**Gross Receipts Tax for Utility Services
(Electric or Gas Receipts)
Filing Status Changed to Semiannual
Beginning January 1, 2004**

Your gross receipts tax account has been changed to a semiannual reporting status effective January 1, 2004. This change is required because you paid \$500 or less in gross receipts tax during the past four calendar quarters. You will receive a personalized semiannual gross receipts tax return (Form DR-133) in June and December, 2004. If you do not receive a semiannual tax return by late June, please call the telephone number listed below.

Your first semiannual tax return is due on July 31, 2004. Semiannual tax returns are due by the last day of the month following the collection period, remitting tax due for the preceding collection period. The collection periods and tax return due dates are:

<u>Collection Period</u>	<u>Tax Return Due</u>
January - June 2004	July 31, 2004*
July - December 2004	January 31, 2005

*If the last day of the month falls on Saturday, Sunday or a federal or state legal holiday, tax returns are considered timely filed if postmarked or delivered to the Department of Revenue on the next succeeding day which is not a Saturday, Sunday, or a legal holiday.

Note: This change applies only to your filing frequency with the Department of Revenue for gross receipts tax for utility services (electric or gas receipts). This change does not affect any other tax filings you may have with the Department or taxes administered by a local government.
