida return. See Rule 12C-1.0222, Florida Administrative Code (F.A.C.), for information on the requirements that must be met for your request for an extension of time to be valid.

Extensions are valid for six months. You are only allowed one extension.

Attachments and Statements

You may use attachments if the lines on Florida Form F-1065 or on any schedules are not sufficient. They must contain all the required information and follow the format of the schedules of the return. Do not attach a copy of the federal return.

Signature and Verification

An officer or person authorized to sign for the entity must sign all returns. An original signature is required. We will not accept a photocopy, facsimile, or stamp. A receiver, trustee, or assignee must sign any return required to be filed for any organization.

Any person, firm, or corporation who prepares a return for compensation must also sign the return and provide:

- Federal employer identification number (FEIN).
- Preparer tax identification number (PTIN).

Rounding Off to Whole-Dollar Amounts

Whole-dollar amounts may be entered on the return and accompanying schedules. To round off dollar amounts, drop amounts less than 50 cents to the next lowest dollar and increase amounts from 50 cents to 99 cents to the next highest dollar. If you use this method on the federal return, you must use it on the Florida return.

Taxable Year and Accounting Methods

The taxable year and method of accounting must be the same for Florida income tax as it is for federal income tax. If you change your taxable year or your method of accounting for federal income tax, you must also change the taxable year or method of accounting for Florida income tax.

Final Returns

If the partnership ceases to exist, write "FINAL RETURN" at the top of the form.

General Information Questions

Enter the FEIN. If you do not have an FEIN, obtain one from the Internal Revenue Service (IRS). You can:

- Apply online at **irs.gov**
- Apply by mail with IRS Form SS-4. To obtain this form, download or order it from **irs.gov** or call 800-829-3676.

Enter the Principal Business Activity Code that applies to Florida business activities. If the Principal Business Activity Code is unknown, see the IRS "Codes for Principal Business Activity" section of federal Form 1065.

General Information

Both the income and the apportionment factors are considered to "flow through" to the members of a partnership or joint venture.

Use parts I and II of the *Florida Partnership Information Return* to determine each partner's share of the Florida partnership income adjustment.

Parts III and IV are used to determine the adjustment that must be made to each partner's apportionment factors. For example, a corporate partner's share of the partnership's sales within Florida will be added to the corporation's sales within Florida. The partner's share of the partnership's "everywhere sales" will be added to the corporation's "everywhere sales." The corporation's sales apportionment factor, as reflected on Schedule III of Florida Form F-1120, will be equal to:

$$\frac{(\text{corporation's Florida sales} + \text{share of partnership's Florida sales})}{(\text{corporation's everywhere sales} + \text{share of partnership's everywhere sales})}$$

Part I. Florida Adjustment to Partnership Income

Line A. Additions to federal income

1. Federal tax-exempt interest

Enter the amount of interest which is excluded from ordinary income under section (s.) 103(a), Internal Revenue Code (IRC), or any other federal law, less the associated expenses disallowed in computing ordinary income under s. 265, IRC, or any other law.

2. State income taxes deducted in computing federal ordinary income

Enter the sum of any tax on or measured by income, which is paid or accrued as a liability to the District of Columbia or any state of the United States and is deductible from gross income in computing federal ordinary income for the taxable year. You should exclude taxes based on gross receipts or revenues.

3. Other additions

Enter any other items you are required to add as an adjustment to calculate adjusted federal income.

Line B. Subtractions from federal income

Enter any items required to be subtracted as an adjustment to calculate adjusted federal income.

For example, s. 220.13(1)(e), F. S., provides for a subtraction taken equally over a seven year period corresponding to the add back to adjusted federal income for the special bonus depreciation.

Line C. Subtotal

Subtract Line B from Line A.

Line D. Net adjustment from other partnerships or joint ventures

If, because of Florida changes, the partnership's share of income from other partnerships or joint ventures is different from the amount included in federal taxable income, you must make an appropriate adjustment on Line D. Attach a schedule explaining any adjustment.

Line E. Partnership income adjustment

Calculate the total partnership income adjustment (sum of Lines C and D). Enter net increases to income on Line 1. Enter net decreases to income on Line 2.

Part II. Distribution of Partnership Income Adjustment

Distributing each partner's share of the total partnership income adjustment (Part I, Line E) is accomplished in Part II.

Each corporate partner must enter its share of the adjustment in Column (c) on its *Florida Corporate Income/ Franchise Tax Return* (Florida Form F-1120). It should enter increases under "Other Additions" on Schedule I, Florida Form F-1120 and should enter decreases under "Other Subtractions" on Schedule II, Florida Form F-1120.

Part III. Apportionment Information

You must complete this part if either the partnership or any of the partners subject to the Florida Income Tax Code does business outside Florida.

Florida taxpayers doing business outside the state must apportion their business income to Florida based on a three-factor formula. There are exceptions to this three-factor formula for insurance companies, transportation services, citrus processing companies, taxpayers granted permission to use a single sales factor under s. 220.153, F.S., and taxpayers who were given prior permission by the Department to apportion income using a different method under s. 220.152, F.S.

The three-factor formula measures Florida's share of adjusted federal income by ratios of the taxpayer's property, payroll, and sales in Florida, to total property, payroll, and sales found or occurring everywhere.

For more information about apportioning income see s. 220.15, F.S., and Rule 12C-1.015, F.A.C.

III-A, Line 1 (and Part III-C). Average value of property

The property factor is a fraction. The numerator of this fraction is the average value of real and tangible personal property owned or rented and used during the taxable year in Florida. The denominator is the average value of such property owned or rented and used everywhere during the taxable year. The property factor for corporations included within the definition of financial organizations must also include intangible personal property, except goodwill.

Property owned is valued at original cost, without regard to accumulated depreciation. Property rented is valued at eight times the net annual rental rate. You must reduce the net annual rental rate by the annual rental rate received from sub-rentals.

In Part III-C, Lines 1 through 4, enter the beginning-of-year and end-of-year balances for property owned and used within Florida, as well as property owned and used everywhere. Place the total value of the columns on Line 5. Calculate the average values as provided on Lines 6 and 7. Enter the Florida average in Part III-A, Line 1, Column (a). Enter the average everywhere in Part III-A, Line 1, Column (b).

III-A, Line 2. Salaries, wages, commissions, and other compensation

The payroll factor is a fraction. The numerator of this fraction is the total amount paid to employees in Florida during the taxable year for compensation. The denominator is the total compensation paid to employees everywhere during the taxable year. Enter the numerator in Part III-A, Line 2, Column (a) and enter the denominator in Part III-A, Line 2, Column (b).

For purposes of this factor, compensation is paid within Florida if:

- (a) The employee's service is performed entirely within Florida, or
- (b) The employee's service is performed both within and without Florida, but the service performed outside Florida is incidental to the employee's service, or
- (c) Some of the employee's service is performed in Florida and either the base of operations or the place from which the service is directed or controlled is in Florida, or the base of operations or place from which the service is controlled is not in any state in which some part of the service is performed and the employee's residence is in Florida.

The partnership must attach a statement listing all compensation paid or accrued for the taxable year other than that as shown on federal Form 1125-A or page 1 of the federal Form 1065.

III-A, Line 3. Sales

The sales factor is a fraction. The numerator of this fraction is the total sales of the taxpayer in Florida during the taxable year. The denominator is the total sales of the taxpayer everywhere during the taxable year. Enter the numerator in Part III-A, Line 3, Column (a) and the denominator in Part III-A, Line 3, Column (b).

Florida defines the term "sales" as gross receipts without regard to returns or allowances. The term "sales" is not limited to tangible personal property, and includes:

- (a) Rental or royalty income if such income is significant in the taxpayer's business.
- (b) Interest received on deferred payments of sales of real or tangible personal property.
- (c) Sales of services.
- (d) Income from the sale, licensing, or other use of intangible personal property such as patents and copyrights.
- (e) For financial organizations, income from intangible personal property.

Sales will be attributable to Florida using these criteria:

- (a) Sales of tangible personal property will be "Florida sales" if the property is delivered or shipped to a purchaser within Florida.
- (b) Rentals will be "Florida sales" if the real or tangible personal property is in Florida.
- (c) Interest received on deferred payments of sales of real or tangible personal property will be included in "Florida sales" if the sale of the property is in Florida.
- (d) Sales of service organizations are within Florida if the services are performed in Florida.

For a financial organization, "Florida sales" will also include:

- (a) Fees, commissions, or other compensation for financial services rendered within Florida.
- (b) Gross profits from trading in stocks, bonds, or other securities managed within Florida.
- (c) Interest, other than interest from loans secured by mortgages, deeds of trust, or other liens on real or tangible personal property found outside Florida.
- (d) Dividends received within Florida.
- (e) Interest charged to customers at places of business maintained within Florida for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts.

- (f) Interest, fees, commissions, and other charges or gains from loans secured by mortgages, deeds of trust, or other liens on real or tangible personal property found in Florida or from installment sale agreements originally completed by a taxpayer or his agent to sell real or tangible personal property located in Florida.
- (g) Any other gross income, including other interest resulting from the operation as a financial organization within Florida.

III-B. Special Industry Apportionment Fraction

Special methods of apportioning income by taxpayers providing insurance or transportation services are provided. For example, the income attributable to transportation services is apportioned to Florida by multiplying the adjusted federal income by a fraction. The numerator is the "revenue miles" within Florida and the denominator is the "revenue miles" everywhere. For transportation other than by pipeline, a revenue mile is the

transportation of one passenger or one net ton of freight the distance of one mile for a consideration.

Part IV. Apportionment of Partners' Share

Each partner's share of the apportionment factors is determined by multiplying the amount in Part III-A, on Lines 1, 2, and 3 by the percentage interest of each partner. Amounts determined should be added to each partner's apportionment factors included on its Florida Form F-1120.

Partnerships subject to a special industry apportionment fraction (for example, those engaged mainly in transportation services) should adjust this schedule to report each partner's share of the special apportionment fraction (for example, revenue miles for transportation companies).

General Information

When is Florida Form F-1120A Due?

Generally, Florida Form F-1120A is due the later of:

- (1) For tax years ending June 30, the due date is on or before the first day of the fourth month following the close of the tax year. For all other taxable year ends, the due date is on or before the first day of the fifth month following the close of the tax year. For example, Florida Form F-1120A is due on or before May 1, 2019 for a taxpayer with a tax year ending December 31, 2018; or
- (2) The 15th day following the due date, without extension, for the filing of the related federal return for the taxable year. For example, if the federal return is due on May 15, the related Florida Form F-1120A is due on June 1.

You must file a return, even if no tax is due.

If the due date falls on a Saturday, Sunday, or state or federal holiday, the return is considered to be filed on time if postmarked on the next business day.

For a calendar of filing due dates for Florida corporate income tax returns go to the Department's website at floridarevenue.com/taxes/cit/duedates.

Note: A late-filed return will subject a corporation to penalty, whether or not tax is due.

Extension of Time to File

To apply for an extension of time for filing Florida Form F-1120A, you must complete Florida Form F-7004, *Florida Tentative Income/Franchise Tax Return and Application for Extension of Time to File Return*. To obtain Florida Form F-7004 see "Contact Us" on page 4.

Go to the Department's website for information on electronic filing and payment of tentative tax.

You must file **Florida Form F-7004** to extend your time to file. A copy of your **federal extension** alone will not extend the time for filing your Florida return. See Rule 12C-1.0222, Florida Administrative Code (F.A.C.), for information on the requirements that must be met for your request for an extension of time to be valid.

Extensions are valid for six months, with the exception of extensions for taxpayers with a June 30 tax year end which are valid for seven months. Only one extension may be granted per tax year.

Payment of Tax

You must pay the tax due, as shown on Line 9 of the return, and either file your return or extension of time by the original due date. Payment must be in U.S. funds. If your tax payment is not on time, penalties and interest will apply.

Taxable Year and Accounting Methods

The taxable year and method of accounting must be the same for Florida income tax as it is for federal income tax. If you change your taxable year or your method of accounting for federal income tax, you must also change the taxable year or method of accounting for Florida income tax.

Rounding Off to Whole-Dollar Amounts

Whole-dollar amounts may be entered on the return. To round off dollar amounts, drop amounts less than 50 cents to the next lowest dollar and increase amounts from 50 cents to 99 cents to the next highest dollar. If you use this method on the federal return, you must use it on the Florida return.

Federal Employer Identification Number (FEIN)

If you do not have an FEIN, obtain one from the IRS. You can:

- Apply online at irs.gov
- Apply by mail with IRS form SS-4. To obtain this form, download or order it from irs.gov or call 800-829-3676.

To Amend a Return

You must complete a Florida Form F-1120X to amend your Florida corporate income tax return if:

- You file an amended Federal return.

- A redetermination of federal income is made (for example, through an audit adjustment), and
- The adjustments would affect net income subject to the Florida corporate income/franchise tax.

Go to our website for Florida Form F-1120X with instructions.

Who Must Make Estimated Tax Payments?

If you expect the amount of income tax liability for the year to be **more than \$2,500**, you must make a declaration of estimated tax for the taxable year using Florida Form F-1120ES. Payments may not be annualized. If the corporation's expected tax liability is more than \$2,500, you must file Florida Form F-1120. To obtain Florida Form F-1120ES, see "Contact Us" on Page 4.

Line-by-Line Instructions

Line 1. Federal Taxable Income – Generally, corporations should enter the amount shown on Page 1, Line 30 of the federal Form 1120 or the corresponding line (taxable income) of the federal income tax return filed. If this amount is negative, check the box. S corporations should enter only the income subject to federal income tax at the corporate level and those S corporations answering no to Question D do not have to file a return unless requesting a refund.

Line 2. Net Operating Loss Deduction (NOLD) and State Income Taxes Deducted in Computing Federal Taxable Income – Enter the sum of:

- (A) Any net operating loss deduction shown on Line 29(a) of the federal Form 1120 or on the matching line of other federal income tax forms, and
- (B) Any tax on, or measured by, income paid or accrued as a liability to any U.S. state or the District of Columbia that is deducted from gross income in computing federal income for the taxable year. Exclude taxes based on gross receipts or revenues.

If you include state income taxes in Line 2, complete Question G on Page 2.

Use the following to calculate your Line 2 entry:

- a. NOLD _____
- b. State income taxes deducted in computing federal taxable income _____
- c. Total - Add a and b, then enter this amount on Line 2.

Line 3. Florida Net Operating Loss Deduction (NOLD) – Enter the amount (if any) of the Florida net operating loss deduction on Line 3. For Florida corporate income tax, a net operating loss can never be carried back as a deduction to a prior taxable year. A net operating loss can only be carried over to later taxable years and treated in the same manner, to the same extent, and for the same time periods prescribed in section 172, IRC.

Line 4. Florida Exemption – Section 220.14, F.S., exempts up to \$50,000 of net income. The exemption is the lesser of \$50,000 or the Florida portion of adjusted federal income. If the taxable year is less than 12 months, you must prorate the \$50,000 exemption. Multiply \$50,000 by the number of days in the short tax year divided by 365. Only one \$50,000 exemption is allowed to the members of a controlled group of corporations as defined in section 1563, IRC. If members of a controlled group file separate Florida returns the \$50,000 exemption will be divided equally among all filing members unless all members consent to an apportionment plan for an unequal allocation of the Florida exemption.

Line 5. Florida Net Income – Subtract Lines 3 and 4 from the sum of Lines 1 and 2 and enter the difference on Line 5. (Line 1 plus Line 2 minus Line 3 minus Line 4.) If this amount is negative, check the box and enter zero (0) on Line 6.

Line 6. Corporate Income Tax Due – Enter 5.5 percent of Line 5. If Line 5 is zero (0) or less, enter zero (0) on Line 6. If this amount is \$2,500 or greater, you cannot file Florida Form F-1120A. See "Contact Us" below for information on obtaining Florida Form F-1120.

Line 7. Payment Credits – Enter the total tentative tax paid with Florida Form F-7004 plus estimated tax payments, if any, made for the taxable year, or carryovers from previous years, plus the amount(s) shown on any corporate income tax credit memo(s) issued by the Department.

Line 8. Penalty and Interest – If penalties or interest apply, enter the total amount on this line.

Penalties

Late-Filed Return – The penalty for a late-filed return is 10 percent each month, or portion of a month, not to exceed 50 percent of the tax due with the return. If no tax is due and a return is filed late, the penalty is \$50 each month or portion of a month, not to exceed \$300.

Underpayment of Tentative Tax – The penalty for underpayment of tentative tax is 12 percent per year during the extension period on the underpaid amount. You must calculate the penalty from the original due date of the return.

Incomplete Return – For an incomplete return, the penalty is the greater of \$300 or 10 percent of the tax finally determined to be due, not to exceed \$10,000. An incomplete return is one that cannot be readily handled, verified, or reviewed.

Fraudulent Return – The penalty for filing a false or fraudulent return is 100 percent of the deficiency.

Electronic Filing – The penalty is 5 percent of the tax due for each month the return is not filed electronically. The penalty cannot exceed \$250 in total. If no tax is due, the penalty is \$10.

Interest – A floating rate of interest applies to underpayments, late payments, and overpayments of corporate income tax. We update the floating interest rate January 1 and July 1 of each year by using the formula established in s. 220.807, F.S. For information on current and prior period interest rates, visit the Department's website at floridarevenue.com/taxes/rates.

Line 9. Total Amount Due or Overpayment – Subtract the amount shown on Line 7 from Line 6, add any amount shown on Line 8, and enter the result on Line 9. **If Line 9 is a negative amount, you have overpaid your Florida corporate income tax.** To have this amount credited toward next year's tax liability, place an "X" in Box 9a. To have this amount refunded, place an "X" in Box 9b. **If you make no entry, the entire amount of overpayment will be credited to next year's estimated tax.** If Line 9 is a positive amount, this is the amount due. Make your check or money order payable to the Florida Department of Revenue. You must pay in U.S. funds. **Note: The election to apply an overpayment to the next year's estimated tax is irrevocable. For more information, see Rule 12C-1.034(8), F.A.C., titled Special Rules Relating to Estimated Tax.**

Remember:

- ✓ Make your check payable to the Florida Department of Revenue, write your FEIN on your check, and sign your check and return.
- ✓ Use an original form whenever possible to ensure proper recording and processing of your return and payment. Make any necessary corrections on the face of the return and complete a change of address on the Department's website at floridarevenue.com/taxes/updateaccount
- ✓ Do not attach a copy of the federal return, supporting schedules, or worksheets at this time. The Department may, however, request them at a later date.
- ✓ To find filing due dates for the current year go to the Department's website at floridarevenue.com/taxes/cit/duedates

General Information

Corporate income tax is imposed by section (s.) 220.11, Florida Statute (F.S.).

Who Must File a Florida Corporate Income/Franchise Tax Return?

- **All corporations** (including tax-exempt organizations) doing business, earning income, or existing in Florida.
- **Every bank and savings association** doing business, earning income, or existing in Florida.
- **All associations or artificial entities** doing business, earning income, or existing in Florida.
- **Foreign (out-of-state) corporations** that are partners or members in a Florida partnership or joint venture. A "Florida partnership" is a partnership doing business, earning income, or existing in Florida.
- **A limited liability company (LLC)** classified as a **corporation** for Florida and federal income tax purposes is subject to the Florida Income Tax Code and must file a Florida corporate income tax return.
- **An LLC** classified as a **partnership** for Florida and federal income tax purposes must file a *Florida Partnership Information Return* (Florida Form F-1065) if one or more of its owners is a corporation. In addition, the corporate owner of an LLC classified as a partnership for Florida and federal income tax purposes must file a Florida corporate income tax return.
- **A single member LLC** disregarded for Florida and federal income tax purposes is not required to file a separate Florida corporate income tax return. The income must be reported on the owner's return if the single member LLC is owned, directly or indirectly, by a corporation. The corporation must file Florida Form F-1120, reporting its own income and the income of the single member LLC, even if the only activity of the corporation is ownership of the single member LLC.
- **Homeowner and condominium associations** that file federal Form 1120 (*U.S. Corporation Income Tax Return*) must file Florida Form F-1120 or F-1120A regardless of whether any tax may be due. If you file federal Form 1120-H (*U.S. Income Tax Return for Homeowners Associations*), you are not required to file a Florida return.
- **Political organizations** that file federal Form 1120-POL.
- **S corporations** that pay federal income tax on Line 22c of federal Form 1120S.
- **Tax-exempt organizations** that have "unrelated trade or business taxable income" for federal income tax purposes are subject to Florida corporate income tax and must file either Florida Form F-1120 or F-1120A.

Florida Corporate Short Form F-1120A

Corporations or other entities subject to Florida corporate income tax must file Florida Form F-1120 unless qualified to file *Florida Corporate Short Form Income Tax Return*, Florida Form F-1120A.

Who is Eligible to File Florida Form F-1120A?

A corporation qualifies to file Florida Form F-1120A if it meets **ALL** the following criteria:

- It has Florida net income of \$45,000 or less.

- It conducts 100 percent of its business in Florida.
- It does not report any additions to and/or subtractions from federal taxable income other than a **net operating loss deduction** and/or **state income taxes**, if any.
- It is not included in a Florida or federal consolidated corporate income tax return.
- It claims no tax credits other than tentative tax payments or estimated tax payments.

Electronic Filing

You are able to file and pay your Florida corporate income tax return (Florida Form F-1120) electronically through the IRS MeF Federal/State Electronic Filing Program. You **must** file and pay electronically if you paid \$20,000 or more in tax during the State of Florida's prior fiscal year (July 1 – June 30). The Department also has an online application for corporate income tax payments and filing Florida forms F-1120A, F-1120ES, *Declaration/Installment of Florida Estimated Income/Franchise Tax*, and F-7004, *Florida Tentative Income/Franchise Tax Return and Application for Extension of Time to File Return*. Go to the Department's website for more information.

Using Software to Prepare Your Return

If you use commercial software to prepare and file your paper return:

- The Department of Revenue must approve all vendor software that develops paper tax forms. Ask the vendor for proof that you are using approved software.
- Make sure that the software is for the correct year. You cannot use 2017 software to produce 2018 tax forms.
- Visit the Department's website to obtain a list of approved software vendors.

When to File and Pay

When is Florida Form F-1120 Due?

Generally, Florida Form F-1120 is due the later of:

(1) For tax years ending June 30, the due date is on or before the first day of the fourth month following the close of the tax year. For all other tax year endings, the due date is on or before the first day of the fifth month following the close of the tax year. For example, for a taxpayer with a tax year that ends December 31, 2018, the Florida Form F-1120 is due on or before May 1, 2019; or

(2) The 15th day following the due date, without extension, for the filing of the related federal return for the taxable year. For example, if the federal return is due on May 15, the related Florida Form F-1120 is due on June 1.

You must file a return, even if no tax is due.

If the due date falls on a Saturday, Sunday, or federal or state holiday, the return is considered to be filed on time if postmarked on the next business day.

For a calendar of filing due dates for Florida corporate income tax returns go to floridarevenue.com/taxes/cit/duedates.

If filing electronically, see the *Florida e-Services Calendar of Electronic Payment Deadlines* (Form DR-659).

Note: A late-filed return will subject a corporation to penalty, whether or not tax is due.

Extension of Time to File

To apply for an extension of time for filing Florida Form F-1120, you must complete Florida Form F-7004, *Florida Tentative Income/Franchise Tax Return and Application for Extension of Time to File Return*. To obtain Florida Form F-7004, see "Contact Us" on page 16.

You can file Florida Form F-7004 electronically through the IRS MeF federal/state electronic filing program or online. Go to the Department's website for more information.

You must file **Florida Form F-7004** to extend your time to file. A copy of your **federal extension** alone will not extend the time for filing your Florida return. See Rule 12C-1.0222, Florida Administrative Code (F.A.C.), for information on the requirements that must be met for your request for an extension of time to be valid.

You must file Florida Form F-7004 and pay all the tax due (tentative tax), on or before the original due date of Florida Form F-1120. An extension of time will be void if:

- 1) Your tentative tax due is not paid.
- 2) You underpay your tax by the greater of \$2,000 or 30 percent of the tax shown on Florida Form F-1120 when filed.

Extensions are valid for six months, with the exception of extensions for taxpayers with a June 30 tax year end, which are valid for seven months. Only one extension may be granted per tax year.

Payment of Tax

You must pay the amount of tax due, as shown on Line 17 of the return, and either file your return or extension of time by the original due date. Make payments in U.S. funds. Penalties and interest apply to late payments.

Using Payment Credits

When a corporation makes payment using payment credits from a different Federal Employer Identification Number (FEIN), the following documentation is required:

- Written authorization, including an original signature of a corporate officer, from the corporation or entity that made the payment.
- The FEIN and complete names of the corporations or entities involved.
- The applied period (taxable year-end) for the payment credits you are requesting to transfer.
- The type of credit and the amount of payment credit you are requesting to transfer.

Where to Send Payments and Returns

Make check payable to and send with return to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0135

If you are requesting a refund (Line 19), send your return to:

Florida Department of Revenue
PO Box 6440
Tallahassee FL 32314-6440

Penalties

Late-Filed Return – The penalty for a return filed late is 10 percent per month, or fraction thereof, not to exceed 50 percent of the tax

due with the return. If no tax is due and you file late, the penalty is \$50 per month or fraction thereof, not to exceed \$300.

Underpayment of Tentative Tax – The penalty for underpayment of tentative tax is 12 percent per year during the extension period on the underpaid amount. You must calculate the penalty from the original due date of the return.

Underpayment of Estimated Tax – The penalty for underpayment of estimated tax is 12 percent per year. If you underpay your estimated tax, complete Florida Form F-2220, *Underpayment of Estimated Tax*, and attach it to Florida Form F-1120 (see Line 14 instructions).

Incomplete Return – For an incomplete return, the penalty is the greater of \$300 or 10 percent of the tax finally determined to be due, not to exceed \$10,000. An incomplete return is one that we cannot readily handle, verify, or review.

Fraudulent Return – The penalty for filing a false or fraudulent return is 100 percent of the deficiency.

Electronic Filing – The penalty is 5 percent of the tax due for each month the return is not filed electronically. The penalty cannot exceed \$250 in total. If no tax is due, the penalty is \$10.

Interest

A floating rate of interest applies to underpayments, late payments, and overpayments of corporate income tax. We update the floating interest rate on January 1 and July 1 of each year by using the formula established in s. 220.807, F.S. For information on current and prior period interest rates, visit floridarevenue.com/taxes/rates.

Required Attachments

Attach a copy of the actual federal income tax return filed with the Internal Revenue Service (IRS).

You must also attach copies of federal Forms 4562, 851 (or Florida Form F-851), 1122, 1125-A, Schedule D, Schedule M-3, and any supporting details for Schedules M-1 and M-2. Attach other supporting schedules if requested in these instructions.

Do not detach the coupon located at the bottom of the first page of your Florida Form F-1120 or your account may not be properly credited.

You may use additional sheets if the lines on Florida Form F-1120 or on any schedules are not sufficient. The additional sheets must contain all the required information and follow the format of the schedules on the return. Enter the taxpayer's name and FEIN on all sheets exactly as they appear on the front page of Florida Form F-1120.

Taxable Year and Accounting Methods

The taxable year and method of accounting must be the same for Florida income tax as it is for federal income tax. If you change your taxable year or your method of accounting for federal income tax, you must also change the taxable year or method of accounting for Florida income tax.

Rounding Off to Whole-Dollar Amounts

Whole-dollar amounts may be entered on the return and accompanying schedules. To round off dollar amounts, drop amounts less than 50 cents to the next lowest dollar and increase amounts from 50 cents to 99 cents to the next highest dollar. If you use this method on the federal return, you must use it on the Florida return.

Federal Employer Identification Number

If you do not have an FEIN, obtain one from the Internal Revenue Service. You can:

- Apply online at irs.gov
- Apply by mail with IRS Form SS-4. To obtain this form, download or order it from irs.gov or call 800-829-3676.

To Amend a Return

You must complete a Florida Form F-1120X to amend your Florida corporate income tax return if:

- You file an amended federal return.
- A redetermination of federal income is made (for example, through an audit adjustment), and
- The adjustments would affect net income subject to the Florida corporate income/franchise tax.

Go to floridarevenue.com/forms for Florida Form F-1120X with instructions.

Estimated Tax (Florida Form F-1120ES)

Who Must Make Estimated Tax Payments?

If you expect the amount of your income tax liability for the year to be **more than \$2,500**, you must make a declaration of estimated tax for the taxable year. Use Florida Form F-1120ES, *Declaration/Installment of Florida Estimated Income/Franchise Tax* to declare and pay estimated tax. To determine if a declaration and payment of estimated tax is required, complete the *Estimated Tax Worksheet* on page 6 of the Florida Form F-1120.

Due Dates for Declaration and Payment

Make your estimated tax payments in four equal installments. For calendar year filers with a tax year beginning on or after January 1, 2017, payments are due on May 31, June 30, September 30, and December 31. To obtain Florida Form F-1120ES, see "Contact Us" on page 16. The Department does not send reminder notices for estimated tax installments. Do not annualize your payments.

For a calendar of filing due dates for Florida corporate income tax returns go to the Department's website at floridarevenue.com/taxes/cit/duedates.

To pay estimated tax, go to the Department's website. If filing electronically, see the *Florida e-Services Calendar of Electronic Payment Deadlines* (Form DR-659).

Short Taxable Years

You must file a separate declaration (Florida Form F-1120ES) when a return is required for a period of less than 12 months, unless the short period is less than four months or the requirement is first met after the first day of the last month in the short taxable year. When determining if you must file a declaration of estimated tax for a short taxable year, which results from a change in annual accounting period, you must annualize your net income for the short period. Multiply the short year's income by 12 and divide the result by the number of months in the short period. If the tax due based on this income is greater than \$2,500, a declaration is required.

Amended Declaration (Florida Form F-1120ES)

You must base your declaration of estimated tax upon a reasonable projection of tax liability. Circumstances may develop during the year that warrant a revision of the original estimated tax. If the revised estimate differs materially from the original

estimate, file an amended declaration on or before the next installment due date.

Underpayments of Estimated Tax

If you underpay estimated tax, penalty and interest apply (see "Penalties" and "Interest" and the instructions for Line 14).

Special Instructions

Consolidated Returns

The privilege of electing to file a Florida consolidated income tax return is limited to an affiliated group where **the parent corporation is subject to the Florida Income Tax Code** and:

1. The affiliated group must have filed a consolidated return for federal income tax purposes.
2. The affiliated group electing to file a Florida consolidated return must be identical to the affiliated group filing the federal consolidated return.
3. In the initial year of election, you must complete Florida Form F-1122, *Authorization and Consent of Subsidiary Corporation to be Included in a Consolidated Income Tax Return* for each affiliated member. Attach the form to the Florida consolidated return.

For more information see s. 220.131, F.S., and Rule 12C-1.0131, F.A.C.

Florida Net Operating Loss Carryover Deduction (NOLD)

You may not carry back a Florida net operating loss as a deduction to a prior taxable year. A net operating loss must be carried over to subsequent taxable years and treated in the same manner, to the same extent, and for the same time periods prescribed in s. 172, IRC. The Florida carryover to future tax years is limited to the amount of the federal net operating loss multiplied by the Florida apportionment fraction. However, adjustments such as those listed in s. 220.13(1)(e), F.S., may increase the amount of the Florida carryover. See Rule 12C-1.013(15), F.A.C.

The Florida net operating loss carryover deduction is limited to the portion of the carryover apportioned to Florida using the apportionment fraction for the year in which the loss occurred.

To support a deduction, attach a **schedule** showing the following information, as applicable:

- Tax Year
- Adjusted Federal Loss
- Apportionment Fraction for the Year of Loss
- Florida Apportioned Income/Loss
- Net Operating Loss Carryover (NOLCO) Applied
- Florida Portion of Adjusted Federal Income

- NOL Carry Forward to Next Year

See Examples of Florida Net Operating Loss Carry Forward Schedules on page 15.

Include the Florida net operating loss carryover deduction available on either Schedule II or IV, including that portion that reduces Florida taxable income below zero.

If you conduct all of your business in Florida, you must enter the Florida net operating loss carryover deduction available on Schedule II, Line 3.

If you are doing business outside Florida, you must enter zero (0) on Schedule II, Line 3, and the amount of the NOLD on Schedule IV, Line 4.

Florida Net Capital Loss Carryover Deduction

You may not carry back a Florida net capital loss as a deduction to a prior taxable year. A net capital loss must be carried over to subsequent tax years and treated in the same manner, to the same extent, and for the same periods prescribed in s. 1212, IRC.

The Florida subtraction for net capital loss carryovers is limited to the portion of the carry forward apportioned to Florida using the apportionment fraction for the year in which the loss occurred.

To support a deduction, you must attach a **schedule** showing how you computed the deduction:

- Year(s) of loss,
- Apportionment fraction for the taxable year in which the loss occurred, and
- Amount of the carryover(s) previously deducted.

If you conduct all of your business in Florida, you must enter the Florida net capital loss carryover on Schedule II, Line 4.

If you are doing business outside Florida, you must enter zero (0) on Schedule II, Line 4, and the Florida portion of net capital loss carryover on Schedule IV, Line 5.

Florida Excess Contribution Carryover Deductions

The excess contribution deductions may not create or increase a net operating loss for Florida. The Florida excess contribution deduction is the lesser of:

- the federal excess contribution limitation apportioned to Florida in the current year **or**
- the Florida excess contribution carryover.

To support a deduction, you must attach a **schedule** showing how you computed the deduction:

- Year(s) of federal excess contributions,
- Actual contributions made,
- Federal contribution limitation,
- Amount of excess contributions,
- Florida apportionment fraction for the taxable year(s),
- Apportioned excess contribution to be carried over, and

If you are doing business outside Florida, you must enter zero (0) on Schedule II, Lines 5 and 6. Line-by-Line Instructions for Completing Florida Form F-1120

We number Instructions to correspond with the appropriate schedule and line numbers.

Computation of Florida Net Income Tax

Chapter 220, F.S., provides that corporations and other entities base Florida net income on federal taxable income with certain modifications. Such modifications include Florida additions and subtractions, apportionment, and the Florida exemption.

Line 1 - Federal Taxable Income

Generally, corporations should enter the amount shown on Line 30 of federal Form 1120 or the corresponding line (taxable income) of the related federal income tax return.

If a corporation is a member of an affiliated group that filed a consolidated federal tax return, but the corporation is filing a separate return for Florida, the amount shown on Line 1 of the Florida Form F-1120 should be its federal taxable income computed as if it had filed a separate federal income tax return. Attach to Florida Form F-1120:

- A copy of the related federal consolidated return that was filed.
- A statement reconciling the amount reported on Line 1 with the taxable income shown on Line 30 of the related federal consolidated return.
- Attach a pro forma federal return, which is a federal return as if the consolidated subsidiary filing separately in Florida had also filed a separate federal return.

When you file a Florida consolidated return, the amount that you should enter is the:

- Consolidated federal taxable income from Line 30 of federal Form 1120, or
- Corresponding line (taxable income) of the federal income tax return filed.

Generally, the Florida consolidated group must be identical to the federal consolidated group. Also see Consolidated Returns Instructions (page 4).

S corporations should enter only the amount of income subject to federal income tax at the corporate level.

Line 2 - State Income Taxes Deducted in Computing Federal Taxable Income

Enter the total amount of state income taxes deducted on the federal return in the computation of federal taxable income. Include the amount deducted for income taxes paid to the District of Columbia and all states, including Florida. Do not include taxes based on gross receipts, or income taxes paid to cities or counties.

Note: You must attach a list to Florida Form F-1120 identifying the amount of tax and the state to which it was paid.

Line 3 - Additions to Federal Taxable Income

Enter the total amount of additions or adjustments to federal taxable income shown on Schedule I, Line 20.

Line 4 - Total of Lines 1, 2, and 3

Line 5 - Subtractions from Federal Taxable Income

Enter the total amount of subtractions from federal taxable income shown on Schedule II, Line 12.

Line 6 - Adjusted Federal Income

Subtract Line 5 from Line 4 and enter the difference.

Line 7 - Florida Portion of Adjusted Federal Income

If the taxpayer's business is entirely within Florida, enter the amount reported on Line 6 on this line.

Section 220.14, F.S., exempts up to \$50,000 of Florida net income. The amount of the exemption is the lesser of \$50,000 or the Florida portion of adjusted federal income plus nonbusiness income allocated to Florida (Line 7 plus Line 8). If the sum of Line 7 plus Line 8 is zero or less, enter zero (0).

Florida allows only one \$50,000 exemption to the members of a controlled group of corporations as defined in s. 1563, IRC. If you file a consolidated return, the amount of exemption taken on Line 9 is limited to the lesser of \$50,000 or the Florida portion of adjusted income plus nonbusiness income allocated to Florida (Line 7 plus Line 8). If members of the controlled group file separate returns, follow the instructions for Question G-1.

If the taxable year is less than 12 months, the \$50,000 exemption must be prorated. Multiply \$50,000 by the number of days in the short tax year divided by 365.

Line 10 - Florida Net Income

Subtract Line 9 from the sum of Lines 7 and 8 and enter the difference. If the result is a loss, enter zero (0).

Line 11 - Tax Due

Enter 5.5 percent of Line 10.

Penalty and interest on an underpayment of estimated tax are computed from the installment due date until the earlier of the payment date or due date for filing the annual tax return, without regard to any extension of time. No penalty or interest will apply if the cumulative amount paid or credited for each installment equals or exceeds the cumulative amount due if the installments were based on:

- At least 90 percent of the tax finally shown to be due for the taxable year; or
- The tax computed using the prior year facts and income and current year rates.

Note: The installment amounts that must be paid to meet the prior year exception are decreased by the amount of the Florida Tax Credit Scholarship Program credit earned with contributions made for the current tax year.

Enter any other penalty or interest due on Lines 14(b) and 14(d) respectively. See also "Penalties" and "Interest" on page 3.

Line 15 - Total of Lines 13 and 14.

Line 16 - Payment Credits

For more information, see Rule 12C-1.034(8), F.A.C., titled Special Rules Relating to Estimated Tax.

Line 19 - Refund

Enter the amount of overpayment you want refunded on Line 19. You may request a refund of any portion of an overpayment. Also, enter this amount in the space provided at the bottom of the front page of Florida Form F-1120. If Line 19 is left blank, we will credit the entire overpayment to next year's estimated tax. Sub S corporations must include the Notice of Acceptance as an S corporation from the IRS if the document has not been sent to the Department.

If the controlled group is a parent-subsidiary group, please indicate the parent corporation on your attached list. Attaching the list shows consent to an unequal apportionment of the Florida exemption.

Line 19 – Other Additions

Attach explanatory schedules. Examples:

(1) Partnership adjustment.

Florida adjusted federal ordinary partnership income or loss is based on the federal ordinary partnership income or loss with certain modifications (Florida additions and subtractions). To the extent that such modifications increase the taxpayer's distributive share of partnership income or loss included in its federal income tax return, you must enter an appropriate addition as determined on Florida Form F-1065 on Line 19 of this schedule.

(2) Consolidated income adjustment.

No consolidated income adjustment is necessary unless the corporation made an election under s. 220.131(1), F.S., within 90 days of December 20, 1984, or upon filing the taxpayer's first return after December 20, 1984, to file a consolidated return on the same basis as its consolidated returns filed prior to July 19, 1983. Attach a schedule showing the computation of federal taxable income for the Florida affiliated group and the amounts included in the net positive or negative (using a negative sign) adjustment.

(3) Depreciation adjustment.

The required depreciation adjustment is for Election A and Election B taxpayers.

"Election A" means the election made by taxpayers for taxable years beginning prior to January 1, 1987, pursuant to s. 220.03(5)(b), F.S., to report and pay the corporate income/franchise tax as if the amendments to the Internal Revenue Code that were enacted after January 1, 1980, and before January 1, 1982, became effective on January 1, 1982. Taxpayers who made Election A are required to make a depreciation adjustment in computing the corporate income/franchise tax if any depreciable assets were placed in service between January 1, 1981, and December 31, 1981.

"Election B" means the election made by taxpayers for taxable years beginning prior to January 1, 1987, pursuant to s. 220.03(5)(c), F.S., to report and pay the corporate income/franchise tax as if the Internal Revenue Code of 1954, as amended and in effect on January 1, 1980, is in effect indefinitely. Taxpayers who made Election B are required to

make a depreciation adjustment in computing the corporate income/franchise tax if any depreciable assets were placed in service between January 1, 1981, and December 31, 1986.

If a consolidated Florida corporate income/franchise tax return is filed, a separate schedule listing the name, address, FEIN, and the depreciation election (General Rule, which was for the emergency excise tax that has been phased out, Election A, or Election B) of each included corporation must be attached.

The depreciation adjustment will include the positive or negative difference, if any, between the depreciation deducted as shown on federal Form 4562 for these assets and the depreciation allowable for these assets under the Internal Revenue Code of 1954, as amended and in effect on January 1, 1980. Attach a copy of federal Form 4562 and a statement setting forth the details of the adjustment.

If a taxpayer is governed by Election A or Election B and directly or indirectly owns an interest in a partnership, trust, or other entity not taxable as a corporation, it must include in its adjustment its distributive share of any depreciation difference. The difference in the depreciation for the partnership, trust, or other entity should be computed in the same manner explained above for Election A or Election B. The taxpayer's distributive share of the depreciation difference computed should be added to the difference computed under Election A or Election B on the taxpayer's assets. You must attach a copy of the underlying entity's federal Form 4562 and a statement setting forth the details of the adjustment.

Line 12 - Total

Enter the sum of Lines 1 through 11 on this line and on the front page of Florida Form F-1120, Line 5.

Schedule III – Apportionment of Adjusted Federal Income

Florida taxpayers doing business outside Florida are required to apportion their business income to Florida based upon a three-factor formula (average value of property, payroll, and sales factors), except for insurance companies, transportation companies, citrus processing companies, taxpayers granted permission to use a single sales factor under s. 220.153, F.S., and taxpayers who have been given prior permission by the Department to apportion income using a different method under s. 220.152, F.S.

Florida does not allow a taxpayer to apportion income if it is not doing business outside the state. Making only sales in another state without property or payroll in that state does not automatically indicate a taxpayer is "doing business" in a state other than Florida. See Rule 12C-1.015, F.A.C., for further information about when a Florida corporation may apportion income.

The three-factor formula measures Florida's share of adjusted federal income by ratios of the taxpayer's property, payroll, and sales in Florida to total property, payroll, and sales located or occurring everywhere. The apportionment factors are weighted as follows: 25 percent to property, 25 percent to payroll, and 50 percent to sales.

Note: If the amount reported in Schedule III-A, Column (b) for either the property or payroll factor is zero, the weighted percentage for the other factor will be $33\frac{1}{3}$ percent and the weighted percentage for the sales factor will be $66\frac{2}{3}$ percent. If the amount reported in Schedule III-A, Column (b) for the sales factor is zero, the weighted percentage for the property and payroll factors will change from 25 percent to 50 percent each. If the amounts reported in Schedule III-A, Column (b) for any two factors are zero, the weighted percentage for the remaining factor will be 100 percent.

All amounts related to nonbusiness income, income related to ss. 78, 862, and 951, IRC, and any other income not included in the adjusted federal income (Florida Form F-1120, Line 6) must be excluded from the apportionment factors.

III-A Line 1. Average Value of Property

The property factor is a fraction. The numerator of this fraction is the average value of real and tangible personal property owned or rented and used during the taxable year in Florida. The denominator is the average value of such property owned or rented and used everywhere during the taxable year.

Property owned is valued at original cost, without regard to accumulated depreciation. Property rented is valued at eight times the net annual rental rate. You must reduce the net annual rental rate by the annual rental rate received from sub-rentals.

Compute the average value of property using Schedule III-B. On Lines 1 through 4 of this schedule, enter the beginning-of-year and end-of-year balances for property owned and used within Florida, as well as property owned and used everywhere. Compute the average value using the formula provided on Line 6. Enter

the value of rented property on Line 7. Add Lines 6a and 7a and enter the Florida average on Line 8a of Schedule III-B and on Schedule III-A, Line 1, Column (a). Likewise, add Lines 6b and 7b and enter the everywhere average on Line 8b of Schedule III-B and on Schedule III-A, Line 1, Column (b).

If substantial fluctuations in the values of the property exist during the tax period or where you acquired property after the beginning of the tax period or disposed of property before the end of the tax period, the Department may require or allow monthly averaging of property values. If monthly averages are used, you must attach appropriate schedules.

For corporations not included within the definition of a financial organization, intangible personal property will not be included in the property factor. The property factor used by a financial organization must include intangible personal property, except goodwill, owned and used in the business. The term "financial organization" includes any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, or investment company.

The intangible personal property will be valued at its tax basis for federal income tax purposes. Florida considers intangible personal property to be in Florida if it consists of **any** of the following:

- (a) Coin or currency located in Florida.
- (b) Assets in the nature of loans located in Florida, including balances due from depository institutions, repurchase agreements, federal funds sold, and bankers' acceptances.
- (c) Installment obligations on loans for which the customer initially applied at an office located in Florida.
- (d) Loans secured by mortgages, deeds of trust, or other liens upon real or tangible personal property located in Florida.
- (e) A portion of a participation loan where the office that enters into the participation is located in Florida.
- (f) Credit card receivables from customers who reside or who are commercially domiciled in Florida.
- (g) Investments in securities that generate business income where the taxpayer's commercial domicile is in Florida, unless such securities have acquired a discrete business situs elsewhere.
- (h) Securities held by a state treasurer or other public official or pledged to secure public funds or trust funds deposited with the taxpayer, if the office where the secured deposits are maintained is in Florida.
- (i) Leases of tangible personal property where the taxpayer's commercial domicile is in Florida, unless the taxpayer establishes that the location of the leased tangible property is in another state or states for the entire taxable year and the taxpayer is taxable in such other state or states.
- (j) Installment sale agreements originally executed by a taxpayer or its agent to sell real or tangible personal property located in Florida.
- (k) Any other intangible personal property located in Florida used to generate business income.

III-A Line 2. Payroll

The payroll factor is a fraction. The numerator of this fraction is the total amount paid to employees in Florida during the taxable year for compensation. The denominator is the total compensation paid to employees everywhere during the taxable year. Enter the numerator in Schedule III-A, Line 2, Column (a). Enter the denominator in Schedule III-A, Line 2, Column (b). For purposes of this factor, compensation is paid within Florida if:

- (a) The employee's service is performed entirely within Florida, or
- (b) The employee's service is performed both within and outside Florida, but the service performed outside Florida is incidental to the employee's service, or
- (c) Some of the employee's service is performed in Florida and either the base of operations or the place from which the service is directed or controlled is in Florida, or the base of operations or place from which the service is controlled is not in any state in which some part of the service is performed and the employee's residence is in Florida.

The taxpayer must attach a statement listing all compensation paid or accrued for the taxable year other than that shown on federal Form 1125-A, federal Form 1125-E (if required to complete for federal tax purposes), or federal Form 1120.

Sponsored Research and Development Contracts through a University

The payroll factor excludes compensation paid to a Florida employee and the property factor excludes any real or tangible personal property located in Florida certified as dedicated exclusively to the activities of sponsored research and development contracts through a state university or a non-public Florida chartered university conducting graduate programs at the professional or doctoral level. This exclusion applies only during the contractual period and the tax savings is limited to the amount paid for the sponsored research.

Attach a copy of the certification letter, received from the Board of Governors of the State University System or the university president, to the return. Also, the taxpayer must include the schedule of items, as certified by the university, excluded from the payroll and property factors.

III-A Line 3. Sales Factor

The sales factor is a fraction. The numerator of this fraction is the total sales of the taxpayer in Florida during the taxable year. The denominator is the total sales of the taxpayer everywhere during the taxable year. Use Schedule III-C to calculate the sales factor. Enter the numerator on Schedule III-A, Line 3, Column (a) and the denominator on Schedule III-A, Line 3, Column (b).

Florida defines the term "sales" as gross receipts without regard to returns or allowances. The term "sales" is not limited to tangible personal property, and includes:

- (a) Rental or royalty income if such income is significant in the taxpayer's business.
- (b) Interest received on deferred payments of sales of real or tangible personal property.
- (c) Income from the sale, licensing, or other use of intangible personal property.
- (d) Sales of services.
- (e) For financial organizations, income from intangible personal property.

Making only sales in another state without property or payroll in that state does not automatically indicate a taxpayer is "doing business" in a state other than Florida. See Rule 12C-1.015, F.A.C., for further information about when a Florida corporation may apportion income.

Sales will be attributable to Florida using the following criteria:

- (a) Sales of tangible personal property will be "Florida sales" if the property is delivered or shipped to a purchaser within Florida.
- (b) Rentals will be "Florida sales" if the real or tangible personal property is in Florida.

- (c) Interest received on deferred payments of sales of real or tangible personal property will be included in "Florida sales" if the sale of the property is in Florida.
- (d) Sales of service organizations are within Florida if the services are performed in Florida.

For a financial organization, "Florida sales" will also include:

- (a) Fees, commissions, or other compensation for financial services rendered within Florida.
- (b) Gross profits from trading in stocks, bonds, or other securities managed within Florida.
- (c) Interest, other than interest from loans secured by mortgages, deeds of trust, or other liens upon real or tangible property located outside Florida.
- (d) Dividends received within Florida.
- (e) Interest for carrying debit balances on margin accounts, charged to customers at their business locations in Florida, without deducting any costs for carrying such accounts.
- (f) Interest, fees, commissions, and other charges or gains from loans secured by mortgages, deeds of trust, or other liens upon real or tangible personal property located in Florida or from installment sale agreements originally executed by a taxpayer or its agent to sell real or tangible personal property located in Florida.
- (g) Any other gross income, including other interest, resulting from the operation as a financial organization within Florida.

III-A Line 4. Apportionment Fraction

For Lines 1, 2, and 3 of Schedule III-A, divide the amount in Column (a) by the amount in Column (b). Round the result to six decimal places. Enter the result in Column (c) of Schedule III-A. In Column (d), use the appropriate weight for each factor. See the note on page 9 for more detailed information. Multiply the amount in Column (c) by the weighted percentage in Column (d). Round the result to six decimal places. Enter the result in Column (e).

To compute the Florida apportionment fraction, add the weighted factors on Schedule III-A, Lines 1, 2, and 3 of Column (e). Enter the total on Schedule III-A, Line 4 and on Schedule IV, Line 2.

III-D. Special Apportionment Fractions

Insurance Companies

Insurance companies apportion adjusted federal income to Florida by multiplying it by a fraction. The numerator is the direct premiums written for insurance upon properties and risks in Florida and the denominator is direct premiums written on properties and risks everywhere. Florida defines the term "direct premiums written" as the total amount of direct premiums written, assessments, and annuity considerations, as reported on the annual statement filed by the company with the Florida Insurance Commissioner.

However, if the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the numerator and denominator of the above fraction include the direct premiums written plus premiums written for reinsurance.

Enter the amounts within Florida in Column (a) and amounts everywhere in Column (b) on Schedule III-D, Line 1. Divide Column (a) by Column (b) and enter the result on Schedule III-D, Line 1, Column (c) and on Schedule IV, Line 2.

Note: Insurance companies using this apportionment fraction should attach a copy of Schedule T from their annual report.

Transportation service companies

Taxpayers furnishing transportation services will use a single factor apportionment fraction to apportion their income to Florida. The term "taxpayers furnishing transportation services" includes taxpayers engaged exclusively in interstate commerce.

Florida apportions the income of transportation companies by multiplying their adjusted federal income by a fraction; the numerator is the revenue miles within Florida and the denominator is the revenue miles everywhere.

For transportation other than by pipeline, a revenue mile is the transportation of one passenger or one net ton of freight the distance of one mile for consideration.

Enter the amount within Florida in Column (a) and the amount everywhere in Column (b) on Schedule III-D, Line 2. Divide Column (a) by (b) and enter the result on Schedule III-D, Line 2, Column (c) and on Schedule IV, Line 2.

Schedule IV – Computation of Florida Portion of Adjusted Federal Income

A taxpayer doing business outside Florida should use Schedule IV to compute the Florida portion of adjusted federal income. Florida does not allow a taxpayer to apportion income using Schedule IV if it is not considered to be doing business outside Florida.

If the credit granted is not fully used in any one year, the unused credit can be carried forward no more than ten (10) years (five [5] years for carry forward amounts from tax years beginning prior to January 1, 2018).

The credit shall be reduced by the difference between the amount of federal corporate income tax taking into account the credit and the amount of federal corporate income tax without application of the credit. In addition, a taxpayer's noncompliance with the requirement to pay tentative taxes may result in the revocation and rescindment of the credit when the allocation of credit is made after a request for an extension of time. Schedule R – Nonbusiness Income

Note: Taxpayers that conduct business entirely within Florida need not complete Schedule R.

Nonbusiness income is not subject to apportionment, but is allocated as provided in s. 220.16, F.S. The term nonbusiness does not include income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations, or any amounts that could be included in apportionable income without violating the due process clause of the U.S. Constitution. In general, all transactions and activities of a taxpayer that are dependent upon, or contribute to the operations of the taxpayer's economic enterprise as a whole, constitute the taxpayer's trade or business. Functionally related dividends are presumed to be business income.

Nonbusiness income means rents and royalties from real or tangible personal property, capital gains, interest, dividends, and patent and copyright royalties, to the extent they do not arise from transactions and activities in the regular course of a taxpayer's trade or business.

This includes the determination of whether a declaration was required and the computation of penalties and interest on underpayments.

Instructions for Preparing Form F-1120X Amended Florida Corporate Income/Franchise Tax Return

F-1120XN
R. 01/19

Rule 12C-1.051, F.A.C.
Effective XX/XX
Page 1 of 2

Corporate income tax is imposed by section (s.) 220.11, Florida Statutes (F.S.). You must use Florida Form F-1120X to correct a tax return that you previously filed on Florida Forms F-1120 or F-1120A. Use Florida Form F-1120X to correct your return as originally filed or as later adjusted by an amended return, a claim for refund, or an examination.

Note: Florida law does not allow net operating loss carrybacks or capital loss carrybacks.

You must attach a copy of any schedule, form, or statement filed with the federal form that is applicable to your Florida Form F-1120X. A claim for refund is subject to audit verification and must be supported by proper documentation so the Department of Revenue can process your claim.

When to file – You may file Florida Form F-1120X only after you have filed the original return. You should file Florida Form F-1120X as soon as there is a change in the taxable income reported on your original return. Generally, you must file a refund claim within three years.

Time Limitations – You have 60 days to file Florida Form F-1120X, after the adjustments to your federal taxable income have been agreed to or finally determined. These adjustments to your income may occur through a federal tax audit or a federal amended return. Per s. 220.23(2)(d), F.S., you must file a refund claim based on a federal audit adjustment within two years after the required Florida Form F-1120X filing date, whether or not you filed the Florida Form F-1120X.

Where to Send Payments and Returns

Make check payable to and send with return to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0135

If you are requesting a **refund** (Line 22), send your return to:

Florida Department of Revenue
PO Box 6440
Tallahassee FL 32314-6440

Specific Instructions

Enter the current name and address of your corporation. If the corporation's name has changed since you filed the original return, write the previous name of the business on the line marked "Formerly known as." If the name has not changed, leave this line blank.

Check the reason you are filing an amended return. If it is the result of an amended federal return, attach a copy. If it is the result of an Internal Revenue Service (IRS) audit adjustment, attach a signed, dated copy of IRS Form 4549A (Income Tax Examination Changes) or other document evidencing the completed audit. Form 4549A is also referred to as a Revenue Agent Report (RAR). Enter the date of the IRS report. Check the box showing the type of return that you are amending.

Record the Federal Employer Identification Number (FEIN) of the corporation. Enter the beginning and ending dates of the tax year for which you are filing an amended return. Enter the date of the last return filed for your corporation.

Part I

Enter all data in Part I of Florida Form F-1120X. You may need attachments to support the entries in Part I. Attach an appropriate updated Florida Form F-1120 schedule if there are changes. Any substitute schedules must contain all the required information and follow the format of the Department's printed schedules. Include the corporate name and FEIN on all attachments. Incomplete or missing information on Florida Form F-1120X may cause processing delays.

The line numbers on Florida Form F-1120X correspond to line numbers of the Florida Form F-1120, with a few exceptions. We outline these exceptions below. In Column A, enter the specified amounts from Florida Forms F-1120 or F-1120A as originally

reported or later adjusted. In Column B, enter the corrected amount.

Line 11 - Compute Corporate Income/Franchise Tax Due.

Enter 5.5 percent of Line 10, with one exception for taxable years beginning prior to January 1, 2018. Taxpayers that paid Florida Alternative Minimum Tax (AMT) and taxpayers subject to the Florida AMT because of federal adjustment should compare "regular" Florida tax, on Page 1 of Florida Form F-1120, to the Florida AMT due on Schedule VI of Florida Form F-1120. The taxpayer is liable for whichever is greater, and should enter this amount on Line 11.

In column A on line 11, include any emergency excise tax as originally reported or as later adjusted prior to your tax year beginning on or after January 1, 2012. Emergency excise tax adjustments are no longer necessary on an amended return because emergency excise tax was repealed and all amounts previously reported and paid have been converted to credits.

Line 13 - Total Corporate Income/Franchise Tax Due.

Subtract Line 12 from Line 11.

Line 16 – Payments. On Line 16a, enter the amount of estimated tax payments including any allowed overpayment credit from the prior year. On Line 16b, enter the amount of any tentative tax payments sent in with Florida Form F-7004. On Line 16c, enter the amount of any tax paid with the return and any tax paid after you filed the original return. If you paid tax as the result of an audit, include proper documentation.

Line 19 – Total Amount Due or Overpayment. Subtract Line 18 from Line 15 and enter the difference of tax due or overpayment. If this line reflects tax due, also enter this amount

in the space provided on the front of the payment coupon. Make any check payable to the Florida Department of Revenue.

Lines 20 through 22 - Overpayment. Indicate how you wish to apportion your overpayment:

- Enter on Line 20, the amount of overpayment from Line 19 that you want credited to estimated tax,
- Enter on Line 21, the amount of overpayment from Line 19 to be offset against underpayments for other years if amended returns are also being filed for other years, and/or
- Enter on Line 22, the amount of overpayment from Line 19 you want refunded. Sub S corporations must include the Notice of Acceptance as an S Corporation from the IRS if it has not been included with previously filed returns.

Part II - Explanation of Changes to Income, Deductions, Credits, etc. (Use the space provided and/or attach additional sheets.) Enter the line reference for which a change is reported. Give the reason for each change. If the change involves an item of income, deduction, or credit that Florida Form F-1120 or its instructions requires you to support with a schedule, statement, or form, attach the correct schedule, statement, or form to this Florida Form F-1120X. Explain any computational changes and attach supporting schedules.

Explain any changes in the apportionment fraction used on the original return. Use Schedules III and IV of Florida Form F-1120 to recompute the apportionment fraction and to determine the

Florida portion of adjusted federal or net income. Attach these schedules to Florida Form F-1120X.

Signature and Verification

An officer of the entity who is authorized to sign for that entity must sign all returns. An **original signature** is required. We will not accept a photocopy, facsimile, or stamped signature. A receiver, trustee, or assignee must sign any return you are required to file on behalf of your organization.

Any person, firm, or corporation who prepares a return for compensation must also sign the return and provide:

- Federal employer identification number (FEIN), and
- Preparer tax identification number (PTIN).

Remember

- ✓ **Make your check payable to the Florida Department of Revenue in US dollars.**
- ✓ **Write your FEIN on your check.**
- ✓ **Sign your check and all returns.**
- ✓ **Attach your signed, dated copy of IRS Form 4549A and/or other required documents.**

Instructions for Florida Form F-2220

Installment Dates – Generally, for tax years ending 6/30, the declaration or payment of estimated tax is due on or before the last day of the 4th month, the last day of the 6th month, the last day of the 9th month, and the last day of the tax year. For tax years not ending on 6/30, the declaration or payment of estimated tax is due on or before the last day of the 5th month, the last day of the 6th month, the last day of the 9th month, and the last day of the tax year. Installment due dates that fall on a Saturday, Sunday, or legal holiday extend to the next business day, with the exception of installments due on the last day of June, which must be paid on or before the last Friday of June.

Estimated Tax – Every domestic or foreign corporation or other entity subject to taxation under Chapter 220, F.S., must report estimated tax for the taxable year if the amount of income tax liability for the year is expected to be more than \$2,500.

Purpose of Form – This form will enable taxpayers to determine if they paid the correct amount of each installment of estimated tax by the proper due date. If the minimum amount was not paid timely, we may impose penalty and interest.

Computation of Underpayments – Make entries on Lines 1 through 6 following the instructions for each line item. Enter on Line 4(c) the previous installment's overpayment (Line 6) but only if the overpayment exceeds all prior underpayments. If Line 6 shows an underpayment of any installment, complete Lines 7 and 8 and Lines 9 through 14, to the extent applicable. If the requirements for filing the declaration of estimated tax were met during the tax year and fewer than four installment payments were required, attach an explanatory statement including computations.

Exception to Avoid Penalty and Interest – You will not owe penalty or interest for an underpaid installment on Line 6 if the total amount of all payments made by the installment date equals or exceeds the amount that would have been required to be paid using the preceding year's tax (see s. 220.34, F.S.). Calculate the exception using Lines 7 and 8. The prior year exception calculation includes donations to nonprofit scholarship-funding organizations made for the current year under the Florida Tax Credit Scholarship Program. The certificate of contribution must be issued on or after the beginning of the tax year and on or before the due date of the return, or extended due date with a valid extension of time.

A taxpayer's noncompliance with the requirement to pay tentative taxes may result in the revocation and rescindment of the credit when the allocation of credit is made after a request for an extension of time. See s. 220.1875, F.S. In addition, the credit is required to be reduced by the difference between the amount of federal corporate income tax taking into account the credit and the amount of federal corporate income tax without application of the credit.

A taxpayer may not use the prior year exception if the previous tax year was for a short tax year (not a full 12 months), except where the short period is due to a change in accounting period. You may not use the prior period exception in your first year of operation.

Note: The Florida Income Tax Code does not allow annualizing taxable income to determine the requirement for making an individual installment.

Computation of Penalty and Interest – Follow the instructions on the form to complete Lines 9 through 14. For purposes of determining the date of payment on Line 10, a payment of estimated tax on any installment date is considered a payment of any previous underpayment only to the extent the payment exceeds that amount of the installment as computed on Line 3. If you made more than one payment for a given installment, attach a separate computation for each payment.

Line 13 – Interest on Underpayments – The interest rate on each underpayment will vary depending on the date of the payment and the interest rate or rates in effect for the period. It may be necessary to attach a separate schedule showing the computation of interest on each underpayment. A floating rate of interest applies to underpayments and late payments of estimated tax. The rate is updated January 1 and July 1 of each year by using the formula established in s. 220.807, F.S. To obtain interest rates:

- Visit the Department's website at **floridarevenue.com/taxes/rates**
or
- Call Taxpayer Services at 850-488-6800, Monday through Friday (excluding holidays).
