

## Courses on Ethics

Many courses approved for continuing education for Certified Florida Appraisers and Certified Florida Collectors also appear to meet the content criteria of section 112.3142, Florida Statutes, which provides that Florida’s constitutional officers, including property appraisers and tax collectors, are required to complete 4 hours of ethics training each calendar year. For questions regarding ethics, please visit the [Florida Commission on Ethics](#).

These courses are not an exhaustive list of all ethics resources that might be approved for continuing education course credits. For courses not on the list, please see [Chapter 12D-19.004, Florida Administrative Code](#).
