Seminole County Local Government Infrastructure Surtax Rate Continues at 1%

On November 5, 2024, voters in Seminole County approved a ballot referendum extending the expiration date of Seminole County's 1% Local Government Infrastructure Surtax from December 31, 2024, to December 31, 2034. **The total state and local sales and use tax rate for Seminole County will continue to be 7%.**

The total rate for Seminole County is composed of the 6% state sales and use tax rate and the 1% Local Government Infrastructure Surtax rate. State sales tax and local surtax collected must be reported and remitted to the Florida Department of Revenue (Department).

To calculate the total tax amount due, multiply the total amount of the sale or the taxable amount of each item by the total tax rate (state rate + surtax rate). The tax computation must be carried to the third decimal place and rounded up to the next whole cent when the third decimal place is greater than 4. The total tax due must be shown on each invoice.
